## **Kinkaseki One Day At A Time:**

*Kinkaseki* Arthur Titherington, 2000 The scars on my body have healed but there remain scars that I am unable to show Twenty years old when the Japanese took me prisoner I spent my twenty first birthday working in the copper mine at Kinkaseki Almost four years of irrecoverable youth were left in the depths of that mine I do not forget I do not forgive Arthur Titherington Arthur Titherington has led the fight for justice over the treatment the POWs received at the hands of the Japanese For more than 50 years he has battled to gain a meaningful apology from the Japanese Government and for compensation for what he and his comrades suffered In the pages of this heartbreaking memoir he details exactly what happened to him during those terrible terrible years His honesty and frankness are both inspiring and moving *Surviving the Japanese Onslaught* William Tate, 2016-11-30 These are the firsthand memoirs of the late William Albert Tate W O RAF Bomber Command framed within the factual history of his service career in the Royal Air Force between the years 1938 and 1946 penned by his son This gripping narrative relays William s firsthand recollections of his time spent as a Japanese Prisoner of War when he was incarcerated for two years in Rangoon Gaol after bailing out of his Wellington over Burma Tales of the harsh brutalities inflicted by his captors and the unsanitary conditions in which he and his fellow captives were held offer a real sense of the everyday realities experienced by Japanese Prisoners of War at this time Jungle diseases enforced starvation sadistic torture tactics and the ever present threat of aerial bombardment all beset these prisoners William and his son meditate on the legacies of enduring such trials as these in an engaging account of survival against the odds *A Pride of Eagles* Beryl Salt, 2001 This volume chronicles the story of military aviation in Rhodesia from the early romantic days of bush flying in the 20s and 30s when aircraft were refuelled from jerry cans and landing grounds were often the local golf course In 1939 before the outbreak of World War II the tiny Rhodesian Air Force became the first to take up battle stations The three Rhodesian squadrons served in East Africa the Western Desert Italy and Western Europe At home Rhodesia became a vast training ground for airmen from Britain the Commonwealth and Greece After the war Rhodesia rebuilt its air force on a tiny budget equipping it with Ansons Spitfires Vampires Canberras Hunters and Alouettes In later years after the imposition of sanctions and during the bitter bush war years many remarkable innovations were made to keep the RhAF flying in the vanguard of counter insurgency operations This colorful look at the Rhodesian Air Force is sure to be of interest to military historians everywhere **Jungle Journal** Frank Williams, Ronald Williams, 2013-03-01 This is the story of a young Royal Artillery officer Lieutenant Ronald Williams who was held as a prisoner of war in the Japanese occupied Dutch East Indies from 1942-45 It is a true account of the alternate horror and banality of daily life and the humor that helped the men survive the beatings deprivation and death of comrades Told through the diary and papers of Williams and others *Jungle Journal* includes many cartoons and poems produced by the prisoners as well as extracts from the original *Jungle Journal* a newspaper created by the men under the noses of their guards Ronald Williams was the editor of this potentially fatal

publication *Jungle Journal* describes the survival of hope even in desperate straits and is a testament to those men whose courage and fortitude were tested to the limit under the tropical sun      **Anecdotes of the Anglo-Boer War** Rob

Milne, 2000 This often touching sometimes hilarious book does not focus on dates or military strategy nor does it attempt to condemn or vindicate the people involved Rather it focuses on the human interest stories that flavored this The Last of the Gentlemen s Wars From the humorous story of the Boers firing shells laden with plum pudding on Christmas day into the besieged town of Ladysmith to the tragic Legend of the Flowers this volume is sure to entertain educate and inspire

*Mafeking!* Malcolm Flower-Smith, Edmund James Yorke, 2000 Mafeking ranks as one of the major military epics of the Anglo Boer War A courageous garrison led by British Army Colonel Baden Powell the founder of the Boy Scouts withstood more than seven months of starvation death and destruction before they were relieved A powerful story of human endurance

Berkeley Journal of International Law , 2002      *1945: The Reckoning* Phil Craig, 2025-04-24 As the fate of the world is decided so too is that of the British Dutch and French empires In India a generation committed to independence must decide whether to support the Raj or fight alongside the Japanese One military family is bitterly divided Will it be the brother who serves under British command or the one who follows Subhas Chandra Bose and his Indian National Army who goes on to help build a new and free India In Borneo a little known Australian special forces campaign secretly controlled from London goes horribly wrong as questions are asked about whether its true purpose is military or imperial And in Indochina and the East Indies British Generals free and arm Japanese prisoners of war and use them in savage campaigns that aim to put colonial rulers back into their palaces Clearing away the haze of nostalgia many uncomfortable truths emerge but so too does a humane and balanced exploration of what victory in the Second World War truly means      Schmales Gewässer,

