Axelrod, 2009-06-02 Flat out one of the most interesting antique bottles and more books I ve read in years To say that a book about California might rank with Kevin Starr's Americans and the California Dream or Mike Davis City of Quartz is dangerously high praise but I think Axelrod s book may someday be in that league John Ganim University of California Riverside Inventing Autopia thoughtfully weaves together planning and policy history with cultural history to great effect It is sure to change our understanding of the ways in which Los Angeles not only grew and developed but envisioned itself in the era William Deverell author of Whitewashed Adobe The Rise of Los Angeles and the Remaking of Its Mexican Past A Covenant with Color Craig Steven Wilder, 2000-07-05 Spanning three centuries of Brooklyn history from the colonial period to the present A Covenant with Color exposes the intricate relations of dominance and subordination that have long characterized the relative social positions of white and black Brooklynites Craig Steven Wilder examining both quantitative and qualitative evidence and utilizing cutting edge literature on race theory demonstrates how ideas of race were born how they evolved and how they were carried forth into contemporary society In charting the social history of one of the nation's oldest urban locales Wilder contends that power relations in all their complexity are the starting point for understanding Brooklyn's turbulent racial dynamics. He spells out the workings of power its manipulation of resources whether in the form of unfree labor privileges of citizenship better jobs housing government aid or access to skilled trades Wilder deploys an extraordinary spectrum of evidence to illustrate the mechanics of power that have kept African American Brooklynites in subordinate positions from letters and diaries to family papers of Kings County s slaveholders from tax records to the public archives of the Home Owners Loan Corporation Wilder illustrates his points through a variety of cases including banking interests the rise of Kings County's colonial elite industrialization and slavery race based distribution of federal money in jobs and mortgage loans during and after the Depression He delves into the

evolution of the Brooklyn ghetto tracing how housing segregation corralled African Americans in Bedford Stuyvesant The book explores colonial enslavement the rise of Jim Crow labor discrimination and union exclusion and educational inequality Throughout Wilder uses Brooklyn as a lens through which to view larger issues of race and power on a national level One of the few recent attempts to provide a comprehensive history of race relations in an American city A Covenant with Color is a major contribution to urban history and the history of race and class in America Brooklyn Richard L. Dutton, 2004 Between 1905 and 1907 Brooklyn's leading newspaper the Daily Eagle published a remarkable series of almost five hundred postcards most with photographs of local scenes Brooklyn in that era was as it is today a place of great variety with imposing factories sprawling riverfront sugar refineries scores of public schools elaborate mansions and hundreds of blocks of middle class brownstone row houses side by side with public wood yards free floating baths the county jail reformatories and hospitals Brooklyn was known as the borough of churches and grand religious edifices of all denominations stood on nearly every corner For recreation there were social clubs acres of beautifully landscaped public parks graced by statues of heroes of the past and the teeming midways and beaches of Coney Island All of this is captured in Brooklyn The Brooklyn Daily Giving It All Away Margaret A Leary, 2011-08-30 The first biography of William W Cook the Eagle Postcards 1905 1907 man who made possible the Michigan Law Quadrangle The Tall Buildings Reference Book David Parker, Antony Wood, 2013-04-12 As the ever changing skylines of cities all over the world show tall buildings are an increasingly important solution to accommodating growth more sustainably in today s urban areas Whether it is residential a workplace or mixed use the tower is both a statement of intent and the defining image for the new global city The Tall Buildings Reference Book addresses all the issues of building tall from the procurement stage through the design and construction process to new technologies and the building s contribution to the urban habitat A case study section highlights the latest the most innovative the greenest and the most inspirational tall buildings being constructed today A team of over fifty experts in all aspects of building tall have contributed to the making of the Tall Buildings Reference Book creating an unparalleled source of information and inspiration for architects engineers and developers
