Greek Eyes on Europe John Muir, 2022-03-21 This is the first complete English translation of a lively travelogue written by Andronikos aka Nikandros Noukios a Greek from Corfu who accompanied a diplomatic mission from Venice to England in the middle of the sixteenth century He describes some of the great northern Italian cities gives vivid impressions of picturesque Germany of sober but enthusiastic Lutheran church services and of cities on the Rhine In the Low Countries he visits the commercial centres and in England gives a real sense of the excitement of London and its sights He rather liked the English even giving a recipe for beer and is clearly fascinated by Henry VIII his attacks on the monasteries and his break with Rome He then surprisingly joins up with a troop of Greek mercenaries but finally leaves them and returns to Italy through France with glimpses of Fontainebleau and Francis I We leave Andronikos after he has visited Rome on his way back to Venice The book is an almost unknown source for the sixteenth century and will certainly be of interest to historians and students It is also an important and little known landmark in the development of Modern Greek literature especially relevant to the burgeoning modern interest in travel writing It is accessible and a good read

Travel, Tourism, and Identity Gabriel R. Ricci, 2017-09-29 *Travel Tourism and Identity* addresses the psychological and social adjustments that occur when people make contact with others outside their social cultural or linguistic groups Whether such contact is the result of tourism seeking exile or relocating abroad the volume s contributors demonstrate how one s identity cultural assumptions and worldview can be brought into question In some cases the traveller finds that bridging the social and cultural gap between himself and the new society is fairly easy In other cases the traveller discovers that reorienting himself requires absorbing a new cultural history and traditions The contributors argue that making these adjustments will surely enhance the traveller s or tourist s experience otherwise the traveller or tourist will be at risk of becoming a marginalized figure one disconnected from the society that surrounds him This latest volume in the *Culture Civilization* series features a collection of essays on travel and tourism The essays cover a range of topics from historical travels to modern social identities They discuss ancient travels contemporary travels in Europe Africa and sustainable eco tourism and the politics of tourism Essays also address experiences of Grenada s Spice Island identity and the effects of globalization and migrations on personal identity
