## **Highresolution Radar:**

*Sea Surface Roughness Observed by High Resolution Radar* Atsushi Fujimura, Susanne Lehner, Alex Soloviev, Xiaofeng Li, 2019-10-25 Changes in sea surface roughness are usually associated with a change in the sea surface wind field This interaction has been exploited to measure sea surface wind speed by scatterometry A number of features on the sea surface associated with changes in roughness can be observed by synthetic aperture radar SAR because of the change in Bragg backscatter of the radar signal by damping of the resonant ocean capillary waves With various radar frequencies resolutions and modes of polarization sea surface features have been analyzed in numerous campaigns bringing various datasets together thus allowing for new insights into small scale processes at a larger areal coverage This Special Issue aims at investigating sea surface features detected by high spatial resolution radar systems such as SAR *High-Resolution Microwave Imaging* Ruliang Yang, Haiying Li, Shiqiang Li, Ping Zhang, Lulu Tan, Xiangwu Gao, Xueyan Kang, 2017-12-13 This book comprehensively describes high resolution microwave imaging and super resolution information processing technologies and discusses new theories methods and achievements in the high resolution microwave imaging fields Its chapters which include abundant research results and examples systematically summarize the authors main research findings in recent years The book is intended for researchers engineers and postgraduates in the fields of electronics systems signal information processing and data analysis microwave remote sensing and microwave imaging radar as well as space technology especially in the microwave remote sensing and airborne or space borne microwave imaging radar fields

**Flood Assessment** Eric W. Harmsen, Megh R. Goyal, 2017-12-22 About 7 000 people lose their lives and nearly 100 million people are adversely affected by floods each year worldwide Flooding occurs in almost every part of the world and is the result of extreme rainfall Severe flooding also costs billions of dollars each year in damage and economic losses This new volume focuses on two detailed studies that employ physically based hydrologic models to predict flooding in the particularly challenging environment of small watersheds with mountainous terrain and high intensity high variability rainfall

**Introduction to Electronic Defense Systems** Filippo Neri, 2006 This revised edition surveys sophisticated electronic warfare systems with the latest technological advances New material covers current radar techniques with the latest in IR techniques and EW weapons systems and defense equipment It also includes an introduction to Information Operations and Information Warfare *DDC Retrieval and Indexing Terminology* Defense Documentation Center (U.S.), 1975 **Scientific and Technical Aerospace Reports** ,1995 **NASA Technical Memorandum** ,1990 *StarBriefs 2001* ,2012-12-06 This compilation probably looks like one of the craziest things a human being could spend his or her time on Yet nobody would wonder at someone taking a short walk every day after twenty five years that person would have covered a surprisingly long distance This is exactly the story behind this list which appeared first as a few pages within the directory StarGuides or whatever name it had at that time and as a distinct sister publication since 1990 The idea behind this dictionary is to offer

astronomers and related space scientists practical assistance in decoding the numerous abbreviations acronyms contractions and symbols which they might encounter in all aspects of the vast range of their professional activities including traveling Perhaps it is a bit paradoxical but if scientists quickly grasp the meaning of an acronym solely in their own specific discipline they will probably encounter more difficulties when dealing with adjacent fields It is for this purpose that this dictionary might be most often used Scientists might also refer to this compilation in order to avoid identifying a project by an acronym which already has too many meanings or confused definitions
