Fall from Grace Sandra Worth, The Local Historian ,1984 **A Year in the Life of Medieval England** Toni Mount,2016-05-15 The perfect almanac for lovers of all things medieval *History* ,1987 **The History, Art, and Architecture of Gloucester Cathedral** David Welander,1991 Gloucester Cathedral has a particularly fascinating and important architectural history This comprehensive and fully illustrated study traces its development from the foundation of the first monastic house in the 7th century to the Dissolution and on to the present day **Late Medieval England (1377-1485)** Joel Thomas Rosenthal,1994 This volume is the first part of Rosenthal s cataloging of historical scholarship on Ricardian Lancastrian and Yorkist England and covers categories from political and legal history to social and intellectual history and the arts This volume is a must for any scholar of the period *The Ricardian* ,2007 **Richard III's Bodies from Medieval England to Modernity** Jeffrey R. Wilson,2022-10-02 The story of a medieval king s disability traveling through time from Shakespeare s hands to today **John Tucke** Ronald Woodley,John Tucke,1993 Much valuable research has been accomplished in recent years on the practical manuscript sources both complete and fragmentary of music from later medieval Britain and the institutions in which it flourished It has been much more difficult to draw out the theoretical context in which composers at the time operated and the social and educational relationships through which a musical career could be constructed in this important period for British polyphonic music The chance survival of a manuscript notebook compiled in the first few decades of the sixteenth century by the musician and teacher John Tucke enables one individual case study to be examined in some detail Taking this manuscript as its starting point this book traces Tucke s career in so far as it can be reconstructed from available archival sources and presents the texts of some of the most intriguing material from his notebook attempting to relate its often enigmatic contents to the wider context of early Tudor music and its production

Field he was Earl Marshal Duke of Norfolk Lord Admiral and a very rich man and his direct descendant is Duke of Norfolk today How had Howard attained these elevations Through his service to the House of York and in particular to King Richard III during the setting aside of Edward V John Ashdown Hill examines why Howard chose to support Richard even ultimately at the cost of his life what secrets he knew about Edward IV what he had to do with the fate of the Princes in the Tower and what naval innovations hitherto ascribed to the Tudors he promoted Based on original research and containing previously unpublished material Richard III s Beloved Cousyn is an important contribution to Ricardian scholarship **A History of Medieval Ireland** Edmund Curtis,2012 First published in 1923 this formative history of Ireland is an extensive study of the period from 1086 1513 Beginning with the O'Brien High Kinship Edmund Curtis takes us through the Anglo Norman conquest and its sequel ending with the death of Gerald the Great Earl of Kildare in 1513 a date when the second English conquest of Ireland the Tudor Reconquest became imminent This is a reissue of a definitive landmark study of Irish history by one of greatest Irish historians of the twentieth century Medieval Worlds Roberta Anderson, Dominic Bellenger,2013-06-17 Complete with introductions full commentary glossary and a guide to further reading Medieval Worlds is a comprehensive sourcebook for the study of Western Europe from the fifth to the fifteenth century Drawing on a wide range of documents from chronicles legal state and church documents to biographies poems and letters from all over Europe the authors expertly illustrate to the reader the unity and complexity of the medieval world Amongst many more central issues discussed include the diverse world of monasteries the Papacy the Crusades women the roles of the town and countryside Medieval Worlds presents the reader with a view of the medieval era as it was one of immense diversity with openness to new ideas and outreach in areas from technology to natural philosophy Transactions - Bristol and Gloucestershire Archaeological Society Bristol and Gloucestershire Archaeological Society,1998 **Richard III** David Horspool,2015-12-15 For many Richard III is an obsession the Richard III Society has a huge membership and Shakespeare s Histories have contributed to if not his popularity certainly his notoriety Now with the discovery of Richard III s bones under a parking lot in Leicester England interest in this divisive and enigmatic figure in British history is at an all time high It is a compelling story to scholars as well as general readers who continue to seek out the kind of strong narrative history that David Horspool delivers in this groundbreaking biography of the king Richard III dispassionately examines the legend as well as the man to uncover both what we know of the life of Richard and the way that his reputation has been formed and reformed over centuries But beyond simply his reputation there is no dispute that the last Plantagenet is a pivotal figure in English history his death signaled the end of the War of the Roses and arguably the end of the medieval period in England and Horspool s biography chronicles this tumultuous time with flair This narrative driven and insightful biography lays out a view of Richard that is fair to his historical character and to his background in the medieval world Above all it is authoritative in its assessment of a king who came to the throne under extraordinary circumstances A Baronial Family in Medieval

England Michael Altschul, 2019-12-01 Originally published in 1965 In *A Baronial Family in Medieval England* The Clares 1217-1314 Michael Altschul studies the Clare family during the thirteenth century The Clares spearheaded the struggle to enforce Magna Carta in the Barons War Historians prior to Altschul tended to neglect the Clares history given the scattered nature of the archives documenting their time as a politically influential and powerful family This book unfolds chronologically outlining the Clares rise to preeminence and describing how they administered their estates and income *Reputation and Representation in Fifteenth Century Europe* Douglas L. Biggs, Sharon D. Michalove, Albert Compton Reeves, Richard III Society. American Branch, 2004-01-01 This volume deals with political military social architectural and literary aspects of fifteenth century England The essays contained in the volume range across the century from some of the leading scholars currently working in the period With contributions by Mark Arvanigian Kelly DeVries Sharon Michalove Harry Schnitker Charlotte Bauer Smith Candace Gregory Helen Maurer Karen Bezella Bond E Kay Harris Daniel Thiery John Leland Peter Fleming Virginia K Henderson Richard III David Baldwin, 2015-04-15 New edition of the bestselling biography of the controversial king whose bones were discovered in a car park in 2012 Contains NEW material including an account of the reburial in March 2015 **Church and Society in the Medieval North of England** R. B. Dobson, 1996-07-01 English history has usually been written from the perspective of the south from the viewpoint of London or Canterbury Oxford or Cambridge Yet throughout the middle ages life in the north of England differed in many ways from that south of the Humber In ecclesiastical terms the province of York comprising the dioceses of Carlisle Durham and York maintained its own identity jealously guarding its prerogatives from southern encroachment In their turn the bishops and cathedral chapters of Carlisle and Durham did much to prevent any increase in the powers of York itself Barrie Dobson is the leading authority on the history of religion in the north of England during the later middle ages In this collection of essays he discusses aspects of church life in each of the three dioceses identifying the main features of religion in the north and placing contemporary religious attitudes in both a social and a local context He also examines among other issues the careers of individual prelates including Alexander Neville archbishop of York and Richard Bell bishop of Carlisle 1478-95 the foundation of chantries in York and the writing of history at York and Durham in the later middle ages
