AN Whitehead

Kisiel A To Polska Waaasnie:

Peace at All Costs Annika Elisabet Frieberg, 2019-07-11 Although it was characterized by simmering international tensions the early Cold War also witnessed dramatic instances of reconciliation between states as former antagonists rebuilt political economic and cultural ties in the wake of the Second World War And such efforts were not confined to official diplomacy as this study of postwar rapprochement between Poland and West Germany demonstrates Drawing on a wide range of sources Peace at All Costs follows Polish and German non state activists who attempted to establish dialogue in the 1950s and 1960s showing how they achieved modest successes and media attention at the cost of more nuanced approaches to their national histories and identities
