King Hereafter:

King Hereafter Dorothy Dunnett, 2017-11-28 Back in print by popular demand A stunning revelation of the historical Macbeth harsh and brutal and eloquent Washington Post Book World With the same meticulous scholarship and narrative legerdemain she brought to her hugely popular Lymond Chronicles our foremost historical novelist travels further into the past In King Hereafter Dorothy Dunnett's stage is the wild half pagan country of eleventh century Scotland Her hero is an ungainly young earl with a lowering brow and a taste for intrigue He calls himself Thorfinn but his Christian name is Macbeth Dunnett depicts Macbeth's transformation from an angry boy who refuses to accept his meager share of the Orkney Islands to a suavely accomplished warrior who seizes an empire with the help of a wife as shrewd and valiant as himself She creates characters who are at once wholly creatures of another time yet always recognizable and she does so with such realism and immediacy that she once more elevates historical fiction into high art

King Hereafter Dorothy Dunnett, 1982 Uses new archeological research to recreate the life of King Macbeth of Scotland and presents a new interpretation of European history before the Roman Conquest

Departures Harry Turtledove, 2011-05-04 What if history had taken a different path made a detour and deviated just a little bit from the road it chose Here Harry Turtledove explores such what ifs in twenty alternate history stories ranging from ancient times to the far far different future Persia has conquered Greece Athens is in ruins Yet even under Persia's rule the

power of the people can never be completely broken A werewolf boy tears through Cologne's medieval streets in search of sanctuary from the angry mob But who will shelter a creature so hated and feared A student from the far off future sets off on a field trip to study Genghis Khan and finds him in the twentieth century And many more He's one of the finest explorers of alternate histories ever Locus *The Persians* Gene R. Garthwaite, 2008-04-15 *The Persians* is a succinct narrative of Iranian history from the time of Cyrus the Great in 560BC to the present day A succinct narrative of Iranian history from the time of Cyrus the Great in 560BC to the present day Traces events from the rise of the Persian empire through competition with Rome and conquest by the Arabs through to the establishment of a Persian state in the sixteenth century and finally the Islamic Revolution on 1979 and the establishment of the current Islamic Republic Uses the most recent scholarship to examine Iran's political social and cultural history Focuses on rulership as a central theme in Iranian identity Also shows how land language and literature relate to Iranian identity Post-structuralist Readings of English Poetry Richard Machin, Christopher Norris, 1987-01-29 A selection of close readings of canonical English poems with a focus on ideas and debates in critical theory and literary history **A Complete History of English Peerage** William Guthrie, 1763 Persia Past and Present Abraham Valentine Williams Jackson, 1909 Cultural Studies and the Symbolic: Theory Studies, Presented at the University of Glasgow's Centre for Intercultural Studies: v. 1: Occasional papers in Cassirer and cultural Paul Bishop, 2017-12-02 Given the growing disenchantment on all sides with the high theory of the 1970s and 1980s and with the dominant master trope of literary and cultural reflexion of the 1980s and 1990s the extended metaphor or allegory this volume offers a timely re-examination of what according to Goethe is a deeper mode of understanding the symbol Via the life long preoccupation of Ernst Cassirer with the problems of symbolic form as he christened it the papers collected here try to come to terms with the thinking of Goethe and Schiller on the symbol and on related issues Taken together they attempt to elucidate the filiation of German classicism down through the nineteenth century to the present in the belief that some of Cassirer's ideas have fed often unacknowledged into the mainstream of contemporary cultural theory and that the rigour of his thought can help clear up much of the confusion in that theory Poetics of the Elements in the Human Condition: Part I - The Sea Anna-Teresa Tymieniecka, 1985-09-30 **"The" Gentile Nations** George Smith, 1853 **A Complete System of Pleading** John Wentworth, 1797 *History of Herodotus* Hérodote, 1862 **The History of Herodotus** Herodotus, 1862 History of Herodotus a New English Version, Edited with Copious Notes and Appendices, Illustrating the History and Geography of Herodotus, from the Most Recent Sources of Information, and Embodying the Chief Results, Historical and Ethnographical, which Have Been Obtained in the Progress of Cuneiform and Hieroglyphical Discovery by George Rawlinson, 1862 *History of Herodotus* Herodotus, 1862 *Godless Shakespeare* Eric S. Mallin, 2007-02-15 *Godless Shakespeare* is the first book to discuss Shakespeare's plays from an atheist perspective Although it is clear that Shakespeare engaged with and deployed much of his culture's broadly religious interests his language is shot through with biblical quotations priestly

sermonizing and Christian imagery Mallin argues that there is a profound absence of or hostility to God in his plays Following Dante's three part structure for *The Divine Comedy* Hell represents expressions of religious faith in Shakespeare's plays Purgatory sets out more sceptical positions and Heaven shows articulations of godlessness Mallin traces a spiritual ascent from the unthinkingly devout to the atheistically spiritual This polemical vigorous account focuses on the moral and spiritual dilemmas of major characters developing the often subtle transitions between belief scepticism and atheism Finally Godless Shakespeare argues for the liberating potential of unbelief *The Friend* ,1848 *New Terms for New Ideas*
Michael Lackner,Iwo Amelung,Joachim Kurtz,2021-11-15 This volume is about the lasting impact of new Western notions on the 19th and early 20th century Chinese language their invention spread and standardization Reaching beyond the mere cataloguing of the thousands of lexical innovations in this period of change the essays explore the multiple ways in which initially alien notions were naturalized in Chinese scientific and political discourse Topics examined range from preconceptions about the capacity of the Chinese language to accommodate foreign ideas the formation of specific nomenclatures and the roles of individual translators to Chinese and European attempts at coming to terms with each other's grammar By systematically analysing and assessing the lexical adaptation of Western notions in Chinese contexts the book will serve as a valuable reference work for all those interested in the historical semantics of modern China
