volumes 1 2 *The Little Old Lady Killer* Susana Vargas Cervantes,2017-04-25 The surprising true story of Mexico s hunt arrest and conviction of its first female serial killer For three years amid widespread public outrage police in Mexico City struggled to uncover the identity of the killer responsible for the ghastly deaths of forty elderly women many of whom had been strangled in their homes with a stethoscope by someone posing as a government nurse When Juana Barraza Samperio a female professional wrestler known as la Dama del Silencio the Lady of Silence was arrested and eventually sentenced to 759 years in prison for her crimes as the Mataviejitas the little old lady killer her case disrupted traditional narratives about gender criminality and victimhood in the popular and criminological imagination Marshaling ten years of research and one of the only interviews that Juana Barraza Samperio has given while in prison Susana Vargas Cervantes deconstructs this

uniquely provocative story She focuses in particular on the complex gendered aspects of the case asking Who is a killer Barraza with her manly features and strength her career as a masked wrestler in lucha libre and her violent crimes is presented here as a study in gender deviance a disruption of what scholars call mexicanidad or the masculine notion of what it means to be Mexican Cervantes also challenges our conception of victimhood specifically who counts as a victim The Little Old Lady Killer presents a fascinating analysis of what serial killing often considered killing for the pleasure of killing represents to us

**Lady Killers** Tori Telfer, 2017-10-10 In this entertaining compendium the true crime historian and Jezebel columnist investigates female serial killers through the ages When it comes to violent crime women are typically thought of as the victims not the perpetrators The bias is so pervasive that in 1998 FBI profiler Roy Hazelwood declared There are no female serial killers But what about Tillie Klimek Moulay Hassan Kate Bender and the other notorious women profiled here In Lady Killers Tori Telfer reveals the shocking true stories of fourteen women who despite being largely forgotten by history rival their male counterparts in cunning cruelty and appetite for destruction Each chapter explores the crimes and history of a different serial killer and then unpacks her legacy and portrayal in the media as well as the stereotypes and sexist clichés that inevitably surround her The first book to examine female serial killers through a feminist lens with a witty and dryly humorous tone Lady Killers dismisses tired tropes she was a femme fatale a black widow a witch and delves into the complex reality of female aggression and predation Featuring 14 illustrations from Dame Darcy it is a bloodcurdling insightful and irresistible journey into the heart of darkness
