**Creating Strategic Partnerships** Marilyn J. Amey,Pamela L. Eddy,2023-07-03 What are the characteristics and conditions that lead to successful educational partnerships What can we learn from partnerships that fail cannot be sustained over time or cease to benefit their partners This book serves as a guide to the successful implementation of partnerships It provides the context and tools for readers who are responding to the increasing demands of policy makers funders and institutional leaders to use partnerships to address local state and federal issues achieve external mandates meet public or internal agendas or pursue international collaborations This guide provides an evidence based framework for institutional and organizational leaders to develop the vision shared values and norms to achieve the partnership capital that will sustain an enduring relationship It offers a three phase model of the development process of collaboration together with a tool box for those charged with partnering and leading organizational change and includes a template for both creating new partnerships and sustaining existing ones The authors start by differentiating between traditional often ad hoc partnerships and strategic partnerships that align organizational strategy with partnership actions and by identifying the

importance of moving beyond incremental or surface first order change to develop deep second order change through which underlying structures and operations are questioned and new processes emerge due to the partnership They offer analyses and understandings of seven key components for success exploring motivations developing partner relationships communicating and framing purpose creating collaborative structures and resources leading various partnership stages generating partnership capital and implementing strategies for sustaining partnerships Each chapter concludes with a case study to provide more understanding of the ideas presented and for use in training or classes This guide is addressed to policy makers and educational leaders college administrators and their non profit and business partners to enable them to lead and create strategic partnerships and facilitate organizational change

### **Quality in Undergraduate Education**

Monica McLean,Andrea Abbas,Paul Ashwin,2017-12-28 Globally the appetite for higher education is great but what do students and societies gain Quality in Undergraduate Education foregrounds the importance of knowledge acquisition at university Many argue that university education is no longer a public good due to the costs incurred by students who are then motivated by the promise of lucrative employment rather than by studying a discipline for its own sake McLean Abbas and Ashwin however reveal a more complex picture and offer a way of thinking about good quality university education for all Drawing on a study which focused on four sociology related social science UK university departments of different reputation the book shows that students value sociological knowledge because it gives them a framework to think about and act on understanding how individuals and society interact Further the authors discuss how what was learned from the study about how policy curriculum and pedagogy might preserve and strengthen the personal and social gains of social science undergraduate education

*Handbook of Reading Research, Volume II* Rebecca Barr,Michael L. Kamil,Peter B.
