Bick,2022-03-20 CLAWS THAT CATCH As a reward for her loyalty and cunning Katana Tormark has been granted the rank of Warlord of Dieron a somewhat dubious honor For even as she is given her new title she is also given a nearly impossible task to prove her worth one that may usher in a new era of interplanetary chaos Barely three generations ago the Draconis Combine ceded control of dozens of planets to the Republic of the Sphere But now with Terra locked behind its impenetrable Fortress Wall these same planets are left to fend for themselves Some go on as if nothing has changed while others find themselves pawns in a deadly game of territorial sovereignty These are the planets Katana must take over if she is to reestablish the historic Dieron Military District If she can manage this with minimal resources and the very subtle support of the Coordinator then she will become a full fledged warlord of House Kurita But Katana s enemies inside and outside the Combine see the ensuing confusion as a chance to destroy her once and for all *BattleTech Legends: Heretic's Faith*
