High Impact African American Churches:

High Impact African-American Churches George Barna, Harry R. Jr. Jackson, 2005-09-26 Throughout our nation hundreds of vibrant African American churches are leading people to deep life changing spiritual transformations With visionary leadership powerful worship challenging faith formation strategies and a strong sense of community and mission these churches form the backbone of American spirituality What generates this vitality And how can you bring that same passion energy and impact to your church In *High Impact African American Churches* researcher George Barna and Bishop Harry Jackson Jr combine their research knowledge and experience to describe what these churches do that is changing lives

Yet With A Steady Beat Lee June, PhD, 2008-02-01 A faith in the God of the Bible and an association with the institutional church have had a positive influence on the African American community and were key in the survival of the slave experience in America says psychologist and professor Dr Lee June This book traces the history of Christianity among African Americans and the development of the Black Church those denominations created by created for and stewarded by African Americans He examines the role the church has played politically and psychologically as well as spiritually in the lives of African Americans This comprehensive psychological and spiritual look at an historic institution will be a valuable tool for both pastors and seminary professors

The Black Contract with America on Moral Values Harry R. Jackson, 2005 **Why Black Lives Matter** Anthony B. Bradley, 2020-10-21 Beginning with a conversation prompted by African American scholars like Dr Alvin Poussaint of Harvard Medical School in 2007 to the current Black Lives Matter movement there has been much debate about what led to the deaths of Trayvon Martin and Michael Brown among others as well as other systemic challenges that undermine black thriving Anthony Bradley has assembled a team of scholars and religious leaders to provide a distinctly Christian perspective on what is needed for black communities to thrive from within In addition to the social and structural issues that must be addressed within black communities there are opportunities for social change based on God s vision for human flourishing Covering topics like the black family hip hop mental health mentoring women masculinity and the church this book will open your eyes to fresh ways to participate in solutions that will truly set black America free Although the Black Lives Matter movement keeps the church on the margins the authors in this volume believe that enduring change cannot happen unless God speaks directly to these issues in light of the gospel This is a revised edition of an earlier book *Keeping Your Head Up* With contributions from Vincent Bacote Bruce Fields Rev Howard Brown Ralph C Watkins Rev Eric M Mason Rev Lance Lewis Rev Anthony Carter Ken Jones Natalie Haslem Rev Ken Jones Rihana Mason Yvonne RB Banks

Experiencing the Truth Anthony J. Carter, 2008-06-09 Experiencing the Truth communicates the need of a vibrant experiential Reformed Christianity among African Americans and all believers How does a believer choose a church to attend Sadly too many Christians search for churches that serve them and meet their perceived needs Instead they should prefer places where God is exalted and biblical truth and Christian doctrine are proclaimed Such churches are essential if

Christians are to understand what God is doing and what he calls His people to be Experiencing the Truth presents these truths not simply to African American churches but also to the whole church today Anthony Carter Michael Leach and Ken Jones clearly present the need for a vibrant experiential Reformed Christianity among African Americans These authors lay out the biblical basis for choosing and attending a church and they demonstrate how the historic Reformed expression has been the most biblically accurate and experientially consistent expression of Christianity **Boiling Point** George Barna, Mark Hatch, 2003-11-26 Two decades ago a groundbreaking book called *The Frog in the Kettle* changed what we believe about the evangelical Church and its influence in America Subsequent books by George Barna have become must reading for church leaders and concerned Christians everywhere Now Barna takes a fresh look at the Church where we stand and where we are headed at the dawn of the new millennium With revealing statistics from cutting edge research that illustrate the changing beliefs and attitudes in our society today this book clearly shows the Church is at a crucial juncture in history a time of rapid change in which we must begin to anticipate the world's needs in order to meet them *The Truth In Black & White* Harry R. Jr. Jackson, 2012-10-30 As we are bombarded almost daily with the latest news on the presidential candidates or the newest political scandal we lose focus on the important far reaching platforms that we as Christians should be whole heartedly a part of Pastor Jackson believes that churches hold the answer to this loss of focus and addresses it at length in *The Truth in Black and White* Breaking down the walls of partisanship and stereotypes to uncover the poisonous roots Jackson stands up for Christian justice and Godly righteousness coming from the church and into the public square Above that he issues a call back to truth as the impetus for arresting the downward spiral of culture including politics and correcting the course for the benefit of all Americans *The Church Made Flesh* Alan Todd, 2014-12-19 In his book *The Church Made Flesh* Alan takes the spiritual pulse of the Pentecostal Apostolic Church and lays bare its true condition Tapping into a rich spiritual repertoire of experiences both anecdotal and other erudite sources this book is a tour de force that revisits bedrock issues such as the cost of discipleship church planting and church order among others Employing a fruitful dialectic of tension these issues are explored in the intersection between the nascent Apostolic Church of the first century AD and its contemporary incarnation The denouement is an incisive accessible candid and profound exposition that is a must in every discerning minister and laypersons library Paul Thomas PhD Education Kings College London Lecturer University of Oslo Norway Institute for Pedagogy Comparative and International Education Give yourself this book and then help God solve the next vexing problem in the North American Apostolic church Sorry this book is not designed to grace the shelf of your library You should really read it on your knees Embark on your journey with tears in your eyes Bishop Paul Reynolds International Honorary General Presbyter United Pentecostal Church International *The Church Made Flesh* challenges today's commonly adopted church system of attraction by comparing it the 1st century's church model which exercised Apostolic authority by going out to the world Without apology Alan combats the readers thinking on how well

