Museum Representations of Maoist China Dr Amy Jane Barnes, 2014-08-29 The collection interpretation and display of art from the People's Republic of China and particularly the art of the Cultural Revolution have been problematic for museums. These objects challenge our perception of Chineseness and their style content and the means of their production question accepted notions of how we perceive art. This book links art history, museology and visual culture studies to examine how museums have attempted to reveal, discuss and resolve some of these issues. This book will be of interest to scholars and students in museology, visual and cultural studies as well as scholars of Chinese and revolutionary art.

Atomic Bomb Cinema Jerome F. Shapiro, 2013-05-13 Unfathomably merciless and powerful, the atomic bomb has left its indelible mark on film. In *Atomic Bomb Cinema*, Jerome F. Shapiro unearths the unspoken legacy of the bombing of Nagasaki and Hiroshima and its complex aftermath in American and Japanese cinema. According to Shapiro, a Bomb film is never simply an exercise in ideology or paranoia. He examines hundreds of films like *Godzilla*, *Dr. Strangelove* and *The Terminator* as a body of work held together by ancient narrative and symbolic traditions that extol survival under

devastating conditions Drawing extensively on both English language and Japanese language sources Shapiro argues that such films not only grapple with our nuclear anxieties but also offer signs of hope that humanity is capable of repairing a damaged and divided world [www atomicbombcinema com](http://www.atomicbombcinema.com) *The Science Fiction Fantasy Film Handbook* Alan Frank,1982-12 This book is a comprehensive and detailed guide to a genre of enduring popular appeal Several hundred films are covered in entries that provide technical credits and cast lists a plot synopsis and a quotation from a contemporary review complimentary or otherwise The films are illustrated by over 200 stills More than 50 biographies of movie personalities including performers directors producers and writers are supplied In addition the author has written a series of short essays on major themes in science fiction and fantasy films **TLA Film and Video Guide 2000-2001** David Bleiler,2013-12-03 The TLA Film Video Guide is the absolutely indispensable guide for the true lover of cinema By focusing on independent and international films and avoiding much of the made for TV made for cable made for video dreck this guide offers more comprehensive coverage of the films the reader may actually want to see It also features Over 9 500 films reviewed Five comprehensive indexes by star director theme genre and country of origin Over 450 photos A listing of all the major film awards A comprehensive selection of International Cinema from over 50 countries From one of the finest names in video retailing and a growing rental chain comes the latest edition of the film video guide now expanded to include titles available on DVD that s perfect for everyone whose taste ranges from Pulp Fiction to Pink Flamingos from Life is Beautiful to Valley of the Dolls **United States General Imports of Cotton Manufactures** United States.
