HIDDEN RHYTHMS

# Hidden Rhythms

**R. Iniya**

## **Hidden Rhythms:**

**Hidden Rhythms** Eviatar Zerubavel, 1985-11-03 A pathbreaking book on an important subject which surprisingly has been paid little attention by social scientists Zerubavel writes with both learning and lucidity His book is a pleasure to read Peter Berger Others have written about the structuring of time but few so insightfully and compellingly as Zerubavel Neil J Smelser This is a jewel of a book one of the most important contributions to cultural sociology in recent years Professor Zerubavel's easy blend of history religion science politics and social values makes this a study a delightful voyage of unexpected discovery and new awareness It hink the title has misled some people into thinking this is a book on music or something of the sort All the more reason to rejoice at this reissue in paperback David S Landes Hidden Rhythms is an exciting study of a subject that has not yet gained the attention it deserves among sociologists and other social scientists Zerubavel's book has the distinctive merit to discuss earlier approaches to the study of schedules and calendars and to add a series of extremely shrewd observations and calendars to add a series of extremely shrewd observations of his own on the sociology of time His work seems indispensable for all those social scientists who have become conscious of the central position of the temporal dimension in the life of people and their society Lewis A Coser Eviatar Zerubavel's Hidden Rhythms is an original and highly imaginative analysis of the role time schedule plays in social life Continuing the distinctive focus on social time Zerubavel develops in Patterns of Time in Hospital life he provides in Hidden Rhythms more penetrating and profound analysis of the subtle and diverse significance of time in organizing our social relationships and lives A joy to read Peter M Blau

**Ritual** Catherine Bell, 2009-12-29 From handshakes and toasts to chant and genuflection ritual pervades our social interactions and religious practices Still few of us could identify all of our daily and festal ritual behaviors much less explain them to an outsider Similarly because of the variety of activities that qualify as ritual and their many contradictory yet in many ways equally legitimate interpretations ritual seems to elude any systematic historical and comparative scrutiny In this book Catherine Bell offers a practical introduction to ritual practice and its study she surveys the most influential theories of religion and ritual the major categories of ritual activity and the key debates that have shaped our understanding of ritualism Bell refuses to nail down ritual with any one definition or understanding Instead her purpose is to reveal how definitions emerge and evolve and to help us become more familiar with the interplay of tradition exigency and self expression that goes into constructing this complex social medium

*Rhythmanalysis* Henri Lefebvre, 2013-10-24 Rhythmanalysis displays all the characteristics which made Lefebvre one of the most important Marxist thinkers of the twentieth century In the analysis of rhythms both biological and social Lefebvre shows the interrelation of space and time in the understanding of everyday life With dazzling skills Lefebvre moves between discussions of music the commodity measurement the media and the city In doing so he shows how a non linear conception of time and history balanced his famous rethinking of the question of space This volume also includes his earlier essays on The Rhythmanalysis Project and

Attempt at the Rhythmanalysis of Mediterranean Towns

**The Upheaval of Narratives** Pasquale De Marco, 2025-03-19

Prepare to embark on a literary odyssey that shatters the boundaries of conventional storytelling This book is a testament to the power of disruption a celebration of the literary pioneers who have dared to challenge the status quo and redefine the very essence of narrative Within these pages you ll encounter a kaleidoscope of unconventional tales each one a testament to the boundless creativity of the human imagination Journey through worlds where reality is a malleable construct where characters dance between the lines of order and chaos and where language itself becomes a subversive force Unravel the hidden meanings embedded within the fabric of language as authors weave words into intricate tapestries of subversion and resistance Witness the deconstruction of traditional structures as genres blur and blend giving rise to new and innovative forms of storytelling Discover the transformative power of metafiction where authors play with the boundaries of reality and fiction inviting readers to question the very nature of narrative itself This book is more than just a collection of stories it s a manifesto for literary revolution It s a call to arms for readers and writers alike to embrace disruption to challenge conventions and to push the boundaries of what is possible in storytelling It s an invitation to join a movement that is reshaping the landscape of literature creating a space for voices that have long been marginalized If you re ready to embark on a literary adventure that will challenge your perceptions and expand your imagination then this book is for you Prepare to be captivated by the power of unconventional storytelling as authors redefine the boundaries of narrative and unveil the infinite possibilities of the written word If you like this book write a review

