Lady And The Cit:

Women and the City Sarah Deutsch, 2000 A penetrating analysis of how women shaped public and private space in Boston and how space shaped women's lives in turn during a period of dramatic change in American cities **A city intrigue: or, The sick lady's cure. A poem [signed S.B.]** S. B, 1714 **The Lost Tapestries of the City of Ladies** Susan Groag Bell, 2004-11-29 Like a particularly good detective story this richly textured book follows tantalizing clues in its hunt for a group of missing artistic masterpieces Susan Bell recounts both her long search for a series of sixteenth century tapestries that celebrated women and her efforts to understand their meaning for Queen Elizabeth I of England and the other powerful women who owned them Opening a new window on the lives of noblewomen in the Renaissance the brilliantly colored tapestries that were the ultimate artistic luxury of the day and the popular and influential fourteenth century writer Christine de Pizan Bell pursues a compelling tale that moves from centuries past to today The tapestries around which this story revolves are linked to Christine de Pizan's *Book of the City of Ladies* 1405 originally published six hundred years ago in 1405 The book is a tribute to women that honors two hundred female warriors scientists queens philosophers and builders of cities Though twenty five manuscripts of the *City of Ladies* still exist references to tapestries based on the book are elusive Bell takes us along as she tracks down records of six sets of tapestries whose owners included Elizabeth I of England Margaret of Austria and Anne of Brittany Queen of France Bell examines the intriguing details of these women's lives their arranged marriages their power their affairs of state asking what interest they had in owning these particular tapestries Could the tapestries have represented their thinking As she reveals the historical linguistic and cultural aspects of this unique story Bell also gives a fascinating account of medieval and early Renaissance tapestry production and of Christine de Pizan's remarkable life and legacy *The City of Ladies* Christine de Pizan, 2006-05-30 A fascinating insight into the debates and controversies about the position of women in medieval culture written by France's first professional woman of letters The pioneering *Book of the City of Ladies* begins when feeling frustrated and miserable after reading a male writer's tirade against women Christine de Pizan has a dreamlike vision where three virtues Reason Rectitude and Justice appear to correct this view They instruct her to build an allegorical city in which womankind can be defended against slander its walls and towers constructed from examples of female achievement both from her own day and the past ranging from warriors inventors and scholars to prophetesses artists and saints Christine de Pizan's spirited defense of her sex was unique for its direct confrontation of the misogyny of her day and offers a telling insight into the position of women in medieval culture **Bulletin of the Public Library of the City of Boston** Boston Public Library, 1890 *The White City* John Moses, Paul Selby, 1893 **Streetwalking the Metropolis : Women, the City and Modernity** Deborah L. Parsons, 2000-03-02 Can there be a flâneuse and what form might she take This is the central question of *Streetwalking the Metropolis* an important contribution to ongoing debates on the city and modernity in which Deborah Parsons re-draws the gendered map of urban

modernism Assessing the cultural and literary history of the concept of the flaneur the urban observer writer traditionally gendered as masculine the author advances critical space for the discussion of a female flaneuse focused around a range of women writers from the 1880 s to World War Two Cutting across period boundaries this wide ranging study offers stimulating accounts of works by writers including Amy Levy Dorothy Richardson Virginia Woolf Rosamund Lehmann Jean Rhys Janet Flanner Djuna Barnes Anais Nin Elizabeth Bowen and Doris Lessing highlighting women s changing relationship with the social and psychic spaces of the city and drawing attention to the ways in which the perceptions and experiences of the street are translated into the dynamics of literary texts **The Bay Lady** Marlene 'Brand' Baldwin,2010-12-08

Sexism in the City James Taylor,2025-02-20 Sexism in the City is the first book to trace the history of women stockbrokers in the United Kingdom from the late nineteenth to the late twentieth centuries Forgotten pioneers these businesswomen fought against the odds to establish successful brokerages across the country and in the process challenged society s beliefs about women and money The book also tells the story of how the nation s stock exchanges denied them membership for generations mobilizing increasingly desperate arguments to try to justify their exclusion until women finally won the right to join the London Stock Exchange in 1973 Though historians have recently reassessed women s role in the development of capitalism highlighting their roles as investors and entrepreneurs they have assumed that because women were not members of stock exchanges they were not active as financial intermediaries until modern times By spotlighting the lives and careers of women who worked as stockbrokers outside male monopolized institutions this book reframes the historical development of finance in several ways It highlights the extent to which the seemingly gender neutral institutions and practices of finance were in fact based on gendered ideologies and exclusions It argues that focusing on institutions only reveals part of the financial ecosystem meaning that we miss what was happening outside the formal market And it challenges London centric interpretations of financial history asking questions about the financial cultures existing outside the metropolis If we look beyond the official exchanges and beyond London a more diverse financial environment comes into view The history uncovered in Sexism in the City also helps to address problems with financial culture in the twenty first century Current reform initiatives are unlikely to succeed unless they acknowledge that for hundreds of years professional identities and institutional structures in finance have been based on the denigration and marginalization of women Acknowledging the efforts of those female stockbrokers who challenged misogynistic beliefs and defied men s monopoly of high finance by forging their own careers is the first step towards imagining a different kind of market *American Duroc-Jersey Record* American Duroc-Jersey Association,1918 **Lady's Realm** ,1905 American Poland-China Record American Poland-China Record Association,1908 **The City Record** New York (N.Y.),1908 Superior Court of the City of New York ,1880 **Year Book of the Public Museum of the City of Milwaukee** Milwaukee Public Museum,1922 Standard Poland-China Record Standard Poland-China Record Association, Maryville, Mo,1919 Kansas City Andrea L.
