Kingship In Freemasonry:

Kingship in Freemasonry William Sanderson, 2005-12-01 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. Masonic Symbolism of King Solomon's Temple: Foundations of Freemasonry Series Frank C. Higgins, Albert G. Mackey, H. L. Haywood, David Harlow, Robert Smailes, 2020-01-04 Prominent masonic scholars explore the history, myth, and symbolism behind Freemasonry's greatest edifice, the Temple of Solomon the King. Included here are: The Symbolism of Solomon's Temple, Solomon's Temple, The Middle Chamber of Solomon's Temple, Esoteric Symbolism of King Solomon's Temple, A Short Explanation of the Seal of Solomon and King Solomon's Temple, and the Story of the Third Degree. **The Kingship of Christ and the Conversion of the Jewish Nation** Fr Denis Fahey, 2016-06-23 In this work, Fr Fahey explains the rights of Christ the King versus organized naturalism, which is counter to Christ's rights. Christians are not only called to be holy and spiritual but also to transform society according to the rules of God so that Christ reigns not only in heaven but also in everyday society. Fr Fahey speaks of the role of the Jews against this rule of Christ the King, explains their role in ancient and modern society, and their conversion to Christ the Messiah. Modern society is grossly disordered; as any thinking man will readily acknowledge, it can only be reconstituted by reestablishing the rule of Christ and His Church over all parts of society from the top down. Though written in 1953, it remains timely because the subject matter remains pertinent to our day and age. Father Fahey is the expert on the rights of Christ in society and a good place to begin to understand what has happened to our society, why, and the solution. Grand Orient Freemasonry Unmasked George F. Dillon, 1965 *To whom the majesty of kingship has not been conferred* Samuel Tuominen, 2022-05-31 How did Sir Isaac Newton, the most important figure of the Scientific Revolution, believe in the literal fulfillment of the biblical prophecies on the end times? What did he say about the foretold Antichrist? What Paul really taught in 2 Thessalonians 2:3 on the revelation of the man of lawlessness? Will Rapture precede that, or vice versa? How and why did Princess Diana think that her husband, Charles, the Prince of Wales, was a murderer? How and why did she think that there was a conspiracy against her and that he would murder also her in a staged car accident? How does this relate to the biblical prophecies on the foretold Antichrist? Why so many students of the Bible prophecy have taught since the early 1980s that Prince Charles could be actually the foretold Antichrist? To many of us, he seems superficially the most unlikely candidate for this role. But is he in fact the most likely candidate based on the number of biblical prophecies on that man? What Charles can fulfill more literally than any other presumed Antichrist candidate? How there is hardly any biblical prophecy on that man's foretold attributes that Charles cannot already fulfill one way or another? How has he taken lately a more prominent and visible political role? Why Joe Biden and many other world leaders

follow the post pandemic agenda called Build Back Better that Prince Charles launched in January 2020 at Davos together with the founder of World Economic Forum Klaus Schwab Why does its expert Justin Haskins think it represents the most significant threat to capitalism and individual liberty in more than a half century Why Prince Charles has been compared already with such bloodthirsty tyrants as Pol Pot like Michael Rubin did in his op ed in the Washington Examiner an American conservative news website and weekly magazine How Charles himself likes to compare himself with the cruel tyrants of the past centuries like Henry VIII How the Book of Daniel foretold the whole world history of the last twenty five centuries How it relates to Prince Charles Did Daniel see the history of the British Empire and its monarchy Did he see something epoch making to happen in 2023 What about the mysterious relic of the Middle Ages called True Cross And so much more in this book that one reader characterized as revolutionary

British Poets and Secret Societies (Routledge Revivals) Marie Mulvey-Roberts,2014-08-01 A surprisingly large number of English poets have either belonged to a secret society or been strongly influenced by its tenets One of the best known examples is Christopher Smart s membership of the Freemasons and the resulting influence of Masonic doctrines on A Song to David However many other poets have belonged to or been influenced by not only the Freemasons but the Rosicrucians Gormogons and Hell Fire Clubs First published in 1986 this study concentrates on five major examples Smart Burns William Blake William Butler Yeats and Rudyard Kipling as well as a number of other poets Marie Roberts questions why so many poets have been powerfully attracted to the secret societies and considers the effectiveness of poetry as a medium for conveying secret emblems and ritual She shows how some poets believed that poetry would prove a hidden symbolic language in which to reveal great truths The beliefs of these poets are as diverse as their practice and this book sheds fascinating light on several major writers

The Arts of Kingship Stacy L. Kamehiro, 2009-07-27 The Arts of Kingship offers a sustained and detailed account of Hawaiian public art and architecture during the reign of David Kalakaua the nativist and cosmopolitan ruler of the Hawaiian Kingdom from 1874 to 1891 Stacy Kamehiro provides visual and historical analysis of Kalakaua's coronation and regalia the King Kamehameha Statue Iolani Palace and the Hawaiian National Museum drawing them together in a common historical political and cultural frame Each articulated Hawaiian national identities and navigated the turbulence of colonialism in distinctive ways and has endured as a key cultural symbol These cultural projects were part of the monarchy's concerted effort to promote a national culture in the face of colonial pressures internal political divisions and declining social conditions for Native Hawaiians which in combination posed serious threats to the survival of the nation The Kalakaua leadership endorsed images that boosted international relations and appeased foreign agitators in the kingdom while addressing indigenous political cleavages Kamehiro interprets the images spaces and institutions as articulations of the complex cultural entanglements and creative engagement with international communities that occur with prolonged colonial contact Nineteenth century Hawaiian sovereigns celebrated Native tradition history and modernity by intertwining indigenous conceptions of superior chiefly leadership with the apparatus and symbols of Asian American and European rule The resulting symbolic forms speak to cultural intersections and historical processes claims about distinctiveness and commonality and the power of objects institutions and public display to create meaning and enable action The Arts of Kingship pursues questions regarding the

The Return of the Mughal: Historical Fiction and Despotism in Colonial India, 1863-1908 Alex Padamsee, 2018-11-03 This Pivot explores the uses of the Mughal past in the historical fiction of colonial India Through detailed reconsiderations of canonical works by Rudyard Kipling Flora Annie Steel and Romesh Chunder Dutt the author argues for a more complex and integral understanding of the part played by the Mughal imaginary in colonial and early Indian nationalist projections of sovereignty Evoking the rich historical and transnational contexts of these literary narratives the study demonstrates the ways in which at successive moments of crisis and contestation in the later Raj the British Indian state continued to be troubled by its early and profound investments in models of despotism first located by colonial administrators in the figure of the Mughal emperor At the heart of these political fictions lay the issue of territoriality and the founding problem of a British claim to sole proprietorship of Indian land a form of Orientalist exceptionalism that at once underpinned and could never fully be integrated with the colonial rule of law Alongside its recovery of a wealth of popular and often overlooked colonial historiography The Return of the Mughal emphasises the relevance of theories of political theology from Carl Schmitt and Ernst Kantorowicz to Talal Asad and Giorgio Agamben to our understanding of the fictional and jurisprudential histories of colonialism This study aims to show just how closely the pageantry and romance of empire in India connects to its early politics of terror and even today continues to inform the figure of the Mughal in the sectarian politics of Hindu Nationalism
