The symbolism of Revelation has puzzled readers for centuries Every generation falls prey to extreme views of interpretation Even worse they minimize the importance of John s Apocalypse by not teaching or preaching from it Yet Revelation is a profound work of New Testament theology and warrants a close study John expects and prepares believers to follow the Lamb through suffering and possible martyrdom The problem is centered on what the symbols mean Are they literal Are they symbolic Do the images refer to events and people in the first century or to the last days of planet earth Moreover how is the book structured Is it one vision four visions or more Are the visions linear or recapped *Lions Locusts and the Lamb*

*Interpreting Key Images in the Book of Revelation* demonstrates a way to unlock John s structure and unravel his symbols The key is to follow a logical step by step interpretive approach that accents the historical cultural intertextual extratextual and particularly intratextual allusions and connections The result is a book that delivers the basic meaning of three hundred images and categorizes them into an accessible guide for teachers preachers and readers of Revelation     **Seeking the**

**The Ministry of the Word, Vol. 02, No. 01** Various Authors, 2023-03-03 The three previous issues of The Ministry contained a series of messages entitled Vision in God's Economy comprising Brother Lee's fellowship with the elders and co-workers in Taipei in March 1986. Following this enlightening and crucial word concerning the vision that matches the age, Brother Lee began to speak concerning the present practice in the Lord's recovery. His speaking, which we include in this issue, was a continuation of his desperate fight begun in October 1984 to overturn the old traditions among the churches and bring in a new way, the God-ordained way to meet and to serve. In this message, our brother emphasizes the practice of the new way to preach the gospel, build up the small groups and teach the truth while not forsaking the larger church meetings on the Lord's Day morning. Six other messages in this issue are taken from the Thanksgiving Conference in November 1997. The general subject of this conference was The Sevenfold Intensified Heavenly Ministry of Christ. Christ's work in the stage of His intensification is to intensify His organic salvation to produce the overcomers to build up the Body of Christ and to consummate the New Jerusalem. We must advance from a work in the stages of incarnation and inclusion to the work in the stage of intensification. The Lord's speaking in this conference through His ministry was instant and intensified, showing us the way to become lovers of Christ, martyrs for Christ and eaters of Christ for the ultimate consummation of God's eternal economy, the New Jerusalem. The Lord is advancing in His move to propagate Himself in Eastern and Western Europe. In this issue, we include a report on the Lord's move there, providing some details of the work to distribute our publications, the Full Time Training in London, an international meeting of brothers and upcoming international blending conferences in five European countries.

**The Issue of Christ Being Glorified by the Father with the Divine Glory** Witness Lee, 1996

**The Ministry of the Word, Vol. 16, No. 11** Various Authors, 2012-11-01 This issue of The Ministry of the Word contains the first eight messages given during the spring 1998 term of the full time training in Anaheim, California. The first two messages serve as an introduction to the general subject of this series, which is The Overcomers. Message 1 speaks of our need to see a vision of Zion. According to Revelation 14:1, the overcomers, the firstfruits, stand on Mount Zion. In typology, the city of Jerusalem signifies the church, but Mount Zion in the city of Jerusalem signifies the overcomers who are the strength, the uplifting and the supply of the church. The highest peak in God's economy is Zion, the reality of the Body of Christ, and we need to endeavor in the church life to reach this high peak. The Lord's recovery today is to build up Zion, the reality of the Body of Christ, by gaining the overcomers who are the vital ones in all the churches. Message 2 shows that the work of the overcomers is to allow their self to remain in the place of death so that they can be channels of life to dispense life into others to meet God's need. The Lord's selection is not according to our concept; God has a way to gather a sufficient number of self-denying, idol-crushing followers to be one with Him as a blended barley loaf in resurrection to roll over the tents of His enemy. These overcomers are particularly selected to fight in one accord to defeat the enemy with the result that the whole Body is revived. The remaining messages in this issue begin a detailed consideration of the epistles in Revelation 2 and 3 to the seven

churches These epistles issue a call for overcomers to respond to the speaking Spirit to overcome particular items of degradation in the churches Messages 3 through 8 speak of the Lord s call for the overcomers in Ephesus Smyrna and Pergamos The Reports and Announcements section at the end of this issue contains a report regarding the Lord s move in Brazil and the full time training in Caacupe Paraguay and a list of upcoming conferences and trainings sponsored by Living Stream Ministry

Johnson,2010-12 Book Summary If you were God writing a book you wanted men to understand would you write it in such a way that men would have to make up meaning in order to understand it or would you write it in such a way that those that seek to understand could actually come to a knowledge of its truth Mt 7 7 The present commentary takes the position that God wrote Revelation in such a way that with sufficient effort and intellectual honesty readers can understand it Certainly there are symbols in Revelation but when God does use symbols He provides inspired interpretations of the symbols This commentary seeks to avoid the mistakes of the views that use the symbolical approach to Revelation preterist continuous historical spiritualist and idealist These approaches suffer from two basic flaws assuming the text is symbolical when it is not and making up meaning regarding the text based on stream of consciousness word association much as one would do looking at Rorschach inkblots This commentary seeks to avoid telling God what He should have said and strives to understand what God actually meant Of all the approaches to understanding Revelation this commentary is most closely aligned with the dispensationalist premillennialist view in that it views Revelation from a literalist futurist perspective It is different from the typical dispensationalist schema in that it views the seven seals as the powers of the Lamb understands the exercise of the powers of the seven seals to be simultaneous processes and casts chapters 8 22 as three parallel prophecies of the Lamb s power over the course of the histories of Israel the nations and the saints This commentary also makes use of many of the non canonical works that provide insight into the spirit world and detail regarding the end of the present age **Economy of God, The** Witness Lee,1995
