Kiplings Mind Art Selected Critical:

Kipling and Beyond C. Rooney, K. Nagai, 2010-10-13 Featuring an internationally distinguished list of contributors Kipling and Beyond reassesses Kipling's texts and their reception in order to explore new approaches in postcolonial studies The collection asks why Kipling continues to be a significant cultural icon and what this legacy means in the context of today's Anglo American globalization **Narratives of Empire** Zohreh T. Sullivan, 1993-04 A reading of Kipling's fiction about himself and India that links experience with narrative strategy and ideology Garrison Tales from Tonquin James O'Neill, 2006-10-01 The thought of enlisting in the French Foreign Legion held a tantalizing allure for young nineteenth century American boys in search of adventure Apart from youthful fantasies few Americans seriously pursued joining the legion These surprising and extraordinary short stories written by one young man who did take us to that time and place Born in Bridgeport Connecticut James O'Neill enlisted in the legion in 1887 at the age of twenty seven In 1890 deployed to Tonquin in French Indochina more familiar today as Tonkin Vietnam O'Neill faced tropical heat infectious disease and sudden death Like his contemporary Stephen Crane O'Neill's ability to tell an engaging story and his keen sense for telling details provide a unique record of his time in this exotic world In these thirteen tales O'Neill shows with surprising subtlety that France's efforts to conquer and govern Indochina were foolhardy Although the only American in his stories is the narrator it is clear that the tales are aimed at readers in the United States and are intended to caution against the construction of empires abroad Far from polemical tirades these are absorbing unadorned stories remarkably contemporary in both style and substance Charles Royster provides a short biography of O'Neill who seems to have vanished into obscurity a few years after these stories were first published in 1895 Royster has also unearthed and included two essays O'Neill published in magazines of the time one a description of a Buddhist temple in Hanoi and the other an appreciation of the Hungarian novelist Maurus J. J. Whether read for historical value literary merit or political insights *Garrison Tales from Tonquin* is a true discovery

Kipling's Mind and Art Andrew Rutherford, 1966 Kim Rudyard Kipling, 1901 Young disciple of an old Lama street Arab and apprentice in the secret service receives an unique education in shady walks of Anglo Indian life Politics and Awe in Rudyard Kipling's Fiction Peter Havholm, 2016-12-05 There has been a resurgence of interest in Kipling among critics who struggle to reconcile the multiple pleasures offered by his fiction with the controversial political ideas that inform it Peter Havholm takes up the challenge piecing together Kipling's understanding of empire and humanity from evidence in Anglo Indian and Indian newspapers of the 1870s and 1880s and offering a new explanation for Kipling's post 1891 turn to fantasy and stories written to be enjoyed by children By dovetailing detailed contextual knowledge of British India with informed and sensitive close readings of well known works like *The Man Who Would Be King* *Kim* *The Light That Failed* and *They* Havholm offers a fresh reading of Kipling's early and late stories that acknowledges Kipling's achievement as a writer and illuminates the seductive allure of the imperialist fantasy A Tale of Two Capitalisms Supritha Rajan, 2023-11-29 An interdisciplinary

