Hoover's FBI and the Fourth Estate Matthew Cecil,2014-02-25 The Federal Bureau of Investigation was an agency devoted to American ideals professionalism and scientific methods directed by a sage and selfless leader and anyone who said otherwise was a no good subversive bent on discrediting the American way of life That was the official story and how J Edgar Hoover made it stick running roughshod over those same American ideals is the story this book tells in full for the first time From Hoover s first tentative media contacts in the 1930s to the Bureau s eponymous television series in the 1960s and 1970s FBI officials labored mightily to control the Bureau s image efforts that put them not so squarely at the forefront of the emerging field of public relations In the face of any journalistic challenges to the FBI s legitimacy and operations Hoover was able to create a benign even heroic counter narrative thanks in part to his friends in newsrooms Matthew Cecil s own prodigious investigation through hundreds of thousands of pages from FBI files reveals the lengths to which Hoover and his lackeys went to use the press to hoodwink the American people Even more sobering is how much help he got from so many in the press Conservative journalists like broadcaster Fulton Lewis Jr and columnist George Sokolsky positioned themselves as objective defenders of Hoover s FBI and were rewarded with access friendship and other favors Some of Hoover s friends even became adjunct FBI agents designated as Special Service Contacts who discreetly gathered information for the Bureau Enemies on the other hand were closely monitored and subjected to operations that disrupted their work or even undermined and ended their careers Noted journalists like I F Stone George Seldes James A Wechsler and many others found themselves the subjects of FBI investigations and occasionally named on the Bureau s custodial detention index targeted for arrest in the case of a national emergency With experience as a political reporter a press secretary and a scholar and professor of journalism and public relations Matthew Cecil is uniquely qualified to conduct us through the maze of political intrigue and influence peddling that mark and often mask the history of the FBI His work serves as a cautionary tale about how manipulative government agents and compliant journalists can undermine the very institutions and ideals they are tasked with protecting The Complete Book of Colleges, 2012 Edition Princeton Review (Firm),2011-08-15 Presents a comprehensive guide to 1 571 colleges and universities and includes information on academic programs admissions requirements tuition costs housing financial aid campus life organizations athletic programs and student services **Met Her on the Mountain** Mark I. Pinsky,2022-04-05 In June of 1970 the body of 24 year old Nancy Morgan was found inside a government owned car in Madison County North Carolina It had been four days since anyone had heard from the bubbly hard working brunette who had moved to the Appalachian community less than a year prior as an organizer for Volunteers in

Service to America At the time of her death her tenure in the Tar Heel State was just weeks from ending her intentions set on New York and nursing school and a new life that she would never see The initial investigation was thwarted by inept police work jurisdictional confusion and the influence of local corruption Fourteen years would pass before an arrest in the case would be made but even then a pall would be cast over the veracity of the evidence Met Her on the Mountain is the culmination of former Los Angeles Times staff writer Mark Pinsky s efforts to solve the 40 year old mystery once and for all An exhaustive piece of investigative journalism Pinsky s work now with a new postscript dissects this modern Southern Gothic tale and takes readers on a journey to convince them that the truth of Morgan s murder is within reach
