Las hijas de Tara Laura Gallego, 2021-05-12 *Las hijas de Tara (NE)*, **Imaginative Ecologies**, 2021-12-13
Imaginative Ecologies Inspiring Change through the Humanities highlights the role literature and visual arts play in fostering sustainability. It weaves together contributions by international scholars, practitioners, and environmental activists whose insights are brought together to illustrate how creative imaginations can inspire change. One of the most outstanding characteristics of this volume is its interdisciplinarity and its varied methods of inquiry. The field of environmental humanities is discussed together with ideas such as the role of the public intellectual and *el buen vivir*. Examples of ecofiction from the UK, the US, and Spain are analysed while artistic practices aimed at raising awareness of the effects of the Anthropocene are presented as imaginative ways of reacting against climate change and rampant capitalism. The Routledge Handbook of Ecofeminism and Literature Douglas A. Vakoch, 2022-09-19 The Routledge Handbook of Ecofeminism and Literature explores the interplay between the domination of nature and the oppression of women as well as liberatory alternatives bringing together essays from leading academics in the field to facilitate cutting edge critical readings of literature. Covering the main theoretical approaches and key literary genres of the area, this volume includes Examination of ecofeminism through the literatures of a diverse sampling of languages including Hindi, Chinese, Arabic, and Spanish; native speakers of Tamil, Vietnamese, Turkish, Slovene, and Icelandic. Analysis of core issues and topics offering innovative approaches to interpreting literature including activism, animal studies, cultural studies, disability, gender, essentialism, hegemonic masculinity, intersectionality, material ecocriticism, postcolonialism, posthumanism, postmodernism, race, and sentimental ecology. Surveys key periods and genres of ecofeminism and literary criticism including chapters on Gothic, Romantic, and Victorian literatures; children and young adult literature; mystery and detective fictions; interconnected genres of climate fiction, science fiction, and fantasy; and distinctive perspectives provided by travel writing, autobiography, and poetry. This collection explores how each of ecofeminism's core concerns can foster a more emancipatory literary theory and criticism now and in the future. This comprehensive volume will be of great interest to scholars and students of literature, ecofeminism, ecocriticism, gender studies, and the environmental humanities. **Hijas del viejo sur** Constante González Groba, 2013-03-06 L'estudi de la dona s fonamental per a entendre els mites i les realitats de la cultura del Sud dels Estats Units. Aquest volum estudia com la producció literària d'autors del sud blancs i negres es va veure condicionada pel sistema esclavista i per la segregació racial i com aquestes escriptores es van sentir afectades de diverses maneres pels rols i les imatges sexuals i racials que les van definir. Les obres de totes aquestes autores destaquen la participació de la dona del sud tant en el manteniment com en la destrucció dels mites d'un Sud que el vent encara no sembla haver-se l'emportat. *La novela juvenil española contemporánea* Carolina Suárez Hernán, La novela juvenil española contemporánea es un estudio de la narrativa para adolescentes y jóvenes publicada en España en las últimas décadas en el que se abordan todos los elementos implicados como la

delimitación del ámbito de estudio y los factores extraliterarios relacionados con la lectura La noción de novela juvenil es objeto de análisis como los rasgos específicos del panorama editorial El libro maneja un extenso número de autores y de novelas y lleva a cabo un análisis narratológico de los aspectos más relevantes Igualmente se caracterizan los distintos subgéneros y temáticas con numerosos ejemplos de manera que el volumen sea representativo y sirva como guía para adentrarse en el interesante campo de la literatura para jóvenes
