Highroad To The Stake A Tale Of Witchcraft:

Highroad to the Stake Michael Kunze, William E. Yuill, 1989-06 **Defiled Trades and Social Outcasts** Kathy Stuart, 2000-05-04 This book presents a social and cultural history of dishonourable people *unehrliche Leute* an outcast group in early modern Germany Executioners skinnners grave diggers shepherds barber surgeons millers linen weavers sow gelders latrine cleaners and bailiffs were among the dishonourable by virtue of their trades This dishonour was either hereditary often through several generations or it arose from ritual pollution whereby honourable citizens could become dishonourable by coming into casual contact with members of the outcast group The dishonourable milieu of the city of Augsburg from the sixteenth to the eighteenth centuries is reconstructed to show the extent to which dishonour determined the life chances and self identity of dishonourable people The book then investigates how honourable estates interacted with dishonourable people and how the pollution anxieties of early modern Germans structured social and political relations within honourable society **Cultures of Darkness** Bryan D. Palmer, 2019-02-15 Peasants religious heretics witches pirates runaway slaves prostitutes and pornographers frequenters of taverns and fraternal society lodge rooms revolutionaries blues and jazz musicians beats and contemporary youth gangs those who defied authority choosing to live outside the defining cultural dominions of early insurgent and later dominant capitalism are what Bryan D Palmer calls people of the night These lives of opposition or otherness were seen by the powerful as deviant rejecting authority and consequently threatening to the established order Constructing a rich historical tapestry of example and experience spanning eight centuries Palmer details lives of exclusion and challenge as the night travels of the transgressors clash repeatedly with the powerful conventions of their times Nights of liberation and exhilarating desire sexual and social are at the heart of this study But so too are the dangers of darkness as marginality is coerced into corners of pressured confinement or the night is used as a cover for brutalizing terror as was the case in Nazi Germany or the lynching of African Americans Making extensive use of the interdisciplinary literature of marginality found in scholarly work in history sociology cultural studies literature anthropology and politics Palmer takes an unflinching look at the rise and transformation of capitalism as it was lived by the dispossessed and those stamped with the mark of otherness **Other Peoples' Myths** Wendy Doniger, 1995-11 Other People s Myths celebrates the universal art of storytelling and the rich diversity of stories that people live by Drawing on Biblical parables Greek myths Hindu epics and the modern mythologies of Woody Allen and soap operas Wendy Doniger O Flaherty encourages us to feel anew the force of myth and tradition in our lives and in the lives of other cultures She shows how the stories of mythology whether of Greek gods Chinese sages or Polish rabbis enable all cultures to define themselves She raises critical questions about the way we interpret mythical stories especially the way different cultures make use of central texts and traditions And she offers a sophisticated way of looking at the roles myths play in all cultures **Nexus** Yuval Noah Harari, 2025-09-16 From the 1 New York Times bestselling author of *Sapiens* comes the groundbreaking story of how

information networks have made and unmade our world For the last 100 000 years we Sapiens have accumulated enormous power But despite all our discoveries inventions and conquests we now find ourselves in an existential crisis The world is on the verge of ecological collapse Misinformation abounds And we are rushing headlong into the age of AI a new information network that threatens to annihilate us For all that we have accomplished why are we so self destructive Nexus looks through the long lens of human history to consider how the flow of information has shaped us and our world Taking us from the Stone Age through the canonization of the Bible early modern witch hunts Stalinism Nazism and the resurgence of populism today Yuval Noah Harari asks us to consider the complex relationship between information and truth bureaucracy and mythology wisdom and power He explores how different societies and political systems throughout history have wielded information to achieve their goals for good and ill And he addresses the urgent choices we face as non human intelligence threatens our very existence Information is not the raw material of truth nor is it a mere weapon Nexus explores the hopeful middle ground between these extremes and in doing so rediscovers our shared humanity

Infanticide and Abortion in Early Modern Germany Margaret Brannan Lewis, 2016-03-17 This book is the first work to look at the full range of three centuries of the early modern period in regards to infanticide and abortion a period in which both practices were regarded equally as criminal acts Faced with dire consequences if they were found pregnant or if they bore illegitimate children many unmarried women were left with little choice Some of these unfortunate women turned to infanticide and abortion as the way out of their difficult situation This book explores the legal social cultural and religious causes of infanticide and abortion in the early modern period as well as the societal reactions to them It examines how perceptions of these actions taken by desperate women changed over three hundred years and as early modern society became obsessed with a supposed plague of murderous mothers resulting in heated debates elaborate public executions and a media frenzy Finally this book explores how the prosecution of infanticide and abortion eventually helped lead to major social and legal reformations during the age of the Enlightenment

