Kitchen Caper:

So... This Is Us Now? Fran Preston, When you've been together long enough to have an entire collection of shared inside jokes and the phrase Remember when we used to do things doesn't sound nearly as fun as it once did is it time to panic or is it just life In *This Is Us Now* Fran Preston delves into the hilarious heartwarming and sometimes terrifying truth about what happens when long term love shifts from new and exciting to comfortable and occasionally slightly weird From realising you've been wearing the same pyjamas for three days to discovering you and your partner's biggest argument is over who gets control of the TV remote Fran offers a refreshingly honest look at the little quirks challenges and unsung victories that come with loving someone for the long haul This isn't a guide to keeping the spark alive it's about realising that the spark has changed and so have you But that doesn't mean it's any less meaningful With sharp wit relatable stories and the kind of warm observations that make you laugh while you think Fran shows that long term love is not about perfection it's about embracing the mess the comfort and the weirdly wonderful moments that make us who we are For anyone who's ever asked Is this it now this is your answer And it's a lot funnier and sweeter than you think