examination of nineteenth century British capitalism its architects and its critics **Critical Essays on Rudyard Kipling** Harold Orel,1989 **Postcolonial Writing in the Era of World Literature** Baidik Bhattacharya,2018-06-14 This book explores the debates surrounding two dynamic fields postcolonial studies and world literature Contrary to many dominant narratives in critical theory it asserts that as an analytical framework the idea of world literature is dead the nineteenth century ideal of world literature had always and already been embedded in colonial histories and also because whatever promise that ideal held out has been exhausted by postcolonial Anglophone literature Through fresh and incisive readings of the postcolonial canon and some of its most prominent authors like Rudyard Kipling V S Naipaul J M Coetzee and Salman Rushdie the volume discusses how these Anglophone writings have used the banal and ordinary ideal of world literature to fashion out their own trajectories Ambitious in scope this book challenges many of the existing theoretical and literary frameworks and offers a radical reimagination of the fields The volume written in an accessible and lively prose will be indispensable for scholars and researchers of literature critical theory postcolonial studies cultural studies and comparative literature **The Rhetoric of English India** Sara Suleri,2013-08-16 Tracing a genealogy of colonial discourse Suleri focuses on paradigmatic moments in the multiple stories generated by the British colonization of the Indian subcontinent Both the literature of imperialism and its postcolonial aftermath emerge here as a series of guilty transactions between two cultures that are equally evasive and uncertain of their own authority A dense witty and richly allusive book an extremely valuable contribution to postcolonial cultural studies as well as to the whole area of literary criticism Jean Sudrann Choice *Out of Context* Daniel Balderston,1993-03-12 In Jorge Luis Borges s finely wrought fantastic stories so filigreed with strange allusions critics have consistently found little to relate to the external world to history in short to reality *Out of Context* corrects this shortsighted view and reveals the very real basis of the Argentine master s purported irreality By providing the historical context for some of the writer s best loved and least understood works this study also gives us a new sense of Borges s place within the context of contemporary literature Through a detailed examination of seven stories Daniel Balderston shows how Borges s historical and political references so often misread as part of a literary game actually open up a much more complex reality than the one made explicit to the reader Working in tension with the fantastic aspects of Borges work these precise references to realities outside the text illuminate relations between literature and history as well as the author s particular understanding of both In Borges s perspective as it is revealed here history emerges as an other only partially recoverable in narrative form From what can be recovered Balderston is able to clarify Borges s position on historical episodes and trends such as colonialism the Peronist movement Western culture militarism and the Spanish invasion of the Americas Informed by a wide reading of history a sympathetic use of critical theory and a deep understanding of Borges s work this iconoclastic study provides a radical new approach to one of the most celebrated and until now hermetic authors of our time *Kim* Rudyard Kipling,2011-05-05 Kipling s epic rendition of the imperial experience in India

is also his greatest long work *Two men Kim* a boy growing into early manhood and the lama an old ascetic priest are fired by a quest Kim is white although born in India While he wants to play the Great Game of imperialism he is also spiritually bound to the lama and he tries to reconcile these opposing strands A celebration of their friendship in an often hostile environment Kim captures the opulence of India's exotic landscape overlaid by the uneasy presence of the British Raj Contains an introduction by Harish Trivedi placing the novel in its literary and social context Also includes notes chronology further reading a General Preface by the series editor Jan Montefiore and Edward Said's famous introduction from the previous Penguin Classics edition as an appendix

Indian Traffic Parama Roy, 2023-09-01 The continual unpredictable and often violent traffic between identities in colonial and postcolonial India is the focus of Parama Roy's stimulating and original book *Mimicry* has been commonly recognized as an important colonial model of bourgeois elite subject formation and Roy examines its place in the exchanges between South Asian and British Hindu and Muslim female and male and subaltern and elite actors Roy draws on a variety of sources religious texts novels travelogues colonial archival documents and films making her book genuinely interdisciplinary She explores the ways in which questions of originality and impersonation function not just for western or westernized subjects but across a range of identities For example Roy considers the Englishman's fascination with going native an Irishwoman's assumption of Hindu feminine celibacy Gandhi's impersonation of femininity and a Muslim actress's emulation of a Hindu Indian mother goddess Familiar works by Richard Burton and Kipling are given fresh treatment as are topics such as the muscular Hinduism of Swami Vivekananda *Indian Traffic* demonstrates that questions of originality and impersonation are in the forefront of both the colonial and the nationalist discourses of South Asia and are central to the conceptual identity of South Asian postcolonial theory itself The continual unpredictable and often violent traffic between identities in colonial and postcolonial India is the focus of Parama Roy's stimulating and original book *Mimicry* has been commonly recognized as an important colonial model of bourgeois elite

Midnight's Orphans Glenn D'Cruz, 2006 This book is the first detailed study of Anglo Indians in literature Rather than simply dismissing the representation of Anglo Indians in literary texts as offensive stereotypes the book identifies the conditions for the emergence of these stereotypes through close readings of key novels such as *Bhowani Junction* *Midnight's Children* and *The Impressionist* It also examines the work of contemporary Anglo Indian writers such as Allan Sealy and Christopher Cyril

