*The Ballets of Maurice Ravel* Deborah Mawer, 2017-07-05 Maurice Ravel as composer and scenario writer collaborated with some of the greatest ballet directors choreographers designers and dancers of his time including Diaghilev Ida Rubinstein Benois and Nijinsky In this book the first study dedicated to Ravel's ballets Deborah Mawer explores these relationships and argues that ballet music should not be regarded in isolation from its associated arts Indeed Ravel's views on ballet and other stage works privilege a synthesized aesthetic The first chapter establishes a historical and critical context for Ravel's scores engaging en route with multimedia theory Six main ballets from *Daphnis et Chloë* through to *Bol* are considered holistically alongside themes such as childhood fantasy waltzing and neoclassicism Each work is examined in terms of its evolution premiere critical reception and reinterpretation through to the present new findings result from primary source research undertaken especially in Paris The final chapter discusses the reasons for Ravel's collaborations and the strengths and weaknesses of his interpersonal relations Mawer emphasizes the importance of the performative dimension in realizing Ravel's achievement and proposes that the composer's large scale oeuvre can in a sense be viewed as a balletic undertaking In so doing this book adds significantly to current research interest in artistic production and interplay in early twentieth century Paris

**The New Elizabethan Age** Irene Morra, Rob Gossedge, 2016-09-30 In the first half of the twentieth century many writers and artists turned to the art and received example of the Elizabethans as a means of articulating an emphatic and anti Victorian modernity By the middle of that century this cultural neo Elizabethanism had become absorbed within a broader mainstream discourse of national identity heritage and cultural performance Taking strength from the Coronation of a new young Queen named Elizabeth the New Elizabethanism of the 1950s heralded an era that would now see its modern televised monarch preside over an imminently glorious and artistic age This book provides the first in depth investigation of New Elizabethanism and its legacy With contributions from leading cultural practitioners and scholars its essays explore New Elizabethanism as variously manifest in ballet and opera the Coronation broadcast and festivities national historiography and myth the idea of the Young Elizabethan celebrations of air travel and new technologies and the New Shakespeareanism of theatre and television As these essays expose New Elizabethanism was much more than a brief moment of optimistic

hyperbole Indeed from modern drama and film to the reinternment of Richard III from the London Olympicsto the funeral of Margaret Thatcher it continues to pervade contemporary artistic expression politics and key moments of national pageantry

Preserving Dance Across Time and Space Lynn Brooks, Joellen Meglin, 2016-05-06 Dance is the art least susceptible to preservation since its embodied kinaesthetic nature has proven difficult to capture in notation and even in still or moving images However frameworks have been established and guidance made available for keeping dances performances and choreographers legacies alive so that the dancers of today and tomorrow can experience and learn from the dances and dancers of the past In this volume a range of voices address the issue of dance preservation through memory artistic choice interpretation imagery and notation as well as looking at relevant archives legal structures documentation and artefacts The intertwining of dance preservation and creativity is a core theme discussed throughout this text pointing to the essential continuity of dance history and dance innovation The demands of preservation stretch across time geographies institutions and interpersonal connections and this book focuses on the fascinating web that supports the fragile yet urgent effort to sustain our dancing heritage The articles in this book were originally published in the journal *Dance Chronicle Studies in Dance and the Related Arts*
