High Holiday Liturgy:

High Holiday Liturgy Louis Barish, 1959 **The Faith of the Mithnagdim** Allan Nadler, 1999-07-20 The Faith of the Mithnagdim is the first study of the theological roots of the Mithnagdic objection to Hasidism Allan Nadler's pioneering effort fills the void in scholarship on Mithnagdic thought and corrects the impression that there were no compelling theological alternatives to Hasidism during the period of its rapid spread across Eastern Europe at the turn of the nineteenth century In Nadler's account Mithnagdism emerges as a highly developed religious outlook that is essentially conservative deeply dualistic and profoundly pessimistic about humanity's spiritual potential all in stark contrast to Hasidism's optimism and aggressive encouragement of mysticism and religious rapture among its followers *Jews and Christians in the First and Second Centuries: The Interbellum 70–132 CE* Joshua J. Schwartz, Peter J Tomson, 2017-10-02 This volume discusses crucial aspects of the period between the two revolts against Rome in Judaea that saw the rise of rabbinic Judaism and of the separation between Judaism and Christianity Most contributors no longer support the maximalist claim that around 100 CE a powerful rabbinic regime was already in place Rather the evidence points to the appearance of the rabbinic movement as a group with a regional power base and with limited influence The period is best seen as one of transition from the multiform Judaism revolving around the Second Temple in Jerusalem to a Judaism that was organized around synagogue Tora and sages and that parted ways with Christianity **Jewish Liturgical Reasoning** Steven Kepnes, 2007-11-01 Liturgy a complex interweaving of word text song and behavior is a central fixture of religious life in the Jewish tradition It is unique in that it is performed and not merely thought Because liturgy is performed by a specific group at a specific time and place it is mutable Thus liturgical reasoning is always new and understandings of liturgical practices are always evolving Liturgy is neither preexisting nor static it is discovered and revealed in every liturgical performance Jewish Liturgical Reasoning is an attempt to articulate the internal patterns of philosophical ethical and theological reasoning that are at work in synagogue liturgies This book discusses the relationship between internal Jewish liturgical reasoning and the variety of external philosophical and theological forms of reasoning that have been developed in modern and post liberal Jewish philosophy Steven Kepnes argues that liturgical reasoning can reorient Jewish philosophy and provide it with new tools new terms of discourse and analysis and a new sensibility for the twenty first century The formal philosophical study of Jewish liturgy began with Moses Mendelssohn and the modern Jewish philosophers Thus the book focuses in its first chapters on the liturgical reasoning of Moses Mendelssohn Hermann Cohen and Franz Rosenzweig However it attempts to augment and further develop the liturgical reasoning of these figures with methods of study from Hermeneutics Semiotic theory post liberal theology anthropology and performance theory These newer theories are enlisted to help form a contemporary liturgical reasoning that can respond to such events as the Holocaust the establishment of the State of Israel and interfaith dialogue between Jews Christians and Muslims Rosh Ha-Shanah & Yom Kippur Joel Lurie Grishaver, 1987 Explores the history significance

and customs of Rosh ha Shanah and Yom Kippur and how the holidays are celebrated in the synagogue Includes prayers from the Mahzor and discussion questions Keeping God at the Center David R.