Prevailing Circles Pasquale De

Marco, 2025-04-25 Prepare to embark on an intellectual odyssey into the captivating realm of complexity science with Prevailing Circles This groundbreaking book unveils the intricate patterns hidden connections and dynamic forces that shape our universe inviting you to discover a world far more interconnected and awe inspiring than you could have ever imagined Within these pages you ll delve into the mesmerizing world of cycles uncovering the rhythmic patterns that govern everything from the ebb and flow of the tides to the rise and fall of civilizations You ll explore the intricate tapestry of patterns that permeate nature and human experience revealing the underlying order and unity that binds all things together Unravel the mysteries of fractals those geometric shapes that exhibit self similarity at different scales creating intricate and mesmerizing patterns From the jagged outlines of coastlines to the delicate branching of snowflakes fractals provide a glimpse into the infinite complexity and beauty of the universe Venture into the realm of chaos and nonlinear dynamics where you ll encounter the unpredictable and often counterintuitive behavior of complex systems From the chaotic patterns of weather to the unpredictable fluctuations of the stock market chaos challenges our traditional notions of order and predictability revealing a world of dynamic and ever changing phenomena Discover the intricate web of networks and connectivity that shape our world from the social networks that connect individuals to the intricate networks of neurons in our brains Networks provide a framework for understanding the flow of information the spread of ideas and the emergence

of collective behavior As you journey through the pages of *Prevailing Circles* you ll uncover a world teeming with life diversity and interconnectedness From the intricate workings of cells to the vastness of cosmic structures complexity science reveals the profound unity and interdependence of all things inviting you to embrace a holistic and interconnected worldview Immerse yourself in the captivating world of complexity science with *Prevailing Circles* and gain a deeper understanding of the intricate patterns hidden connections and dynamic forces that shape our universe This book will transform your perception of the world revealing a realm of wonder and interconnectedness that will stay with you long after you finish reading If you like this book write a review on google books , [What is Rhythmanalysis?](#) Dawn Lyon,2018-11-15 This book is available as open access through the Bloomsbury Open Access programme and is available on [www.bloomsburycollections.com](#) In recent years there has been growing interest in Henri Lefebvre s posthumously published volume *Rhythmanalysis* For Lefebvre and subsequent scholars *rhythmanalysis* is a research strategy which offers a means of thinking space and time together in the study of everyday life and this remains its strength and appeal What is *Rhythmanalysis* addresses the task of how to do *rhythmanalysis* It discusses the history and development of *rhythmanalysis* from Lefebvre to the present day in a range of fields including cultural history and studies of place work and nature For Lefebvre it is necessary to be grasped by a rhythm at a bodily level in order to grasp it And yet we also need critical distance to fully understand it *Rhythmanalysis* is therefore both corporeal and conceptual This book considers how the body is directly deployed as a research tool in *rhythmanalytical* research as well as how audio visual methods can get at rhythm beyond the capacity of the senses to perceive it In particular the book includes detailed discussion of research on different forms of mobility from driving to dancing and on the social life of markets from finance to fish Dawn Lyon highlights the gains limitations and lively potential of *rhythmanalysis* for spatially temporally and sensually attuned practices of research This engaging text will be of interest to students and researchers in sociology criminology socio legal studies geography urban studies architecture anthropology economics and cultural studies [Rhythmanalysis](#) Dawn Lyon,2020-12-10 First published Open Access under a Creative Commons license as [What is Rhythmanalysis](#) this title is now also available as part of the Bloomsbury Research Methods series In recent years there has been growing interest in Henri Lefebvre s posthumously published volume *Rhythmanalysis* For Lefebvre and subsequent scholars *rhythmanalysis* is a research strategy which offers a means of thinking space and time together in the study of everyday life and this remains its strength and appeal This book addresses the task of how to do *rhythmanalysis* It discusses the history and development of *rhythmanalysis* from Lefebvre to the present day in a range of fields including cultural history and studies of place work and nature For Lefebvre it is necessary to be grasped by a rhythm at a bodily level in order to grasp it And yet we also need critical distance to fully understand it *Rhythmanalysis* is therefore both corporeal and conceptual This book considers how the body is directly deployed as a research tool in *rhythmanalytical* research as well as how audio visual methods can get at rhythm beyond the

