

A person is seen from behind, sitting on a wooden dock that extends into a calm lake. The person is wearing a dark jacket. The lake's surface is still, reflecting the surrounding landscape. In the background, there are steep, rocky mountains with patches of snow or light-colored rock. The sky is overcast and grey. The overall mood is contemplative and serene.

*Coping With Loss* Susan Nolen-Hoeksema, Judith Larson, Judith M. Larson, 2013-01-11 *Coping With Loss* describes the many ways in which people cope with the death of someone they love Most earlier books on bereavement have fallen into two categories distillations of the clinical experience of individual therapists or collections of chapters reporting the results of empirical studies Each category is valuable but has tended to serve a narrow group of readers practitioners with particular theoretical orientations or researchers in quest of the latest findings Coauthored by a leading research psychologist and an experienced therapist who specializes in bereavement education and intervention this book is different The authors weave together the strands of theory research and clinical wisdom into a seamless and readable narrative While they discuss previous work they also present new data never before published from one of the largest studies of bereaved people ever conducted the Bereavement Coping Project Unlike most studies to date which focused on only one type of bereaved group usually widows or widowers the Bereavement Coping Project examined the experiences of several different groups during the first 18 months after the death The groups included those who had lost a spouse a parent an adult sibling or a child and those who had lost their significant other to cancer or cardiovascular disease on one hand as opposed to the stigmatized disease of AIDS on the other The book begins with a

critical overview of theories of bereavement succeeding chapters explore in depth the impact of specific types of loss the impact of particular coping strategies on recovery the impact of social supports and religion and the special cases of children and of people who seem to grow and change for the better after a loss A final chapter considers implications for intervention with bereaved people Each chapter is richly illuminated with real life examples throughout and ends with a section called Voices in which bereaved people describe their various attempts to cope in their own words Insightful and informative

*The Complete Book of Life's Questions* Ronald A. Beers,V. Gilbert Beers,2007 The material in this book addresses a wide array of questions and then answers the questions according to insight found in the Bible Inside The Complete Book of Life s Questions you ll find hundreds of questions about real life difficult questions people ask about abortion and abuse sexuality and love friendship and hope This book is an excellent reference book that you ll pull off the shelf time and time again Faith intersects with life Let Scripture answer your questions using The Complete Book of Life s Questions More Than You Can Handle Nate Pyle,2019-03-05 God won t give you more than you can handle This is one of the most common and least helpful reassurances floating around Christian circles It is anything but biblical The truth is that God does allow a lot more than we can handle But why Nate Pyle has walked through tragedy in his own life professional uncertainty the intense impact of mental illness and the struggle to build a family because of a lost pregnancy infertility and adoption As a pastor Nate has cried with countless people experiencing deep and overwhelming pain They want answers but perhaps even more they want someone to sit with them as they lament Clich Christianity tells us not to ask questions in hard times Yet transformation awaits us in the dark night of the soul In *More Than You Can Handle* Nate asks with you God where are you in this pain Why don t you step in and act Because when we courageously bring all of who we are to all of who God is and stop pretending we can handle life we encounter the God of Redemption The good news isn t that we can handle everything but rather that God promises to be with us at the very moments we can t handle anything Skillfully weaving together his own story the stories of others and a powerful look at the life of Jesus Nate delivers a fresh and timely response to the pain we each experience As Nate reminds us the only thing more overwhelming than the pain of life is the love of a God who carries that pain with us