today's church is executing the Great Commission and touching the lives of people of all nations For those that are ready to effect change in this world the biblical way this is a book that you must not only have but study and wrestle with Michael Whitton Minister of Operations Global Apostolic Ministries Toronto Canada **Transforming Children into Spiritual Champions** George Barna, 2013-02-18 No one can deny our culture is opposed to Christian values and the influences bombarding our children's moral development are difficult to contend with But few parents and church leaders realize that a child's moral development is set by the age of nine It is therefore critical to start developing a child's biblical worldview from the very earliest years of life The problem is complex parents who themselves did not receive early spiritual training leave their children's training to the church Yet the church often focuses on older children The answer is for churches to come alongside parents to provide them biblical worldview training parenting information and counseling that will equip them to help their children become the spiritually mature church of tomorrow This helpful and hopeful book unpacks just how to develop this kind of dynamic church parent relationship and includes profiles of churches that are effectively ministering to children and winning the war for their hearts and minds God and Government in the Ghetto Michael Leo Owens, 2008-11-15 In recent years as government agencies have encouraged faith-based organizations to help ensure social welfare many black churches have received grants to provide services to their neighborhoods' poorest residents This collaboration activist churches explain is a way of enacting their faith and helping their neighborhoods But as Michael Leo Owens demonstrates in God and Government in the Ghetto this alliance also serves as a means for black clergy to reaffirm their political leadership and reposition moral authority in black civil society Drawing on both survey data and fieldwork in New York City Owens reveals that African American churches can use these newly forged connections with public agencies to influence policy and government responsiveness in a way that reaches beyond traditional electoral or protest politics The churches and neighborhoods Owens argues can see a real benefit from that influence but it may come at the expense of less involvement at the grassroots Anyone with a stake in the changing strategies employed by churches as they fight for social justice will find God and Government in the Ghetto compelling reading **From Strength to Strength** Robert London Smith, 2007 Drawing on his experience as a member of the clergy and the questions and concerns that arose in the course of ministering to congregants Robert London Smith Jr explores exactly what function the black church performs and importantly why In this provocative work he argues that much black church praxis is less authentic relevant and constructive today because it continues to be implicated by certain values and meanings that are themselves rooted in a historical black thematic universe that is fading and being replaced by a new set of values and meanings located within a contemporary black thematic universe Using a practical theology method Smith develops a theological framework context praxis to create an approach to understanding and creating an informed praxis for the black church He then sets forth a bold project that calls for the critical engagement of black church praxis and what he calls the black thematic universe in its historical and

contemporary manifestations The goal is to transform this praxis so that it remains authentic to the Gospel and the religious traditions and history of those who come to interpret and live out its message in the world while being relevant to the issues and challenges of the present historical context in which the black church lives out its meaning and purpose and constructive for the building up and equipping of the Body of Christ Smith's creation of a black existential and theological hermeneutic is an approach that moves toward the realization of this ambitious goal This book challenges many traditional views of black church praxis including pastoral care worship and fellowship and creates a space for a renewed and much needed dialogue about the acts of the black church within contemporary America As such it is an important text for students of practical theology and African American religion as well as those interested in developing a critical understanding of the implications of the intersection of faith and culture

Personal Faith, Public Policy Harry R, Jr. Jackson, 2012-10-30 Harry Jackson and Tony Perkins believe that America stands at a crossroads As a nation we must choose God's blessings or His destruction of our society The Religious Right as it has been termed often looks to the world as its enemy and many Christians have seen themselves as combatants in war against anti God forces In Personal Faith Public Policy Jackson and Perkins take a radical new position stating that the Christian church must lead morally and impact the culture with personal spiritual power and unified Christian public policy demonstrating how a unified church can tackle each one of the seven major problems of our culture Achieving victories in each of the seven areas presented will result in vanquishing the big problem facing our country moral decay Show Less