**Banzai, You Bastards!** Jack Edwards, Jimmy Walter, 1994 The story of the hell mine of Kinkaseki ranks with the Bridge over the River Kwai as one of the most appalling episodes of the war in the Far East Yet until now it has been known only to a few At Kinkaseki on the island of Taiwan Allied POWs were forced by the Japanese to slave underground year after year in conditions of extreme danger subjected to savage floggings if weakness or illness prevented them from digging their required quota of copper ore Starved tortured ravaged by dysentery they died in hundreds Written by one of the men who survived who has since fought ceaselessly for compensation *Banzai You Bastards* describes with moving simplicity the indomitable spirit of men who refused to be beaten into submission An important first hand document of history it publishes for the first time a copy of the secret order from the Japanese High Command to massacre all POWs and leave no traces This order known only to a select secret committee of prisoners which included the author hung over them for nearly a year before the A Bombs and until they were released by the US Marines after the surrender of the Japanese in September 1945 This book records one of the most terrible aspects of warfare Its closing words None of us should forget have been chosen for use on six War Memorials to date in Thailand Singapore New Zealand and Yeovilton England Back jacket cover *Tomorrow You Die* Andy Coogan, 2012-08-23 Andy Coogan was born in Glasgow in 1917 the oldest child of poor Irish immigrants He was tipped for Olympic glory but a promising running career was interrupted by war service His capture during the fall of Singapore marked the beginning of a three and a half year nightmare of starvation torture and disease Andy was imprisoned in the notorious Changi camp before being transported to Taiwan where he worked as a slave in a copper mine and was twice ordered to dig his own grave He was later taken to Japan on a hellship voyage that nearly killed him but Andy's athleticism

and spirit enable him to survive an ordeal in which many died From his poverty stricken boyhood in the slums of the Gorbals to the atomic wasteland of Nagasaki Andy s life story is vividly recounted in Tomorrow You Die an epic compassionate tale that will shock enthral and inspire      **The Fatal Flag** Gordon Stephenson,2011 This is the true story of English Brigadier Claude Richards P O W and a story which adds a missing dimension to the many accounts of this period in Japanese WWII history It concentrates on the plight of high ranking officers whose experiences as a group have largely been ignored Made possible by his copious yet covertly written notes Claude s legacy also presented an opportunity to write a partial biography of his interesting family at a time when the misfortunes of war kept it apart Deprived of any letters from his wife for the majority of his imprisonment Claude still generated vital psychological support from the connection he maintained by writing notional letters to her His conversational narrative also contains frequent appraisals of his fellow officers not always complimentary From the malarious tropics of Formosa to the freezing gales of Manchuria ageing men endured physical and mental abuse the torment of starvation and the attrition of disease but it was a consolation to the wretched to have companions in misery and most survived A combination of literature cards rumour and humour or the stimulation of latent wanderlust in some cases helped relieve the ennui and frustration of those wasted years A personal and human story The Fatal Flag will appeal to followers of military history      *British Book News* British Council,1993 Includes no 53a British wartime books for young people      *Taiwan* Steven Crook,2010 From sword wielding shamans to unique birds an in depth guide to Taiwan s human and natural attractions      **Hong Kong's War Crimes Trials** Suzannah Linton,2013-09-26 Immediately after the Second World War 46 trials were held by the British military in Hong Kong in which 123 defendants mainly from Japan were tried for war crimes This book is the first to analyze these trials situating them within their historical context and showing their importance for the development of international criminal law      *Scattered Under the Rising Sun* Stewart Mitchell,2013-01-19 The harrowing true story of the Scottish battalion that spent over three years in Japanese captivity during World War II Posted to Singapore in 1937 with their families the members of the 2nd Battalion Gordon Highlanders found themselves fighting bravely when the Japanese invaded Malaya in December 1941 But by mid February came the surrender of Singapore and those who were not killed became POWs After initial incarceration in Singapore the Gordons were dispersed to work on the famous Thai Burma railway in the mines of Taiwan and Japan and on other slave labor projects The conditions they existed under defy modern comprehension Others died trapped in hell ships torpedoed by allied submarines Of the thousand men involved initially over four hundred had died before liberation in summer 1945 Despite their diverse backgrounds all the men had been bound by close regimental spirit and all suffered hard labor starvation brutality and tropical diseases Rank was no protection from death The author of this history has researched the plight of these extraordinary men so many of whom never saw their native Scotland again Despite the grim conditions he captures the strong collective regimental spirit and the humor and cooperation that saved so many who would otherwise

have perished This is an inspiring tale of courage and survival against appalling odds
