**Hidden Gems** Evelyn Burns, 2017-09-19 Fornication is the oldest theme of history embedded in the human psyche. The scope of fornication needs to be expanded for clearer understanding in respect to our youth: the reason why youths do not view fornication outside of a physical sexual encounter between two people. This education should first begin in the home and then in the church and should be taught from a biblical aspect, breaking down how the body, on a whole, not just in portion, is used to fornicate against God. It merges fornication through the concept of a sexual nature. This book breaks down the boundary of spiritual versus physical.
