Kitaj, Colin Wiggins, National Gallery (Great Britain), 2001 R B Kitaj created a series of seven major pictures inspired by Cezanne's Bathers for an exhibition at the National Gallery London This volume reproduces the paintings together with a series of black chalk drawings The paintings are discussed in the context of earlier work by Kitaj

Dialogues with Degas Kathryn Brown, 2023-12-14 Dialogues with Degas demonstrates the ongoing relevance of Edgar Degas to 20th and 21st century ideas and art practices The first in depth examination of this major artist's impact on contemporary art this book explores how contemporary practitioners have used Degas's creativity as a springboard to engage imaginatively and critically with themes of colonialism gender race and class Individual chapters are devoted to dialogues between Degas's art and works produced by Frank Auerbach Cecily Brown Xinyi Cheng Ryan Gander Maggi Hambling Damien Hirst Howard Hodgkin Chantal Joffe Leon Kossoff R B Kitaj Juan Muñoz Paula Rego Jenny Saville Yinka Shonibare Cy Twombly and Rebecca Warren Through close analyses of selected paintings drawings prints and sculptures Kathryn Brown explores how Degas's technical and compositional experiments have been extended or challenged in innovative ways By experimenting with the materials and methods of existing works contemporary artists generate visual palimpsests that make new demands of the viewer and prompt a reconsideration of ideas that have informed histories of 19th century French art The book overturns familiar conceptions of influence by eschewing a genealogical approach and prioritizing instead the analysis of non linear encounters between artworks This encourages a new conception of the agency of visual artefacts and of the conversations they are capable of entertaining with each other While this study sheds new light on Degas's art and that of his interlocutors it also has methodological significance for the writing of art history

Imagining Jewish Art Aaron Rosen, 2017-07-05 Short listed for the Art and Christian Enquiry Mercers International Book Award 2009 a book which makes an outstanding contribution to the dialogue between religious faith and the visual arts What does modern Jewish art look like Where many scholars critics and curators have gone searching for the essence of Jewish art in Biblical illustrations and other traditional subjects Rosen sets out to discover Jewishness in unlikely places How he asks have modern Jewish painters explored their Jewish identity using an artistic past which is by and large non Jewish In this new book we encounter some of the great works of Western art history through Jewish eyes We see Matthias Grunewald's Isenheim Altarpiece re imagined by Marc Chagall 1887 1985 traces of Paolo Uccello and Piero della Francesca in Philip Guston 1913 1980 and images by Diego Velazquez and Paul Cezanne studiously reworked by R B Kitaj 1932 2007 This highly comparative study draws on theological philosophical and literary sources from Franz Rosenzweig to Franz Kafka and Philip Roth Rosen deepens our understanding not only of Chagall Guston and Kitaj but also of how art might serve as a key resource for rethinking such fundamental Jewish concepts as family tradition and homeland

The Jewish Role in American Life Bruce Zuckerman, Jeremy Schoenberg, 2007 The relationship between Jews and the United States is necessarily complex Jews have been instrumental in shaping American culture and of course Jewish culture and religion have likewise been profoundly recast in the United States especially in the period following World War II A major focus of this work is to consider the Jewish role in American life as well as the American role in shaping Jewish life This fifth volume of the Casden Institute's annual review is organized along five broad themes politics values image education and culture

Myth, Metaphor and Science Alan Wall, Goronwy Tudor Jones, 2009 This book explores the way in which language is used in fiction poetry and science It examines the role of metaphor in structuring our thought and questions any simplistic notion of creativity There is an enquiry into the significance of myth for the modern writer Why do our earliest narratives return to haunt us at the end of history The final essays ask what it means to attempt scientific descriptions of reality in words Can language here ever be anything more than a clumsy approximation of mathematics The book ends with a paper written jointly by the particle physicist Goronwy Tudor Jones and Alan Wall exploring the meaning of complementarity in modern physics by describing in detail the double slit experiment
