Mononoke **The Parterre** ,1835 *The Parterre of fiction, poetry, history [&c.]* ,1835 Nearly News Brian Jaeger, Good satire is hard to find It s even harder to write While this is not a complete guide teaching all of the intricacies of writing satire it does provide some biting satire and an explanation behind each story The purpose of many of the articles was to show human flaws but not necessarily to solve problems You can read right wing rags or liberal laments for that While most of the book is written as news articles you will also find interviews with God and Satan a sermon and several opinion pieces from various voices While nobody is a clear winner in this book you might note the slightly liberal bias of the author especially in later years Even though most of the stories appear in Real Wisconsin News and some of the stories are written specifically about a suburban Milwaukee school district you will be able to relate to just about all of the content unless you are living under a rock or from Europe However if you are from elsewhere there is no better way to understand Americans that to see what they find funny about the news If you enjoy The Onion The Daily Show Saturday Night Live or The Golden Girls you should like this book It s a must read for anyone who cares about the future of our country even if that person is one of the One Percenters Great for social studies teachers social scientists social climbers social disease carriers and socialites alike **Asian Horror** Andy Richards,2010-08-01 Since Japanese horror sensations The Ring and Audition first terrified Western audiences at the turn of the millennium there s been a growing appreciation of Asia as the hotbed of the world s best horror movies Over the last decade Japan South Korea Thailand and Hong Kong have all produced a steady stream of stylish supernatural thrillers and psychological chillers that have set new benchmarks for cinematic scares Hollywood soon followed suit producing high profile remakes of films such as The Ring Dark Water The Grudge and The Eye With scores of Asian horror films now available to Western audiences this guide helps viewers navigate the eclectic mix of vengeful spooks yakuza zombies feuding warlocks and devilish dumplings discussing the grand themes of Asian horror cinema and the distinctive national histories that give the films their special resonance Tracing the long and noble tradition of horror stories in eastern cultures it also delves into some of the folktales that have influenced this latest wave of shockers paying tribute to classic Asian ghost films throughout the ages **Exploiting East Asian Cinemas** Ken Provencher,Mike Dillon,2018-01-11 From the 1970s onward exploitation cinema as a concept has circulated inside and outside of East Asian nations and cultures in terms of aesthetics and marketing However crucial questions about how global networks of production and circulation alter the identity of an East Asian film as mainstream or as exploitation have yet to be addressed in a comprehensive way Exploiting East Asian Cinemas serves as the first authoritative guide to the various ways in which contemporary cinema from and about East Asia has trafficked across the somewhat elusive line between mainstream and exploitation Focusing on networks of circulation distribution and reception this collection treats the exploitation cinemas of East Asia as mobile texts produced consumed and in many ways re appropriated across national and hemispheric boundaries As the processes of globalization have decoupled products from their nations of origin transnational taste cultures have

declared certain works as art or trash regardless of how those works are received within their native locales By charting the routes of circulation of notable films from Japan China and South Korea this anthology contributes to transnationally accepted formulations of what constitutes East Asian exploitation cinema

Pettey,2014-11-11 Following World War II film noir became the dominant cinematic expression of Cold War angst influencing new trends in European and Asian filmmaking International Noir examines film noir s influence on the cinematic traditions of Britain France Scandinavia Japan Hong Kong Korea and India

This book suggests that the film noir style continues to appeal on such a global scale because no other cinematic form has merged style and genre to effect a vision of the disturbing consequences of modernity. International noir has however adapted and adopted noir themes and aesthetic elements so that national cinemas can boast an independent and indigenous expression of the genre. Ranging from Japanese silent films and women's films to French Hong Kong and Nordic New Waves, this book also calls into question critical assessments of noir in international cinemas. In short, it challenges prevailing film scholarship to renegotiate the concept of noir. Ending with an examination of Hollywood's neo noir recontextualization of the genre and post noir's reinvigorating critique of this aesthetic, *International Noir* offers Film Studies scholars an in-depth commentary on this influential global cinematic art form, further offering extensive bibliography and filmographies for recommended reading and viewing.
