Hegel And Modern Society:

Hegel and Modern Society Charles Taylor, 1979-04-05 Introduction to Hegel's thought for the student and general reader emphasizing in particular his social and political thought and his continuing relevance to contemporary problems

Hegel's Political Aesthetics Stefan Bird-Pollan, Vladimir Marchenkov, 2020-05-14 What is the role of art in modern society To what extent are the beautiful and the morally good intertwined Hegel's Political Aesthetics explores Hegel's take on these ever relevant philosophical questions and investigates three key themes art's contribution to modern ethical life the loss of art's authority in modern ethical life and ways of thinking beyond Hegel's analysis of art's role in society The aesthetic is explored through the lens of German Idealism from Kant to Hegel ultimately placing ethics and morality at the forefront of this debate The authors explore Hegel's take on Kant's conception by historicizing what it means to be responsible to others which for Hegel means being free within the norms of society within what he calls ethical life As a set of concrete social arrangements designed for finite human beings however ethical life falls short of actualizing freedom absolutely The themes in this volume are motivated by a central ambivalence in Hegel's thinking about modernity The question of freedom sits at the forefront of this text alongside the relation between art and the spirit This book will be of particular interest to philosophers of aesthetics politics and ethics

Hegel's Critique of Modernity Timothy C. Luther, 2009-01-01 Hegel's enduring importance lies in the fact that his philosophy sheds light on many contemporary problems his conception of freedom enables us to reconcile many of the differences that divide liberalism and communitarianism While liberalism tends to overemphasize the individual and devalue the community communitarianism tends to do the reverse One of his central aims is to integrate liberalism's concern for the political rights and interests of individuals within the framework of a community He tries to reconcile the individual and community in a way that creates the proper mix of liberty and authority One of Hegel's goals is to discover social structures that will allow individuals to escape the alienation that characterizes contemporary life He sought a method of reconciling his contemporaries to the modern world by overcoming the things that split the self from the social world that is a place where people are at home in the social world A sense of estrangement is all too common even for those who enjoy more personal freedom and material abundance than ever thought possible While Hegel is speaking directly to and about his contemporaries their social world bears much in common with ours Consequently his attempt to reconcile philosophical and social contradictions can elucidate our own condition While the modern world reflects important contributions the advent of modern liberalism leads to excessive individualism that fragments social life leaving individuals disconnected and adrift from meaningful social life The major goal of Hegel's political philosophy is to reconcile the individual with his or her political community in a way that overcomes the alienation of modern life

Dialectics, Politics, and the Contemporary Value of Hegel's Practical Philosophy Andrew Buchwalter, 2012-11-12 This book explores and details the actuality *Aktualität* of Hegel's social and political philosophy its relevance topicality and

contemporary validity It asserts against the assumptions of those in a wide range of traditions that Hegel's thought not only remains relevant to debates in current social and political theory but is capable of productively enhancing and enriching those debates The book is divided into three main sections Part 1 considers the actuality of Hegel's social and political thought in the context of a constructed dialogues with later social and political theorists including Marx Adorno Habermas and Rawls Part 2 explores Hegel's internal criticism of Enlightenment rationality as well as the unique manner in which his thought reaffirms both the classical tradition of politics and the Christian conception of freedom in order to deepen and further develop our understanding of modernity and modern secularity Part 3 considers Hegel's contribution to current theorizing about globalization

Hegel's Elements of the Philosophy of Right David James, 2017-02-23 Hegel's *Elements of the Philosophy of Right* one of the classic texts of German Idealism is a seminal work of legal social and political philosophy that has generated very different interpretations since its publication in 1821 Written with the advantage of historical distance the essays in this volume adopt a fresh perspective that makes readers aware of the breadth and depth of this classic work The themes of the essays reflect the continuing relevance of the text and include Hegel's method the concept of property Hegel's view of morality the concept of *Sittlichkeit* the modern family the nature and tensions of civil society and the question of the modernity of the Hegelian state The volume will be of interest to all scholars and students of German Idealism and the history of political thought

Hegel's Political Aesthetics Stefan Bird-Pollan, Vladimir Marchenkov, 2020-05-14 What is the role of art in modern society To what extent are the beautiful and the morally good intertwined Hegel's *Political Aesthetics* explores Hegel's take on these ever relevant philosophical questions and investigates three key themes art's contribution to modern ethical life the loss of art's authority in modern ethical life and ways of thinking beyond Hegel's analysis of art's role in society The aesthetic is explored through the lens of German Idealism from Kant to Hegel ultimately placing ethics and morality at the forefront of this debate The authors explore Hegel's take on Kant's conception by historicizing what it means to be responsible to others which for Hegel means being free within the norms of society within what he calls ethical life As a set of concrete social arrangements designed for finite human beings however ethical life falls short of actualizing freedom absolutely The themes in this volume are motivated by a central ambivalence in Hegel's thinking about modernity The question of freedom sits at the forefront of this text alongside the relation between art and the spirit This book will be of particular interest to philosophers of aesthetics politics and ethics

