Beaten Path is a rereading of history through the review and critical analysis of fifty books. It is an in depth analysis of major events that shaped the history of contemporary India. Amongst authors are B R Ambedkar, Rajdeep Sardesai, Jai Ram Ramesh, Ramachandra Guha, Kuldip Nayyar, Zoya Hassan and a host of others. Major epochs in history like the Mughal period, Partition of India, the Emergency, Operation Blue Star etc are included. The biographies of Sheikh Abdulla Feroze Gandhi and critical studies on S C Bose, Nehru and Gandhi form a part. Epochs of history include the partition of Bengal and Andhra Pradesh. A look at the two part defense of Hinduism by Shashi Tharoor is a highlight. An evaluation of the Communist Hindutva and Mandal movements is undertaken. On a lighter vein the biographies of Mohamed Rafi, Kishore Kumar and Sahir Ludhianvi are explored. The reviews have a personal touch as the author has thought out of the box to add his opinion to many a contentious issue at hand. In that sense it is not a review but a critical narrative with the book acting only as a template with the discussion many a time spilling beyond the confines of it.

Behind the Curtain Gregory D. Booth, 2008-10-13. Beginning in the 1930s, men and a handful of women came from India's many communities: Marathi, Parsi, Goan, North Indian and many others to Mumbai to work in an industry that constituted in the words of some, the original fusion music. They worked as composers, arrangers, assistants and studio performers in one of the most distinctive popular music and popular film cultures on the planet. Today the songs played by Mumbai's studio musicians are known throughout India and the Indian diaspora under the popular name Bollywood, but the musicians themselves remain in their own words behind the curtain, the anonymous and unseen performers of one of the world's most celebrated popular music genres. Now Gregory D Booth offers a compelling account of the Bollywood film music industry from the perspective of the musicians who both experienced and shaped its history. In a rare insider's look at the process of musical production from the late 1940s to the mid 1990s, before the advent of digital recording technologies, Booth explains who these unknown musicians were and how they came to join the film music industry. On the basis of a fascinating set of first hand accounts from the musicians themselves, he reveals how the day to day circumstances of technology and finance shaped both the songs and the careers of their creator and performers. Booth also unfolds the technological, cultural and

industrial developments that led to the enormous studio orchestras of the 1960s 90s as well as the factors which ultimately led to their demise in contemporary India Featuring an extensive companion website with video interviews with the musicians themselves Behind the Curtain is a powerful ground level view of this globally important music industry **A Companion to Indian Cinema** Neepa Majumdar,Ranjani Mazumdar,2022-08-09 A new collection in the Wiley Blackwell Companions to National Cinemas series featuring the cinemas of India In A Companion to Indian Cinema film scholars Neepa Majumdar and Ranjani Mazumdar along with 25 established and emerging scholars deliver new research on contemporary and historical questions on Indian cinema The collection considers Indian cinema s widespread presence both within and outside the country and pays particular attention to regional cinemas such as Bhojpuri Bengali Malayalam Manipuri and Marathi The volume also reflects on the changing dimensions of technology aesthetics and the archival impulse of film The editors have included scholarship that discusses a range of films and film experiences that include commercial cinema art cinema and non fiction film Even as scholarship on earlier decades of Indian cinema is challenged by the absence of documentation and films the innovative archival and field work in this Companion extends from cinema in early twentieth century India to a historicized engagement with new technologies and contemporary cinematic practices There is a focus on production cultures and circulation material cultures media aesthetics censorship stardom non fiction practices new technologies and the transnational networks relevant to Indian cinema Suitable for undergraduate and graduate students of film and media studies South Asian studies and history A Companion to Indian Cinema is also an important new resource for scholars with an interest in the context and theoretical framework for the study of India s moving image cultures Mad Tales from Bollywood Dinesh Bhugra,2013-09-05 This is the first book to investigate how mental illness is portrayed in Hindi cinema It examines attitudes towards mental illness in Indian culture how they are reflected in Hindi films and how culture has influenced the portrayal of the psychoses Dinesh Bhugra guides the reader through the history of Indian cinema covering developments from the idealism of the 1950s to the stalking jealousy and psychopathy that characterises the films of the 1990s Critiques of individual films demonstrate the culture s approach towards mental illness and reflect the impact of culture on films and vice versa Subjects covered include Cinema and emotion Attitudes towards mental illness Socio economic factors and cinema in India Indian personality villainy and history Psychoanalysis in the films of the 60s Mad Tales from Bollywood will be of interest to psychiatrists mental health professionals students of media and cultural studies and anyone with an interest in Indian culture *Business India* ,1998-11 **Bollywood Sounds** Jayson Beaster-Jones,2014-10-09 Bollywood Sounds focuses on the songs of Indian films in their historical social commercial and cinematic contexts Author Jayson Beaster Jones takes readers through the highly collaborative compositional process highlighting the contributions of film directors music directors composers lyricists musicians and singers in song production Through close musical and multimedia analysis of more than twenty landmark compositions Bollywood Sounds illustrates
