changed perceptions of women and the role women were subsequently allowed to play Some of the women are well known others less so The book reinforces the reputations of those who have endured popularity over the centuries and where necessary realigns those reputations after years of prejudice and the vicissitudes of sexism misogyny Hollywood and sensationalist literature For those who have been written out of mainstream history and relegated to footnotes at best this is a chance to re introduce them and the impact they have made on their and our world Their relative anonymity does not mean that they are less important on the contrary they are equally significant and the more we know about them the better if we want a rounded picture of the civilizations to which they contributed so much Each chapter is followed by suggestions for further reading to encourage further research