Hegel's Philosophy of Right Dean Moyer, Kate Padgett Walsh, Sebastian Rand, 2022-12-28 Hegel's *Philosophy of Right* was his last systematic work and the most complete statement of his mature views on ethical and political philosophy The text explores the relationships between three distinct conceptions of human freedom persons as possessing contract rights subjects as reflective moral agents and individuals as members of an ethical community It strongly influenced the early Marx and debates over liberalism and communitarianism that arose in the latter half of the twentieth century In celebration of the

200th anniversary of the publication of the *Philosophy of Right* the 18 essays in this volume by contemporary scholars examine the nature and impact of Hegel's text. They examine a diverse array of topics ranging from Hegel's account of rights, religious freedom, gender, the state, history, and naturalism to some hitherto relatively overlooked topics such as Hegel and Luther, art and nationality, and Hegel and the market. Each contribution also pays homage to the work of Terry Pinkard, who as a foremost interpreter and scholar of Hegel's thought, revived and reinvented the contemporary field of Hegel studies. Hegel's *Philosophy of Right* Critical Perspectives on Freedom and History will be valuable reading for scholars of Hegel, nineteenth-century German philosophy, moral and political philosophy, and the history of political thought. **Hegel's**

Metaphysics and the Philosophy of Politics Michael J. Thompson, 2018-04-27 The renaissance in Hegel scholarship over the past two decades has largely ignored or marginalized the metaphysical dimension of his thought, perhaps most vigorously when considering his social and political philosophy. Many scholars have consistently maintained that Hegel's political philosophy must be reconstructed without the metaphysical structure that Hegel saw as his crowning philosophical achievement. This book brings together twelve original essays that explore the relation between Hegel's metaphysics and his political, social, and practical philosophy. The essays seek to explore what normative insights and positions can be obtained from examining Hegel's distinctive view of the metaphysical dimensions of political philosophy. His ideas about the good, the universal, freedom, rationality, objectivity, self-determination, and self-development can be seen in a new context and with renewed understanding once their relation to his metaphysical project is considered. Hegel's *Metaphysics and the Philosophy of Politics* will be of great interest to scholars of Hegelian philosophy, German Idealism, nineteenth-century philosophy, political philosophy, and political theory. [The State and Civil Society: Studies in Hegel's Political Philosophy](#) Z. A.

Pelczynski, 1984-11 This book discusses the state and civil society which were distinguished by Hegel as two stages in the dialectical development from the family to the nation. **The Palgrave Handbook of German Idealism and Feminist Philosophy** Susanne Lettow, Tuija Pulkkinen, 2023-01-04 This book gives a comprehensive overview of the ways in which the relation between German Idealism and feminist philosophy has been explored. It demonstrates the significance of German Idealism for feminist philosophy and simultaneously brings out the relevance of feminist readings and interpretations for a critical understanding of German Idealism. Key Features: Presents original work on the German Idealists and considers their legacy within feminist thought from different philosophical perspectives. Incorporates perspectives from queer theory, new materialism, and critical philosophy of race and so explores German Idealism through the subversion and transformation of meanings and conceptual arrangements. Challenges the epistemic boundaries of philosophy by engaging the thought of women contemporary with the German Idealists such as Bettina von Arnim and Karoline von Gunderode. Places the work of the German Idealists on gender, sexuality, marriage, and family within the wider contexts of colonialism and European nation building. Considers how several key concepts of German Idealism such as subject, reason, enlightenment, autonomy, and the

sublime have been central targets of feminist theory Includes a Black feminist critique of Kantian universalism Fully reflecting the diversity that characterizes feminist thinking today The Palgrave Handbook of German Idealism and Feminist Philosophy is essential reading for scholars and graduate students of German idealism feminist philosophy and feminist theory Chapter s The Taxonomy of Race and the Anthropology of Sex Conceptual Determination and Social Presumption in Kant is are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)

