*King of the Con Men* Doug Hartman, Roger Day, 1995-01-01      *Priests and Politicians* Osho, 2016-10-11 For five thousand years the politician and the priest have been in the same business In this provocative volume Osho invites us to look through his microscope and examine not only the profound influence of religion and politics in society but also its influence in our inner world To the extent we have internalized and adopted as our own the values and belief systems of the powers that be he says we have boxed ourselves in imprisoned ourselves and tragically crippled our vision of what is possible From Occupy Wall Street to the Arab Spring from the election of the first Black president in the United States to the appointment of a new pope who promises to use St Francis of Assisi as a role model following endless scandals involving child abuse the roles of priests and politicians in our public life have recently captured the attention of our times often just initiating another round of hope and subsequent disillusionment In other words wittingly or unwittingly we keep digging ourselves deeper into the mess we are in A new kind of world is possible but only if we understand clearly how the old has functioned up to now And based on that understanding take the responsibility and the courage to become a new kind of human being You have to be aware who the real criminals are The problem is that those criminals are thought to be great leaders sages saints mahatmas So I have to expose all these people because they are the causes For example it is easier to understand that perhaps politicians are the causes of many problems wars murders massacres burning people It is more difficult when it comes to religious leaders because nobody has raised his hand against them They have remained respectable for centuries and as time goes on their respectability goes on growing The most difficult job for me is to make you aware that these people knowingly or unknowingly that does not matter have created this world      *American Tricksters* William J. Jackson, 2014-12-18 Tricksters are known by their deeds Obviously not all the examples in *American Tricksters* are full blown mythological tricksters like Coyote Raven or the Two Brothers found in Native American stories or superhuman figures like the larger than life Davy Crockett of nineteenth century tales Newer expressions of trickiness do share some qualities with the Trickster archetype seen in myths Rock stars who break taboos and get away with it heroes who overcome monstrous circumstances crafty folk who find a way to survive and thrive when the odds are against them men making spectacles of themselves by feeding their astounding appetites in public all have some trickster qualities Each person every living creature who ever faced an obstacle and needed to get around it has found the built in trickster impulse Impasses turn the trickster gene on or stimulate the trick performing imagination that s life To explore the ways and means of trickster maneuvers can alert us to pitfalls help us appreciate tricks that are entertaining and aid us in fending off ploys which drain our resources and ruin our lives Knowing more about the Trickster archetype in our psyches helps us be more self aware      **The African American Theatre Directory, 1816-1960** Lena McPhatter Gore, 1997-05-28 A comprehensive directory of more than 600 entries this detailed ready reference features professional semi professional and academic stage organizations and theatres that have
