Kindling 5 Michael E. Corcoran, Solomon L. Moshé, 2012-12-06 The last Kindling Conference was organized by Dr Juhn Wada and held at the University of British Columbia Vancouver B C in 1989 In the intervening years research on kindling has proceeded at an explosive pace and significant advances have been made in our understanding of the molecular biological anatomical and physiological substrates of kindling as well as in our appreciation of the age dependent effects and complex behavioral consequences of kindling its sensitivity to drugs and its relevance to the clinical epilepsies In order to

review these developments and to provide researchers with an opportunity to interact face to face and discuss the issues that preoccupy us all we organized the Fifth International Conference on Kindling in Victoria B C in the summer of 1996 Most of the stalwarts in kindling research were invited as were a number of investigators whose research on kindling has become prominent in the past few years We continue to miss the late Graham Goddard the discoverer of kindling and were saddened by the recent death of Eric Lothman a prolific researcher and clinician who would have been a prominent participant We were deeply disturbed to learn of the death of Frank Morrell one of the earliest kindlers and an eminent neurologist who died several months after our conference *The Biggest Little Cat Book in the World* Helen Powers, 1977

When Cats Reign Like Kings Georgie Anne Geyer, 2017-09-29 In her fascinating exploration of feline history Georgie Anne Geyer explores the connections between the royal and sacred felines of ancient civilizations and the beloved domestic cats of today Chasing an irresistible mystery across the globe Geyer conducts exhaustive research into the little known puzzle of how cats came to occupy their unique position in the lives of humans Treated with the tenacity resourcefulness and narrative instinct of a seasoned foreign correspondent the investigation yields unexpected answers and poses tantalizing new questions It was Geyer's curiosity about her own cats that inspired her to study the history of human feline relations and especially the exalted status of cats among the ancients as royal or sacred beings In Egypt Geyer learned of the cat goddess Bastet and of the cat's role in the transmigration of souls In Myanmar she saw Leonardo DiCaprio Ricky Martin and the other incongruously named cats of the Nga Phe Kyaung monastery trained by the monks to jump through hoops She even met a family who dutifully guards the heritage of the Japanese Bobtail cultivating the line in all places rural Virginia Richly illustrated with photographs of Geyer's journeys and historical cat images *When Cats Reign* Like Kings describes forty one recognized modern cat breeds plus other popular cats Every cat lover can thus trace his or her cat to these breeds and their many relatives The result is a remarkable book bound to delight and amaze cat fanciers and adventure seekers
