**The Hidden Secret Power of Freemasonry** Robert Kallan, P.M., 2022-08-01 It is entertaining to be anti-Masonic and perpetuate conspiracy theories and stories based on satanic worship rather than join Freemasonry or any other private organization primarily structured with improving the individual in society The Masonic term making good men better is the desire of the craft concerning all people living in a multicultural society to better themselves This is masonry in a nutshell To achieve this betterment takes a great deal of work and self-inspection which the critics of the craft refuse to endure and fail to examine the important historical esoteric symbols associated with the craft This book is dedicated toward neutralizing such superficial negative ideology pursued by critics who have a personal interest in negating the significant works of the greatest fraternal organization in the world Contained herein are chapters on women in Freemasonry the Catholic Church and Freemasonry which contains an addendum relating to over one hundred cardinals and bishops who under pseudonyms were Freemasons a chapter on the 133rd Psalm providing a line-by-line interpretation of a work which provides the important ideological humanistic basis for both society and Freemasonry with an important chapter analyzing the final end-period of a man's life as it related to Ecclesiastes Chapter 12 Men join Freemasonry because in their hearts they seek to improve themselves In a reality any can start living as principled individuals exercising the same values without being a Freemason All that is required is desire and work effort with a foundation from the Holy Bible to betterment of himself However the Masonic Craft assists an individual in this journey by providing defined structure support and a roadmap that helps focus the advancement and as such increases the probability of a successful outcome Freemasonry centers on learning how to charge one's self with thought and physical conduct However in order to improve one must read study and understand the true nature of reality in life buttressed by the role of oneself and those with which one socializes This philosophy underlines why the most important virtues of Freemasonry are symbolic and teach us to be better humans Freemasonry gains its structure and foundation through an inherent love of an adherence to the Holy Bible and would not exist without that devotion The foundation of Masonry is predicated on the fact that the craft and the Bible are intricately interconnected just as other holy books around the world are central to their Freemason organizations Much of Masonry's symbolism is taken from biblical sources especially Genesis and the stories surrounding the

building of King Solomon's temples Great emphasis is placed on the development of moral and ethical virtues and the building of character with truth being the guiding principle of our lives Thus brotherhood and charity are natural outcomes and further define one of Masonry's major tenets Masonry uses proven methods to enhance the lives and spirits of members in a tangible way In every Masonic lodge upon its altar there is a Holy Bible supporting the square and compasses This old familiar book so beloved by so many generations is our Volume of the Sacred Law and represents the Great Light in Freemasonry The Bible is open when the lodge opens the Bible is closed when the lodge closes No lodge can transact its own business much less initiate candidates into the mysteries of the craft unless the Book of Holy Law lies open upon its altar It is the true responsibility of each individual Mason to seek out and understand the true nature of reality through the teachings of Freemasonry discovered in the symbols of the craft The individual must learn to recognize and interpret the footprints of the deity and the sublime methods that he uses to reveal his message So mote it be May the mystery begin *The Hidden Secret of the Sumerians* Juan Moises de la Serna, 2021-01-16 An exhibition of the ancient civilizations of humanity will begin one of the most intriguing and exciting adventures through the streets of New York where persecutions will happen by the most mysterious encounters and intriguing characters An incessant search for what may be the greatest discovery of Western civilization to find where the knowledge originated that made it take a qualitative leap that turned a fishing village into what was considered the cradle of culture and development of the known world only a few centuries ago An intrigue that will keep you in suspense until the end where the most advanced espionage techniques confronted with the most secret ancient knowledge all set in today's New York always a cosmopolitan city that encloses between its neighborhoods and streets a great cultural diversity *Hidden Mysteries* Joshua David Stone, 1996-12-12 The Essenes the Kahunas of Hawaii Pan and the nature kingdom the angelic kingdom the Vedas and Upanishads the Kabbalah the Yoga sutras of Patanjali the Egyptian mysteries and The Keys of Enoch These profound spiritual teachings unknown to so many on our planet are a valuable resource to anyone wishing to move further along the path to enlightenment and ascension This book contains a wealth of information on esoteric teachings from the ancient mystery schools to the recently founded religions More than a mere retelling of well known facts the story begins with what may be the most elusive knowledge of our time that of the extraterrestrial presence on Earth **Hidden Mysteries and the Bible** Dr. Larry Ollison, 2024-10-01 Unlock the World's Greatest Mysteries within the Scriptures Is it possible the Holy Bible holds answers to mysteries and questions that civilizations have wondered about for centuries Could it be this Ancient Book explains far more than most people realize questions that are cropping up in culture today Pastor Larry Ollison Ph D Th D lifts the veil from many of the greatest mysteries of our time through gems of truth found in the ancient Scriptures and helps you make sense of humanity's obscure past and the strange happenings around the world Long before Einstein's theory of relativity the Bible described time travel the multiverse giants aliens and so much more Dr Ollison uses the Holy Scriptures to explain the alarming unexpected and