capacity of the senses to perceive it In particular the book includes detailed discussion of research on different forms of mobility from driving to dancing and on the social life of markets from finance to fish Dawn Lyon highlights the gains limitations and lively potential of rhythm analysis for spatially temporally and sensually attuned practices of research This engaging text will be of interest to students and researchers in sociology criminology socio legal studies geography urban studies architecture anthropology economics and cultural studies      *Space, Mobility, and Crisis in Mega-Event Organisation* Rodanthi Tzanelli, 2022-11-25 This book advances an alternative critical posthumanist approach to mega event organisation taking into account both the new and the old crises which humanity and our planet face Taking the delayed Tokyo 2020 Olympic Games as a case study Tzanelli explores mega event crisis and risk management in the era of extreme urbanisation natural disasters global pandemic and technoscientific control Using the atmospheric term irradiation a technology of glamour and transparency as well as bodily penetration by harmful agents and strong affects the book explores this epistemological statement diachronically via Tokyo's relationship with Western forms of domination and synchronically the city as a global cultural political player but victim of climate catastrophes It presents how the Olympic enterprise's flattening of indigenous environmental place making rhythms and the scientisation of space and place in the Anthropocene lead to reductionisms harmful for a viable programme of planetary recovery An experimental study of the mega event is enacted which considers the researcher's analytical tools and the styles of human and non human mobility during the mega event as reflexive gateways to forms of posthuman flourishing Crossing and bridging disciplinary boundaries the book will appeal to any scholar interested in mobilities theory event and environment studies sociology of knowledge and cultural globalisation

**Encyclopedia of Communication Theory** Stephen W. Littlejohn, Karen A. Foss, 2009-08-18 The Encyclopedia of Communication Theory provides students and researchers with a comprehensive two volume overview of contemporary communication theory Reference librarians report that students frequently approach them seeking a source that will provide them with a quick overview of a particular theory or theorist just enough to help them grasp the general concept or theory and its relation to the discipline as a whole Communication scholars and teachers also occasionally need a quick reference for theories Edited by the co authors of the best selling textbook on communication theory and drawing on the expertise of an advisory board of 10 international scholars and nearly 200 contributors from 10 countries this work finally provides such a resource More than 300 entries address topics related not only to paradigms traditions and schools but also metatheory methodology inquiry and applications and contexts Entries cover several orientations including psycho cognitive social interactional cybernetic and systems cultural critical feminist philosophical rhetorical semiotic linguistic and discursive and non Western Concepts relate to interpersonal communication groups and organizations and media and mass communication In sum this encyclopedia offers the student of communication a sense of the history development and current status of the discipline with an emphasis on the theories that comprise it      *Way Down Yonder in the Indian Nation* Michael

Wallis,2015-01-07 A deeply sympathetic colorful evocation of life on the American prairies In Way Down Yonder in the Indian Nation a title inspired by the lyrics of Woody Guthrie best selling author Michael Wallis creates a brilliant tableau of America's heartland Featuring a new introduction by the author this collection of sixteen essays reflects the finest examples of Wallis's writing and harkens back to a time before fast food and malls replaced family owned diners along Route 66 From tales of the notorious Oklahoma panhandle where the only law was the colt and the carbine to the fate of Woody Guthrie's mother Nora who burdened by depression set fire to her kids and spent the last years of her life in an asylum Way Down Yonder in the Indian Nation brings to life some of Oklahoma's most memorable characters the famous and infamous the ordinary and down home Enclosed within the covers of this book are some of my favorite spoonfuls of Oklahoma says Wallis The result is a quintessential American book a crazy quilt of stories and a powerful portrait of Okie identity *A Time for Every Purpose*

Todd D Rakoff,2009-06-30 Sunday is more like Monday than it used to be The Fourth of July is more like the third Although time is a feature of the natural world it is at the same time not natural but given its meaning by human action and in our contemporary world primarily through the law Rakoff argues that legal regulation of the law has become weaker with unfortunate results for both individuals and families **Ethereal Dreams and Tales of Imagination** Pasquale De

