

Lady Lazarus

By Sylvia Plath

I am your opus,
I am your valuable,
The pure gold baby

That melts to a shriek.
I turn and burn.
Do not think I underestimate your great
concern.

Ash, ash—
You poke and stir.
Flesh, bone, there is nothing there——

A cake of soap,
A wedding ring,
A gold filling.

Herr God, Herr Lucifer
Beware
Beware.

Out of the ash
I rise with my red hair
And I eat men like air.

Sincerity's Shadow Deborah FORBES, Deborah Forbes, 2009-06-30

In a work of surprising range and authority Deborah Forbes refocuses critical discussion of both Romantic and modern poetry Sincerity's Shadow is a versatile conceptual toolkit for reading poetry Ever since Wordsworth redefined poetry as the spontaneous overflow of powerful feelings poets in English have sought to represent a sincere self consciousness through their work Forbes's generative insight is that this project can only succeed by staging its own failures Self representation never achieves final sincerity but rather produces an array of sincerity effects that give form to poetry's exploration of self In essays comparing poets as seemingly different in context and temperament as Wordsworth and Adrienne Rich Lord Byron and Anne Sexton John Keats and Elizabeth Bishop Forbes reveals unexpected convergences of poetic strategy A lively and convincing dialectic is sustained through detailed readings of individual poems By preserving the possible claims of sincerity longer than postmodern criticism has tended to while understanding sincerity in the strictest sense possible Forbes establishes a new

Ghostly Figures Ann Keniston, 2015-10 From Sylvia Plath's depictions of the Holocaust as a group of noncohering bits to AIDS elegies assertions that the dead posthumously persist in ghostly form and Susan Howe's insistence that the past can be conveyed only through juxtaposed scraps the condition of being too late is one that haunts post World War II American poetry This is a poetry saturated with temporal delay partial recollection of the past and the revelation that memory itself is accessible only in obstructed and manipulated ways These postwar poems do not merely describe the condition of lateness they enact it literally and figuratively by distorting chronology boundary and syntax by referring to events indirectly and by binding the condition of lateness to the impossibility of verifying the past The speakers of these poems often indicate that they are too late by repetitively chronicling distorted events refusing closure or resolution and forging ghosts out of what once was tangible **Ghostly Figures** contends that this poetics of belatedness along with the way it is bound to questions of poetic making is a central if critically neglected force in postwar American poetry Discussing works by Sylvia Plath Adrienne Rich Jorie Graham Susan Howe and a group of poets responding to the AIDS epidemic Ann Keniston draws on and critically assesses trauma theory and psychoanalysis as well as earlier discussions of witness elegy lyric trope and figure postmodernism allusion and performance to define the ghosts that clearly dramatize poetics of belatedness throughout the diverse poetry of post World War II America

The Posthumous Voice in Women's Writing from Mary Shelley to Sylvia Plath Claire Raymond, 2016-12-05 This provocative book posits a new theory of women's writing characterized by what Claire Raymond calls the posthumous voice This suggestive term evokes the way that women's writing both forefronts and hides the author's implied body within and behind the written work Tracing the use of the disembodied posthumous voice in fiction and poetry by Mary Shelley Emily Bront Emily Dickinson and Sylvia Plath Raymond's study sounds out the ways that the trope of the posthumous voice succeeds in negotiating the difficult cultural space between the concept of woman's body and the production of canonical literature Arguing that the nineteenth century cult of mourning opens to women's writing the possibility of a post Romantic self elegy Raymond explores how the woman writer's appropriation and alteration of elegiac conventions signifies and revises her disrupted relationship to audience Theorizing the posthumous voice as a gesture by which the woman writer claims and in some cases gains canonicity Raymond contends that the elegy posed as if written by a dead woman for herself both describes and subverts the woman writer's secondary status in the English canon For the woman writer the self elegy permits access to a topos central to canonical literature with the implementation of the trope of the posthumous voice marking a crucial site of woman's interaction with the English canon
