The Golden Fleece Tom Carhart, 2017-09 In the fall of 1965 West Point cadet Tom Carhart and five of his classmates from the U S Military Academy pulled off a feat of extraordinary ingenuity precision and raw guts the theft of the billy goat mascot from their rival the U S Naval Academy at Annapolis just before the biggest football game of the year The U

this book is ostensibly about the five leaders ultimately their performance provides a lens for the whole of the topic of leadership past and especially present While leaders seem to have the liberty to behave as they like their freedom is bound by organizational objectives organizational cultures that may be difficult to change and the diverse natures of their workforce Leadership behavior shaped by the spirit of the times evolves it is about the inextricable relationships the inseparability among leaders followers and situations within organizations and societies as they respond to the inevitable urgencies for change The leaders in this book operated in environments over which they often had little control a store of contextual factors substantially influence and restrain a leader s freedom of action Our school days history classes often paint leaders as two dimensional cardboard cutouts This book explores the crucial impact of context and just how effectively the leaders in this book led at severe intense transformative desperate moments in our history it attempts to put weight and texture on the cardboard cutouts To do so this book humbly puts forward a leadership context framework to define the contextual factors that determine a leader s prerogatives It is about leading snowflakes Because no two organizations and their contexts like snowflakes are ever alike leaders must consistently adapt to new and constantly evolving internal and external circumstances This book suggests that there is a holistic unity to leadership and that the four leadership qualities of status esteem technical competence and organizational leadership skills always present in some measure help leaders motivate followers The proper mix of these four qualities may depend on the nature of the followers and the situations faced The newly elected Lincoln arrived in the nation s capital with low status and esteem but his savvy technical competence and strong organizational leadership skills brought success Robert E Lee possessed high esteem status and technical competence at Gettysburg his inability to exercise sound organizational leadership skills led to his organization s failure *The Patton Papers* Martin Blumenson,2009-07-21 One of World War II s most brilliant and controversial generals George S Patton 1885 1945 fought in North Africa and Sicily as commander of the Third Army spearheaded the Allies spectacular 1944 1945 sweep through France Belgium and Germany Martin Blumenson is the only historian to enjoy unlimited access to the vast Patton papers his many books include *Masters of the Art of Command* available from Da Capo Press and *Patton The Man Behind the Legend*
