Arcana Coelestia, Volume 3 Emanuel Swedenborg, 2013-11-08. This is an exposition of the internal or spiritual sense of the books of Genesis and Exodus according to the law of correspondences. It unfolds the spiritual significance of the creation of the stories of Adam and Eve and of the deluge of the lives of the patriarchs, of the captivity of the chosen people in Egypt and of their deliverance therefrom and of their subsequent history, of the ritual of the Jewish religion, its sacrifices and observances, and in general traces the foreshadowing through both books of the incarnation and glorification of the Lord Jesus Christ. Many passages from other parts of the Word are also fully explained. Relations of things heard and seen in the spiritual world are interspersed, explaining the process of dying and of man's resurrection and conscious entrance into the interior life, the nature of the soul of heaven and heavenly joy and of hell, its nature and its miseries. It also treats of the Grand Man or the whole angelic heaven and the correspondence of the societies therein with the different organs and senses of the body, the origin and correspondence of diseases, the spirits and inhabitants of the various planets and of other earths in the starry heavens. All of which are related to a true understanding of the Divine Word. This is book 3 out of 12 and covers Genesis 18-22.