You Were Born for More Harry R. Jr. Jackson, 2013-07-15 Award winning Author Reveals 6 Powerful Steps to Transforming Your World Whenever good news is slow in coming when circumstances don't seem to change and when the heavens are as brass we long for answers In these pages Bishop Harry R Jackson Jr from the forge of his own experience offers a six step pathway for restoration and transformation that has been proven time and again based on unfailing principles set down in God's Word He also reveals how to open the floodgates of divine grace draw closer to Christ grow in trust love endurance faithfulness and purity experience the favor of God Life will always throw obstacles in the way Believers can draw on the transforming power of God's mercy and grace to rise above their circumstances discover their destiny and achieve lasting change

A Manifesto Harry R. Jackson, 2020-08-18 More than in any time in our nation's history there's a greater opportunity now for minority populations to let their voices be heard influence society and reshape the role of government in their lives This is not the time for violence nor is it the time to demand more handouts from governments that have failed to give minorities what they truly need and deserve a better life so they can achieve their own destiny A Manifesto Christian America's Contract with Minorities by Bishop Harry R Jackson Jr sets the stage for a biblical agenda or manifesto to bring about social change in our nation Christians of every denomination and ethnic stripe are welcome to join this coalition to contribute to our national vision and strategic direction Rather than continuing to let government view minorities as precocious children too young to drive A Manifesto offers an outline to strengthen people to

work together to be empowered in key areas from education and public policy reform to wealth creation and entrepreneurship Christians everywhere are urged to join in and build a brighter tomorrow for all of us **On Earth As It Is in Heaven** C. Peter Wagner,2012-10-05 There has been an intense and growing debate in recent years regarding dominionism and what it means for Christians involvement in business politics education entertainment and other realms of societal influence Now Dr Peter Wagner brings Spirit inspired clarity to the conversation with this essential guide for believers who want to impact our world for God s kingdom This invaluable study examines powerful strategies God has revealed to His people in recent days and answers persistent questions with clear biblical wisdom Is wealth a legitimate tool of the church How do today s workplace apostles lead in spiritual battle Does God allow His people to make some decisions about the future How is dominion theology operational in our world today This groundbreaking study lays a biblical theological and inspirational foundation for the mandate God has given His people *Dominion!* C. Peter

Wagner,2022-06-21 We were made to change the world Dr C Peter Wagner explains the urgent mandate for believers to get involved in every sphere of society in order to bring about Kingdom transformation Nurturing Children's Spirituality Holly Allen,2008-03-01 Children s spiritual development is currently a hot topic in Christian circles as well as in other fields and disciplines such as educational psychology medicine developmental psychology education and sociology The key question for Christian scholars and educators is How do Christian beliefs and practices uniquely interrelate with children s spirituality In 2003 and again in 2006 a national conference entitled Children s Spirituality Conference Christian Perspectives examined children s spirituality from a distinctly Christian standpoint This book is a collection of the best materials from the 2006 conference The first half of the book addresses definitional historical and theological concerns related to spiritual development in children The second half explores best practices for fostering spiritual growth among our children in our homes families churches Christian schools and among special populations of children from a wide spectrum of Christian scholars and practitioners The volume closes with John Westerhoff s moving keynote address and Catherine Stonehouse and Scottie May s eloquent culminating plenary address Nurturing Children s Spirituality provides a rich cross section of the current research and writing by Christian scholars on children s spirituality Contributors Holly Catterton Allen Michael J Anthony Stacy Berg Chris J Boyatzis MaLesia Breeding Marilyn Brownlee Linda V Callahan Jane Carr Mara Lief Crabtree Karen Crozier James Riley Estep Jr Jeffrey E Feinberg Stephanie Goins Judy Harris Helm Dana Kennamer Hood Sungwon Kim Kevin Lawson Scottie May Marcia McQuitty Heidi Schultz Oschwald Donald Ratcliff Pam Scranton Timothy A Sisemore Catherine Stonehouse La Verne Tolbert T Wyatt Watkins John H Westerhoff III America and Iraq David Ryan,Patrick Kiely,2009-01-13 This edited volume provides an overview on US involvement in Iraq from the 1958 Iraqi coup to the present day offering a deeper context to the current conflict Using a range of innovative methods to interrogate US foreign policy ideology and culture the book provides a broad set of reflections on past present and future implications of US Iraqi relations

and especially the strategic implications for US policy making In doing so it examines several key aspects of relationship such as the 1958 Iraqi Revolution the impact of the 1967 Arab Israeli War the impact of the Nixon Doctrine on the regional balance of power US attempts at rapprochement during the 1980s the 1990 91 Gulf War and finally sanctions and inspections Analysis of the contemporary Iraq crisis sets US plans against the reality they faced in the country and explores both attempts to bring security to Iraq and the implications of failure **MuscleHead Revolution** Kevin McCullough,2006 McCullough calls for nothing less than a revolution to overthrow the power which liberalism holds over the media educational systems and the nation s values *La Fe de Barack Obama* Stephen Mansfield,
