## **Kissinger The Secret Side Of The Secretary Of State:**

**Kissinger** Gary Allen, 1976 Henry Kissinger the chief architect and apologist for U S foreign policy is the most controversial Secretary of State in America s history He has been hailed as a hero and condemned as a traitor His power and prestige have rivalled and at times surpassed the presidents he has served Now one of America s top investigative journalists looks behind the myths to the man his mission and his results From dustjacket **The Spy Who Would Be Tsar** Kevin Coogan, 2021-09-16 Michal Goleniewski was one of the Cold War s most important spies but has been overlooked in the vast literature on the intelligence battles between the Western Powers and the Soviet Bloc Renowned investigative journalist Kevin Coogan reveals Goleniewski s extraordinary story for the first time in this biography Goleniewski rose to be a senior officer in the Polish intelligence service a position which gave him access to both Polish and Russian secrets Disillusioned with the Soviet Bloc he made contact with the CIA sending them letters containing significant intelligence He then decided to defect and fled to America in 1961 via an elaborate escape plan in Berlin His revelations led to the exposure of several important Soviet spies in the West including the Portland spy ring in the UK the MI6 traitor George Blake and a spy high up in the West German intelligence service Despite these hugely important contributions to the Cold War Goleniewski would later be abandoned by the CIA after he made the outrageous claim that he was actually Tsarevich Alexei Nikolaevich of Russia the last remaining member of the Romanov Russian royal family and therefore entitled to the lost treasures of the Tsar Goleniewski s increasingly fantastical claims led to him becoming embroiled in a bizarre demi monde of Russian exiles anti communist fanatics right wing extremists and chivalric orders with deep historical roots in America s racist and antisemitic underground This fascinating and revelatory biography will be of interest to students and researchers of the Cold War intelligence history and right wing extremism as well as general readers with an interest in these intriguing subjects
