NYC Angels: An Explosive Reunion Alison Roberts,2013-06-01 It only takes one spark Dr Alex Rodriguez and Dr Layla Woods learned the hard way that their passion was as destructive as it was sizzling They had no choice but to walk away before it destroyed their careers and their hearts for good But now they re back in each other s orbit and suddenly their past becomes their future once more Because trying to fool the buzzing hospital grapevine that the spark between them has died is a challenge And convincing each other Impossible *Sacrifice and Moral Philosophy* Marcel van Ackeren,Alfred Archer,2020-09-10 The aim of this book is to foster a more explicit and direct discussion of the concept of sacrifice and its importance in moral philosophy Acts of self sacrifice have a special place in our moral lives We admire and celebrate those who give up their lives so that others may live Despite this important role that sacrifice plays in our moral thinking moral philosophers have had surprisingly little to say about the nature of sacrifice This lack of attention to the nature of sacrifice is particularly important given that sacrifice also has an important role to play in several key debates in moral philosophy The chapters in this volume make an important contribution to our understanding of sacrifice in three areas The first part of the book investigates the nature of sacrifice The next group of chapters investigates the role of sacrifice in moral philosophy Three of these pieces investigate the role of sacrifice in our moral lives generally while two investigate the role of sacrifice in relation to particular moral theories The final two chapters investigate the value of sacrifice in relation to political and theological issues The chapters in this book were originally published as a special issue of the International Journal of Philosophical Studies *The Francis Bacon Mysteries Volume One* Janice Law,2018-10-02 The first three brilliantly realized novels in the Lambda Literary Award winning historical mystery series featuring the real life British painter Spanning London during the Blitz to the postwar French Riviera to Tangier in the 1950s these three mysteries in Janice Law s award winning Francis Bacon series richly reimagine the life of the famous and flamboyant Irish born British painter as an artist sleuth unflappable and acidly witty as he courts danger solves murders and navigates international intrigue Booklist Fires of

London Francis Bacon patrols the streets of wartime London during the Blitz as an air raid warden keeping watch for activities that might tip off the Axis powers One night while making his rounds the painter discovers an acquaintance from the gay bars murdered in Hyde Park But he is only the first victim Under cover of the blackout someone is killing young gay men When Bacon himself is suspected he is driven to find a killer on the ground even as the Luftwaffe continues to rain death from the sky Fires of London was a 2012 Lambda Literary Award Finalist for Best Gay Mystery Law does a bangup job of recreating London during the Blitz and portraying real life artist Francis Bacon as an unlikely sleuth Publishers Weekly The Prisoner of the Riviera World War II may be over but the painter's troubles are just beginning After Bacon and his lover try to save a Frenchman gunned down outside a London gambling club the casino owner approaches him with a proposition He will forgive Bacon's considerable debts if he delivers a package to the dead man's widow on the French Riviera What gambler could resist a trip to Monte Carlo But against a bright backdrop of sun drenched beaches Bacon is soon drawn into dark intrigue and forced to gamble with his life The Prisoner of the Riviera won the 2013 Lambda Literary Award for Best Gay Mystery Law is close to perfect in presenting the timeless charms of the Riviera and she's just as satisfying in shaping Bacon as a reluctant but brave and somewhat lucky sleuth Toronto Star Moon Over Tangier Following his unstable lover David from London to colonial Morocco Bacon falls in with a thriving community of expats in Tangier who guzzle champagne while revolutionaries gather in the desert But when the painter identifies a friend's Picasso as a fake he soon finds himself entangled in the police investigation surrounding the forger's demise Between the bustle of postwar Tangier and the emptiness of the desert Bacon finds that in Morocco's international zone even the fakes can be worth killing for The pacing is good the bad guys and gals are bad and the integration of art and painting provides a solid framework on which to hang the story Historical Novel Society *High Heels and Gumboots* Rebecca Hayter, 2025-04-01 For anyone who has dreamed of living in the country here's the hilarious heart warming brutal reality Rebecca Hayter was a high profile yachting journalist based in Auckland when she followed a whim to buy a lifestyle block on the beach at Golden Bay at the top of the South Island but she didn't know what she didn't know Unexpectedly in charge of chickens sheep and an orchard Rebecca shamelessly exploited local knowledge as she tackled drought isolation and the mysteries of her Massey Ferguson 135 As a journalist she explored local politics and the differences between urban and rural New Zealand As a daughter she explored the most complex relationship of her life Based on the author's column of the same name Best Columnist Blogger in the Media Awards 2020 for North South magazine this is a candid hilarious heartbreaking and heartwarming story of a woman learning the realities of life on the farm and finding confidence in new skills and in herself