Wondrous in His Saints Philip M. Soergel, 2024-06-28 At the close of the sixteenth century despite Protestant attempts to discourage popular devotion to saints and shrines the Roman Church in Bavaria initiated a propagandistic campaign through the publishing of pilgrimage books and pamphlets Philip Soergel's cogent exploration of this little known pilgrimage literature yields a vivid portrait of religion before during and after the Reformation and Counter Reformation These advertisements combining testimonies of miracles with fantastic legends about shrines fueled the conflict between Catholics and Protestants and helped shape a distinctive Catholic historical consciousness Soergel stresses the power of the printed word as a defense of traditional authority testing other historians' assertions about the neglect of printing and literacy in the Counter Reformation This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1993

Religious Identity in an Early Reformation Community Michele Zelinsky Hanson, 2009 Debate over the usefulness of the confessionalization thesis as a way of understanding the Reformation's impact on later Sixteenth Century Europe has distracted attention from the experiences of people in the early years of reform Based on interrogations recorded in Augshurg Germany in the first half of the sixteenth century the compelling portraits of individual believers presented in this book provide a rare insight into the lives of ordinary people during one of the most controversial periods in

The Historical Writings of Joseph of Rosheim Chava Fraenkel-Goldschmidt, 2006-09-30 Joseph of Rosheim sixteenth century leader of the Jews in the Holy Roman Empire left historical writings that are presented here in a critical edition published now for the first time in English translation The principal part of the book is devoted to a Hebrew manuscript a chronicle left by R Joseph in which he describes incidents from the history of his life and that of the Jews in his day and age R Joseph writes with extreme terseness often in cryptic language and therefore his chronicle appears here with prefaces background information and a commentary The prefaces provide important information about the blood libels and the expulsions the debate concerning Solomon Molcho's messianic ideas and the influence R Joseph exerted at the court of Emperor Charles V Particularly valuable for the study of Christian Jewish relations in the Reformation period are two other documents printed here The Letter of Consolation is a long epistle that R Joseph wrote to the Jews of Hesse in 1541 advising them on how to cope with the harsh decrees enacted against them and discussing the attitudes of some leading Reformers towards the Jews Also included in the book is his Letter to Strasbourg City Council of July 1543 which contains his response to Martin Luther's anti Jewish tracts This book can be considered a sequel to the critical edition in Hebrew of R Joseph's large work *Sefer ha Miknah* which Chava Fraenkel Goldschmidt published in 1970 The Afterword discusses some of the most recent research into Joseph of Rosheim's activities and writings

Imagining the Witch Laura Kounine, 2018-11-01 *Imagining the Witch* explores emotions gender and selfhood through the lens of witch trials in early modern Germany Witch trials were clearly a gendered phenomenon but witchcraft was not a uniquely female crime While women constituted approximately three quarters of those tried for witchcraft in the Holy Roman Empire a significant minority were men Witchcraft was also a crime of unbridled passion it centred on the notion that one person's emotions could have tangible and deadly physical consequences Yet it is also true that not all suspicions of witchcraft led to a formal accusation and not all witch trials led to the stake Indeed just over half the total number put on trial for witchcraft in early modern Europe were executed In order to understand how early modern people imagined the witch we must first begin to understand how people understood themselves and each other this can help us to understand how the witch could be a member of the community living alongside their accusers yet inspire such visceral fear Through an examination of case studies of witch trials that took place in the early modern Lutheran duchy of Württemberg in southwestern Germany Laura Kounine examines how the community church and the agents of the law sought to identify the witch and the ways in which ordinary men and women fought for their lives in an attempt to avoid the stake The study further explores the visual and intellectual imagination of witchcraft in this period in order to piece together why witchcraft could be aligned with such strong female stereotypes on the one hand but also be imagined as a crime that could

be committed by any human whether young or old male or female By moving beyond stereotypes of the witch *Imagining the Witch* argues that understandings of what constituted witchcraft and the witch appear far more contested and unstable than has previously been suggested It also suggests new ways of thinking about early modern selfhood which moves beyond teleological arguments about the development of the modern self Indeed it is the trial process itself that created the conditions for a diverse range of people to reflect on and give meaning to emotions gender and the self in early modern Lutheran Germany
