Levar,2013-01-16 Heartskin Stories are like a box of chocolates Some you will find soft some hard some will melt ever so slowly into your mouth Some may leave a familiar by taste of something you once had Some may irritate your pallet Some may stir tastes you wish you did not have But whatever happens once you open it the best thing about this box of chocolates is that it remains full Its like having your cake and eating it *Scorned by Shadows (Kissed by Shadows Series, Book 4)* Lola StVil,2018 The quest that could end them all Now that Atlas and her team are closer to replenishing the river and saving humanity Arken will do whatever it takes to stop them In fact the demon world has summoned a force too great to be

contained one that will take the team to its breaking point This is the time for the team to ban together and yet they couldn't be further apart Perry and his love interest are at odds and Saudia is conflicted about her loyalties In addition Atlas and Kane's relationship is on the verge of imploding Can they find a way to come together or will this mission be their last *A Kiss of Steel and Shadows* Elara von Schwarza, The morning mist clung to the cobblestones of Valenhall like ghostly fingers reluctant to release their grip on the ancient city Seraphina Blackthorne pulled her woolen cloak tighter around her shoulders as she navigated the narrow alleyways toward her forge The weight of her leather satchel heavy with tools and unfinished projects reminded her of the work that awaited her in the dim hours before dawn At nineteen Seraphina had already earned a reputation that most smiths twice her age would envy Her delicate hands scarred from years of working with fire and metal could craft blades that sang with an otherworldly resonance The nobles of Valenhall whispered that her steel held magic though Seraphina herself remained skeptical of such claims She knew only the rhythm of hammer against anvil the dance of flame and iron and the satisfaction of creating something beautiful and deadly from raw materials The forge stood at the end of Ember Lane a modest stone building that had belonged to her father before his untimely death three years prior The familiar scent of coal and metal shavings greeted her as she unlocked the heavy oak door Inside the forge waited like a sleeping dragon its cold hearth ready to roar back to life at her command Seraphina had barely begun stoking the coals when a shadow fell across her doorway She looked up to find a figure silhouetted against the pale morning light tall and imposing despite the casual way he leaned against her doorframe The stranger wore a dark traveling cloak that seemed to absorb the light around it and when he stepped forward into her workshop she caught her first glimpse of his face