Modern Individuality in Hegel's Practical Philosophy Erzsébet Rózsa,2012-10-19 Modern individuality is the not so secret protagonist of Hegel s practical philosophy In the framework of spirit Hegel presents some basic features of the individual s way of life lifeworld self interpretation and self determination which can also be timely in shaping our own personal and social identities Hegel's Ethical Thought Allen W. Wood,1990-11-30 Hegel s philosophy of society politics and history is exposed

to ethical debate on human rights the justification of legal punishment criteria of moral responsibility and authority of individual conscience **The Necessity of Politics** Christopher Beem,2000-09 Even in the midst of an economic boom most Americans would agree that our civic institutions are hard pressed and that we are growing ever more cynical and disconnected from one another In response to this bleak assessment advocates of civil society argue that rejuvenating our neighborhoods churches and community associations will lead to a more moral civic minded polity Christopher Beem argues that while the movement s goals are laudable simply restoring local institutions will not solve the problem a civil society also needs politics and government to provide a sense of shared values and ideas Tracing the concept back to Tocqueville and Hegel Beem shows that both thinkers faced similar problems and both rejected civil society as the sole solution He then shows how in the case of the Civil Rights movement both political groups and the federal government were necessary to effect a new consensus on race Taking up the arguments of Robert Putnam Michael Sandel and others this timely book calls for a more developed sense of what the state is for and what our politics ought to be about This book is bound to incite controversy and to contribute to our ongoing grappling with where our own democratic political culture is going Beem helps us to get things right by offering a corrective to any and all visions of civil society sanitized from politics Jean Bethke Elshtain from the Foreword Beem makes an impressive case At the end of the day there really is no substitute for governmental authority in fostering the moral identity of the body politic Robert P George Times Literary Supplement Modern Muslim

Intellectuals and the Qur'an Suha Taji-Farouki,Institute of Ismaili Studies,2006-01-26 This volume examines the writings of ten Muslim intellectuals working in the Muslim world and the West who employ contemporary critical methods to understand the Qur'an Their work points to a new trend in Muslim interpretation characterised by a direct engagement with the Word of God while embracing intellectual modernity in a global context The volume situates and evaluates their work and responses to it among Muslim and non Muslim audiences **The Scottish Enlightenment and Hegel's Account of 'Civil Society'**

N. Waszek,2012-12-06 The present study which investigates the influence of the Scottish Enlightenment on Hegel s account

of civil society or *biirgerliche Gesellschaft* is based on my PhD thesis submitted to the University of Cambridge in September 1983 Its publication provides me with a welcome opportunity to acknowledge the help and encouragement I have received over the years from scholars friends and relations At the Ruhr University of Bochum where I began my studies I am indebted to Professor Otto Poggeler Director of the Hegel Archives to the other past and present members of staff at the Hegel Archives and to Professors Jiirgen Gebhardt Jiirgen von Kempster Heinz Kimmerle and Leo Kofler It was my time at Bochum under the guidance of these scholars that kindled my love for the study of Hegel which proved to be a lasting romance In Scotland where I continued my studies and spent two fruitful and happy years I am indebted to George Elder Davie and Richard Gunn who first introduced me to the Scottish Enlightenment and to Professors R H Campbell and T D Campbell who supervised my research in that field At Cambridge where most of this study was prepared my greatest debt is to Duncan Forbes I am grateful for his supervision of my research but also beyond the scope of my research for what I have learned genuinely learned from the man

Korean Society Charles Armstrong, 2006-11-22 While most analyses of Korean politics have looked to elites to explain political change this new and revised edition of *Korean Society* examines the role of ordinary people in this dramatic transformation Taking the innovative theme of civil society voluntary organizations outside the role of the state which have participated in the process of political and social democratization the essays collected here examine Korea as one of the most dramatic cases in the world of ordinary citizens participating in the transformation of politics Key topics discussed include comparisons of Korean democratization to the experiences of post authoritarian regimes elsewhere in the world comparisons of the theory of civil society as developed in Western Europe and America the legacy of Korea's Confucian past for contemporary politics and society close examinations of various civil society movements South Korea and North Korea Conceptually innovative up to date and timely the new edition of this book will be an invaluable resource for students of contemporary Korea Asian politics and the global struggle for democracy

Civil Society and Political Theory Jean L. Cohen, Andrew Arato, 1994-03-29 In this first serious work on the theory of civil society to appear in many years Jean Cohen and Andrew Arato contend that the concept of civil society articulates a contested terrain in the West that could become the primary locus for the expansion of democracy and rights In this major contribution to contemporary political theory Jean Cohen and Andrew Arato argue that the concept of civil society articulates a contested terrain in the West that could become a primary locus for the expansion of democracy and rights

