Kiss Of Pharaoh The The Love Story Of Tutankhamen:

The Story of Tutankhamun Garry J. Shaw, 2023-01-03 A lively new biography of Tutankhamun published for the hundredth anniversary of his tomb's modern discovery The discovery of Tutankhamun's tomb in 1922 sparked imaginations across the globe While Howard Carter emptied its treasures Tutania gripped the world and in many ways never left But who was the boy king and what was his life really like Garry J Shaw tells the full story of Tutankhamun's reign and his modern rediscovery As pharaoh Tutankhamun had to manage an empire navigate influential courtiers and suffer the pain of losing at least two children all before his nineteenth birthday Shaw explores the boy king's treasures and possessions from a lock of his grandmother's hair to a reed cut with his own hands He looks too at Ankhesenamun Tutankhamun's wife and the power queens held This is a compelling new biography that weaves together intriguing details about ancient Egyptian culture its beliefs and its place in the wider world **Tutankhamun and the Tomb that Changed the World** Bob Brier, 2023

Tutankhamun and the Tomb that Changed the World shows a whole new side to the story of Tutankhamun's treasures exploring the 100 years of research that has taken place since the tomb's discovery **Tutankhamun and Carter** Rogerio Sousa, Gabriele Pieke, Tine Bagh, 2024-08-15 First scholarly multi disciplinary re assessment of Howard Carter's discovery and excavation of Tutankhamun's tomb and the impact of the find on our understanding of the material culture of Ancient Egypt The discovery of the tomb of Tutankhamun in 1922 stands out as one of the most important finds of modern archaeology revealing an enormous wealth of objects encapsulating techniques vestiges of uses and re uses of materials as well as unrivalled clues regarding the complex set of beliefs associated with the pharaonic funerary material culture Once cleared from the tomb these objects have captivated the world with their irresistible charm and beauty ending up playing a role in contemporary popular culture However it seems that such magnetism rather hindered than facilitated the scholarly study of the find One hundred years after the discovery of this magnificent tomb most of its objects remain insufficiently studied to this day This volume aims to show how it remains challenging to study Tutankhamun's objects gathering a collection of studies authored by leading scholars on conservation materials funerary beliefs as well as the reception of motifs and the impact of the discovery Through these studies it becomes clear how ancient objects can help us reconstruct the complex fabric of the ancient Egyptian society and how they keep interacting with modern audiences **The Kiss of**