Marco,2025-08-10 Ethereal Dreams and Tales of Imagination is an ethereal tapestry of dreams imagination and the boundless realms of the human mind Within these pages you will embark on a journey through the depths of your own consciousness discovering the hidden corners of your soul and the transformative power of creativity From the shadowy depths of nightmares to the celestial heights of visionary experiences Ethereal Dreams and Tales of Imagination explores the full spectrum of human experience You will encounter ancient spirits wise mentors and enigmatic creatures all of whom hold fragments of wisdom and insight that can illuminate your path Along the way you will discover the healing balm of compassion the resilience of the human spirit and the transformative power of art and imagination You will learn to navigate the labyrinth of your own emotions embrace the shadows that haunt you and find solace in the embrace of acceptance Ethereal Dreams and Tales of Imagination is an invitation to step beyond the confines of the mundane and into a world of wonder and enchantment It is a book for dreamers seekers and anyone who dares to explore the uncharted territories of the human mind Within these pages you will find inspiration solace and a deeper understanding of your own unique journey Whether you are seeking solace from the storms of life inspiration to ignite your creativity or simply a deeper connection to your inner self Ethereal Dreams and Tales of Imagination offers a sanctuary for your soul Open the pages and step into a realm where dreams and reality intertwine and the boundaries of the possible dissolve If you like this book write a review

Sounding Bodies Peter Pesic,2022-10-11 The unfolding influence of music and sound on the fundamental structure of the biomedical sciences from ancient times to the present Beginning in ancient Greece Peter Pesic writes music and sound significantly affected the development of the biomedical sciences Physicians used rhythmical ratios to interpret the pulse

which inspired later efforts to record the pulse in musical notation After 1700 biology and medicine took a sonic turn viewing the body as a musical instrument the rhythms and vibrations of which could guide therapeutic insight In *Sounding Bodies* Pesic traces the unfolding influence of music and sound on the fundamental structure of the biomedical sciences Pesic explains that music and sound provided the life sciences important tools for hearing understanding and influencing the rhythms of life As medicine sought to go beyond the visible manifestations of illness sound offered ways to access the hidden interiority of body and mind Sonic interventions addressed the search for a new typology of mental illness and practitioners used musical instruments to induce hypnotic states meant to cure both psychic and physical ailments The study of bat echolocation led to the manifold clinical applications of ultrasound such sonic devices as telephones and tuning forks were used to explore the functioning of the nerves *Sounding Bodies* follows Pesic's *Music and the Making of Modern Science* and *Polyphonic Minds* to complete a trilogy on the influence of music on the sciences Enhanced digital editions of *Sounding Bodies* offer playable music and sound examples

**Academic Times** Ulrike Felt, 2025-04-30 This open access book explores the hidden politics of time the chronopolitics that profoundly shapes the contours of academic life and knowledge production in contemporary universities Moving beyond familiar critiques of academic acceleration Ulrike Felt explores the diversity of time generators and the resultant complex multilayered timescapes that govern scholarly work and life The book examines the tensions inherent in models of linear careers and in simultaneous experiences of speed and waiting and asks questions about the ownership of time In doing so it scrutinizes relations between time and quality and points to the impact of time on how and what we can know revealing how these temporal regimes create deep asynchronicities and fragmentations and perpetuate injustices and exclusions Arguing for a more mindful approach to research Felt advocates for rethinking academia through the lens of time emphasizing the need for temporal care work in order to achieve sustainable and responsible change Aimed at researchers academic leaders and policymakers the book offers a compelling vision for a more responsive long term and equitable academic future one that challenges neoliberal models that prioritise speed competitiveness and efficiency

**Urban Squares** Mattias Kärrholm, 2016-01-02 *Studies of Urban Squares* suggests a specific and fresh take on agorology the study of urban squares The approach is one of recording everyday life and focusing on different ways to describe and investigate the public life and space of urban squares The book comprises four empirical case studies of squares focusing especially on the urban material culture and spatio temporal changes of these squares The squares are all located in the metropolitan and transnational resund region in Denmark and Sweden a region that has gone through extensive transformations during the last couple of decades The compilation of cases suggest different ways of addressing spatio temporal aspects of the everyday life of urban squares and helps us to see how the everyday life of squares plays an important part in the production of public space