Art, Myth and Society in Hegel's Aesthetics David James, 2011-11-03 *Art Myth and Society in Hegel's Aesthetics* returns to the student transcripts of Hegel's lectures on aesthetics which have yet to be translated into English and in some cases remain unpublished David James develops the idea that these transcripts show that Hegel was primarily interested in understanding art as an historical phenomenon and more specifically in terms of its role in the ethical life of various peoples This involves relating Hegel's aesthetics to his philosophies of right and history rather than to his logic or metaphysics The book thus offers a thorough re

evaluation of Hegel's aesthetics and its relation to his theory of objective spirit exposing the ways in which Hegel's views on this subject are anchored in his reflections on history and on different forms of ethical life *On Mechanism in Hegel's Social and Political Philosophy* , *Hegel's Dialectic of Desire and Recognition* John O'Neill, 1996-02-01 This book presents three generations of German French and Anglo American thinking on the Hegelian narrative of desire recognition and alienation in life labor and language a narrative that has been subject to extensive commentary in philosophy literature psychoanalysis and feminist thought The texts focus on a central topos in Western thought the story of self consciousness awakened in nature and in history John O'Neill argues that current postmodern rejections of the Hegelian Marxist narrative demand an understanding of the texts included here Without Hegel and Marx in our toolbox he argues we will flounder in a world marked by the split between postmodern indifference and premodern passion The book makes a strong selection from the history of Hegelian Marxist debate hermeneutical and critical theory and Freudian Lacanian and feminist commentary on the dialectic of desire and recognition on the levels of social psychology and political economy Included are articles by Karl Marx G W F Hegel Alexandre Kojève Jean Hyppolite Jean Paul Sartre Georg Lukács Jürgen Habermas Hans Georg Gadamer Howard Adelman Shlomo Avineri Jessica Benjamin Edward S Casey and J. Melvin Woody Henry S Harris George Armstrong Kelly Ludwig Siep Judith N. Shklar and Henry Sussman The texts and commentaries show how the Hegelian Marxist narrative of desire recognition and alienation is a contested story one in which class race and gender issues are drawn into a historical romance that is being rewritten in contemporary cultural politics

The Captivating Realm of Kindle Books: A Thorough Guide Revealing the Benefits of Kindle Books: A World of Convenience and Flexibility E-book books, with their inherent mobility and simplicity of availability, have freed readers from the limitations of hardcopy books. Gone are the days of carrying bulky novels or carefully searching for particular titles in shops. E-book devices, sleek and lightweight, effortlessly store an wide library of books, allowing readers to indulge in their favorite reads whenever, anywhere. Whether commuting on a bustling train, lounging on a sunny beach, or just cozying up in bed, Kindle books provide an unparalleled level of convenience. A Literary World Unfolded: Discovering the Vast Array of E-book Hegel And Modern Society Hegel And Modern Society The Kindle Shop, a digital treasure trove of bookish gems, boasts an extensive collection of books spanning diverse genres, catering to every readers taste and choice. From gripping fiction and mind-stimulating non-fiction to classic classics and contemporary bestsellers, the Kindle Shop offers an exceptional abundance of titles to explore. Whether looking for escape through immersive tales of fantasy and adventure, diving into the depths of past narratives, or expanding ones understanding with insightful works of scientific and philosophical, the E-book Shop provides a doorway to a literary world brimming with endless possibilities. A Transformative Factor in the Bookish Scene: The Enduring Impact of E-book Books Hegel And Modern Society The advent of Kindle books has unquestionably reshaped the literary landscape, introducing a model shift in the way books are released, distributed, and read. Traditional publication houses have embraced the digital revolution, adapting their approaches to accommodate the growing need for e-books. This has led to a rise in the accessibility of E-book titles, ensuring that readers have entry to a vast array of bookish works at their fingertips. Moreover, E-book books have equalized entry to literature, breaking down geographical limits and offering readers worldwide with equal opportunities to engage with the written word. Regardless of their location or socioeconomic background, individuals can now immerse themselves in the intriguing world of books, fostering a global community of readers. Conclusion: Embracing the E-book Experience Hegel And Modern Society Kindle books Hegel And Modern Society, with their inherent convenience, flexibility, and wide array of titles, have unquestionably transformed the way we encounter literature. They offer readers the freedom to explore the boundless realm of written expression, whenever, everywhere. As we continue to travel the ever-evolving digital landscape, E-book books stand as testament to the persistent power of storytelling, ensuring that the joy of reading remains accessible to all.
