King Of The Sceptred Isle:

King John. Richard II William Shakespeare,1884 *King John. King Richard II. King Henry IV, pt. I-II* Henry Halford Vaughan,1878 King John. King Richard II. King Henry IV, part 1. King Henry IV, part 2. Henry V William Shakespeare,1878 **The Works of William Shakspeare: Hamlet ; King John ; King Richard II** William Shakespeare,1889 **All's well that ends well. Twelfth night. The Tragedy of King Richard the Second William Shakespeare,1895 **The tragedy of King Richard the second, ed. by E.K. Chambers** William Shakespeare,1891 **The King's English** H.W. Fowler, How Shakespeare Put Politics on the Stage Peter Lake,2016-11-15 A masterful highly engaging analysis of how Shakespeare s plays intersected with the politics and culture of Elizabethan England With an ageing childless monarch lingering divisions due to the Reformation and the threat of foreign enemies Shakespeare s England was fraught with unparalleled anxiety and complicated problems In this monumental work Peter Lake reveals more than any previous critic the extent to which Shakespeare s plays speak to the depth and sophistication of Elizabethan political culture and the Elizabethan imagination Lake reveals the complex ways in which Shakespeare s major plays engaged with the events of his day particularly regarding the uncertain royal succession theological and doctrinal debates and virtue and virt in politics Through his plays Lake demonstrates Shakespeare was boldly in conversation with his audience about a range of contemporary issues This remarkable literary and historical analysis pulls the curtain back on what Shakespeare was really telling his audience and what his plays tell us today about the times in which they were written *William Shakespeare: The Complete Works* William Shakespeare,2005-04-21 A compact edition of the complete works of William Shakespeare It combines impeccable scholarship with beautifully written editorial material and a user friendly layout of the text Also included is a foreword list of contents general introduction essay on language contemporary allusions to Shakespeare glossary consolidated bibliography and index of first lines of Sonnets The Victorian Novel and the Problems of Marine Language Matthew P. M. Kerr,2022-01-27 To write about the sea in the nineteenth and early twentieth centuries was to do so against a vast accretion of past deeds patterns of thought and particularly patterns of expression many of which had begun to feel not just settled but exhausted The Victorian Novel and the Problems of Marine Language takes up this circumstance showing how prose writers in this period grappled with the super conventionalized nature of the sea as a setting as a shaper of plot and character as a structuring motif and as a source of metaphor But while writing about the sea required careful negotiation of multiple and sometimes conflicting associations the sea s multiplicity and freight function not just as impediments to thought or expression but as sources of intellectual and expressive possibilities The Victorian Novel and the Problems of Marine Language treats a provocatively diverse group of key authors spanning from the 1830s to the 1930s and including both those inextricably associated with the sea Frederick

Marryat Joseph Conrad and those whose writings are less obviously marine such as Charlotte Bront Charles Dickens George Eliot William Makepeace Thackeray and Virginia Woolf What these writers share among other things is that they simultaneously register and turn to account the difficulties that attend writing about and writing with the sea In the process their sea writing sheds new light on the value of marginalized representational techniques including repetition clich and imprecision
