Hierakonpolis Part :

Hierakonpolis. Part II ... Frederick William Edrige-Green,1902 **Hierakonpolis. Part I. Plates of Discoveries in 1898 by J. E. Quibell,... with Notes by W. M. F. P. ,1900** **The Archaeology of Urbanism in Ancient Egypt** Nadine Moeller,2016-04-18 In this book Nadine Moeller challenges prevailing views on Egypt's non urban past and argues for Egypt as an early urban society She traces the emergence of urban features during the Predynastic period up to the disintegration of the powerful Middle Kingdom state c 3500 1650 BC This book offers a synthesis of the archaeological data that sheds light on the different facets of urbanism in ancient Egypt Drawing on evidence from recent excavations as well as a vast body of archaeological data this book explores the changing settlement patterns by contrasting periods of strong political control against those of decentralization It also discusses households and the layout of domestic architecture which are key elements for understanding how society functioned and evolved over time Moeller reveals what settlement patterns can tell us about the formation of complex society and the role of the state in urban development in ancient Egypt **Ancient Egyptian Prisoner Statues** Tara Prakash,2022-10-01 During the Old Kingdom the ancient Egyptians constructed elaborately decorated mortuary monuments for their pharaohs By the late Old Kingdom ca 2435 2153 BCE these pyramid complexes began to contain a new and unique type of statue the so called prisoner statues Despite being known to Egyptologists for decades these statues of kneeling bound foreign captives have been only partially documented and questions surrounding their use treatment and exact meaning have remained unanswered **Ancient Egyptian Prisoner Statues** the first comprehensive analysis of the prisoner statues addresses this gap demonstrating that the Egyptians conceived of and used the prisoner statues differently over time as a response to contemporary social cultural and historical changes In the process the author contributes new data and interpretations on topics as diverse as the purpose and function of the pyramid complex the ways in which the Egyptians understood and depicted ethnicity and the agency of artists in ancient Egypt Ultimately this volume provides a fuller understanding of not only the prisoner statues but also the Egyptian late Old Kingdom as a whole

Violence and Power in Ancient Egypt Laurel Bestock,2017-10-25 **Violence and Power in Ancient Egypt** examines the use of Egyptian pictures of violence prior to the New Kingdom Starting with the assertion that making and displaying such images served as a tactic of power related to but separate from the actual practice of violence the book explores the development and deployment of this imagery across different contexts By comparatively utilizing violent images from a variety of other times and cultures the book asks that we consider not only how Egyptian imagery was related to Egyptian violence but also why people create pictures of violence and place them where they do and how such images communicate what to whom By cataloging and querying Egyptian imagery of violence from different periods and different contexts royal tombs divine temples the landscape portable objects and private tombs **Violence and Power** highlights the nuances of the relationship between aspects of royal ideology art and its audiences in the first half of pharaonic Egyptian history

Kingship, Power, and Legitimacy in Ancient Egypt Lisa K.

Sabbahy, 2020-12-10 In this book Lisa Sabbahy presents a history of ancient Egyptian kingship in the Old Kingdom and its re

formation in the early Middle Kingdom Beginning with an account of Egypt's history before the Old Kingdom she examines

the basis of kingship and its legitimacy The heart of her study is an exploration of the king's constant emphasis on his

relationship to his divine parents the sun god Ra and his mother the goddess Hathor who were two of the most important

deities backing the rule of a divine king Sabbahy focuses on the cardinal importance of this relationship which is reflected in

the king's monuments particularly his pyramid complexes several of which are analysed in detail Sabbahy also offers new

insights into the role of queens in the early history of Egypt notably sibling royal marriages harem conspiracies and the

possible connotations of royal female titles

The Iconography of Humiliation in New Kingdom Egypt Mark D.

Janzen, 2024-11-26 This volume analyzes the iconography of bound foreigners on New Kingdom monuments and artifacts to

better understand Egyptian perspectives on foreigners and their treatment of prisoners of war Depictions of foreign captives

in humiliating or torturous poses are ubiquitous in Egyptian iconography and reflect the celebratory nature of royal ideology

in this case by degrading enemies Egyptologists have scrutinized these scenes for details regarding various military matters

but existing scholarly literature offers few studies focused on enemy captives and the sheer physical brutality of the

depictions of their bindings Janzen examines the bound foreigner motif in New Kingdom sources demonstrating that these

prisoners of war played vital roles in Egyptian ideology and religion Their depictions in bizarre or torturous poses served to

reinforce ideological underpinnings of pharaoh's right to rule perpetually ritualizing their defeat and or punishment through

the presence of this iconography on ceremonial objects used primarily by the king and on temple walls and monuments The

subjugation of foreigners also constituted an important economic function as incorporating prisoners of war into the Egyptian

workforce was crucial for economic prosperity and growth in New Kingdom Egypt The volume also explores cross cultural

and anthropological parallels placing Egyptian treatment of foreign prisoners in its ancient context The book provides a

fascinating study of the subject suitable for scholars and students of Egyptology and ancient history particularly that of New

Kingdom Egypt as well as those working on power warfare and violence in the ancient world more broadly

Artifacts

from Ancient Egypt Barbara Mendoza, 2017-10-05 Primary source documents and detailed entries reveal what ancient Egypt was like using the objects and artifacts of daily life from the period covering the Predynastic era through the Greco-Roman period 5000 BCE to 300 CE Historians have found that valuable knowledge about long ago civilizations can be derived from examining the simple routines of daily life This fascinating study presents a collection of everyday objects and artifacts from ancient Egypt shedding light on the social life and culture of ancient Egyptians The work starts with a popular notion of ancient Egyptian beauty and gradually moves on to address various aspects of life including home work communication and transition and afterlife Organized by topics the work contains the following sections beauty adornment and clothing household items furniture and games food and drink tools and weapons literacy and writing death and funerary equipment and religion ritual and magic Each object holds equal importance and dates from the Predynastic era to the Greco-Roman period of ancient Egypt 5000 BCE to 300 CE A special section provides guidance on evaluating objects and artifacts by asking questions Who created it Who used it What did it do what was its purpose When and where was it made Why was it made to help assess the historical context of the object