**The Pearl of Sufism** Seyed Mostafa Azmayesh, 2016-02-19 *The Pearl of Sufism* offers a rich insight into the central themes and principles of Sufism which is the spiritual path of unity love

tolerance that is centred on the heart This book describes the function and the role of the heart for the Sufis in a literal and practical manner For the Sufis the heart is dwelling place of the soul which a Sufi seeker connects to through the use of mystical rhythms Sufism is a spiritual path which originated during the beginning of the history of humanity It is a living stream passing from one master to another and is connected to great prophets such as Abraham Moses Jesus and Mohammad This book through exploring the fascinating perspective of the ongoing line of mysticism and the teachings of Jesus offers convincing evidence which can lead to a new understanding of the roots of religion The teachings of the book are seasoned with wisdom and compassion and are filled with original Sufi stories and aphorisms that one can return to again and again

*Secret Language Of The Stars* R. Iniya,2025-02-18 Encouraged by Dr Myilswamy Annadurai and Dr Anand Megalingam at the Bangalore Book Festival Iniya R was inspired to give back to the community with a space science storytelling book The intention of this book is to present science as an interactive story for all age groups making it more engaging than a traditional school textbook Join Diana on a magical adventure through the stars When Diana discovers she can talk to the stars she embarks on a thrilling journey to unlock the secrets of the universe With the help of her new celestial friends Lyra Estelle Cassandra and many more including a wise and witty star named Liana Diana learns about courage friendship and the infinite possibilities of the cosmos As Diana explores the wonders of the stars

### **Celebrations**

William M. Johnston,2017-07-05 In the twentieth century celebrations of historical anniversaries abounded There was the bicentennial of the French Revolution the 150th anniversary of photography Bach s 300th anniversary and the 200th anniversary of the American Constitution to name just a few Every year hundreds of anniversaries still attract media attention and government investment in ever greater degrees Deploying an astonishing array of insights Celebrations explores the causes and consequences of this major phenomenon of our time As Johnston shows anniversaries fulfill a number of needs They provide the kind of experience of regularity across a lifetime that the weekly cycle supplies in daily life The use of anniversaries for political ends emerged during the French Revolution and expanded to promote nationalism during the nineteenth century although there are differences in how they are used Europeans tend to celebrate cultural heroes while Americans tend to celebrate events Entire nations exploit anniversaries of founding events in order to promote national identity Commercially there are whole industries built around commemoration and they provide intellectuals an opportunity to take center stage Using methods of cultural history sociology and religious studies Johnston shows how the cult of anniversaries reflects postmodern concerns It fills a void left by the disappearance of ideologies and avant gardes In an era when there is little consensus about styles or methods anniversaries allow intellectuals businesses and governments to acknowledge and celebrate every nuance of opinion By suggesting ways to use anniversaries more creatively this book offers a broad range of insights

Transforming Leisure in the Pandemic Briony Sharp,Rebecca Finkel,Katherine Dashper,2022-12-22 This is the first book to critically explore international leisure during the COVID 19 pandemic It analyses

the ways in which the pandemic has impacted upon our leisure practices and our leisure lives focusing on three key spaces public private and digital The book seeks to understand how changes in leisure have led to transformations in the ways we have had to do and redo activities such as incorporating digitalisation and distancing measures as well as dealing with restrictions on social interaction gatherings and cultural activities It presents a series of case studies covering topics as diverse as music festivals theatre on screen walking static cycling smartphone use holidays and the lockdown leisure of preschool children including people across the life course from young children to older retired people The book discusses changes in patterns of behaviour leisure experiences and leisure environments worldwide and critically re evaluates what leisure is and what it means in contemporary societies It illustrates both the significant impact the pandemic has had on leisure and the important role leisure plays in helping support and maintain individual and community well being This is fascinating reading for any student researcher or practitioner with an interest in leisure studies tourism events sociology cultural studies or performance studies