A Partial Enlightenment Avram Alpert, 2021-04-06 In many ways Buddhism has become the global religion of the modern world For its contemporary followers the ideal of enlightenment promises inner peace and worldly harmony And whereas other philosophies feel abstract and disembodied Buddhism offers meditation as a means to realize this ideal If we could all be as enlightened as Buddhists some imagine we could live in a much better world For some time now however this beatific image of Buddhism has been under attack Scholars and practitioners have criticized it as a Western fantasy that has nothing to do with the actual experiences of Buddhists Avram Alpert combines personal experience and readings of modern novels to

offer another way to understand modern Buddhism He argues that it represents a rich resource not for attaining perfection but rather for finding meaning and purpose in a chaotic world Finding unexpected affinities across world literature Rudyard Kipling in colonial India Yukio Mishima in postwar Japan Bessie Head escaping apartheid South Africa as well as in his own experiences living with Tibetan exiles Alpert shows how these stories illuminate a world in which suffering is inevitable and total enlightenment is impossible Yet they also give us access to partial enlightenments powerful insights that become available when we come to terms with imperfection and stop looking for wholeness A Partial Enlightenment reveals the moments of personal and social transformation that the inventions of modern Buddhism help make possible **Colonial**

Power, Colonial Texts M. Keith Booker, 1997 Explores the British novel of India from Kipling's *Kim* to Farrell's *The Singapore Grip* *Rudyard Kipling* Roger Lancelyn Green, 2013-07-04 This set comprises 40 volumes covering 19th and 20th century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995 **Translating Culture** Issac Yu (俞国良), 2015-05-25 The idea of translation is traditionally understood as a binary phenomenon a process which re interprets and re presents an original text in one language for a different audience in another language The aim of *Translating Culture* Late Victorian Literature into Chinese is to look at how the notion of culture convolutes this predominantly language based practice and considers its implication on a text's untranslatability By focusing on literature of the late Victorian period grouping them into different themes and genres and considering the way these texts have been translated into Chinese an argument will be made that the idea of culture and the practice of translation are much more closely correlated than has been commonly assumed In doing so this book contributes to recent scholarship on translatology and cultural studies by examining the exactitude to which the process of translation must account for the concept of culture as well as with how the former could help enhance our understanding of the latter *Imagining the Pagan Past* Marion Gibson, 2013 *Imagining the Pagan Past* explores stories of Britain's pagan history These tales have been characterised by gods and fairies folklore and magic They have had an uncomfortable relationship with the scholarly world often being seen as historically dubious self indulgent romance and worse encouraging tribal and nationalistic feelings or challenging church and state This book shows how important these stories are to the history of British culture taking the reader on a lively tour from prehistory to the present From the Middle Ages to the twenty first century Marion Gibson explores the ways in which British pagan gods and goddesses have been represented in poetry novels plays chronicles scientific and scholarly writing From Geoffrey of Monmouth to Edmund Spenser William Shakespeare to Seamus Heaney and H G Wells to Naomi Mitchison it explores Romano British Celtic and Anglo Saxon deities and fictions The result is a comprehensive picture of the ways in which writers have peopled the British pagan pantheons throughout history *Imagining the Pagan Past* will be essential reading for all those interested in the history of paganism *The Man Who Would Be King:*

Selected Stories of Rudyard Kipling Rudyard Kipling, 2011-03-03 Rudyard Kipling is one of the most magical storytellers in the English language. This new selection brings together the best of his short writings following the development of his work over fifty years. They take us from the harsh, cruel, vividly realized world of the Indian stories that made his name through the experimental modernism of his middle period to the highly wrought subtleties of his later pieces. Including the tale of insanity and empire *The Man Who Would Be King*, the high spirited *The Village that Voted the Earth Was Flat*, the fable of childhood cruelty and revenge *Baa Baa Black Sheep*, the menacing psychological study *Mary Postgate*, and the ambiguous portrayal of grief and mourning in *The Gardener*, here are stories of criminals, ghosts, femmes fatales, madness, and murder.
