Lamartine Romantic Unanimism:

Lamartine and Romantic Unanimism Albert Joseph George, 1966 **Lamartine and Romantic Unanimism** Albert Joseph George, 2008-06 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work.

The Taming of Romanticism Virgil Nemoianu, 1984 Looking at a broad spectrum of writers (English, French, German, Italian, Russian, and other East Europeans), Virgil Nemoianu offers here a coherent characterization of the period 1815-1848. This, he calls, the era of the domestication of romanticism. The explosive, visionary core of romanticism is seen to give way after the defeat of Napoleon to an expanded and softer version reflecting middle-class values. This later form of romanticism is characterized by moralizing efforts to reform society, a sentimental yearning for the tranquility of home and hearth, and persistent faith in the individual alongside a new skepticism, shattered ideals, and consequent irony. Expanding the application of the term Biedermeier, which has been useful in describing this period in German literature, Nemoianu provides a new framework for understanding these years in a wider European context.

Unacknowledged Legislators Roger Pearson, 2016-04-21 What is the public value of poetry? How do poets envisage their own role and function within society? How do we? Do poets seek to shape public opinion and behaviour? Should they? Or do they offer alternatives, perhaps sacred alternatives to political and religious ideologies? Are they what Shelley in 1821 called the unacknowledged legislators of the World? And what might that mean? During the decades immediately preceding the Revolution of 1789, the status of contemporary poetry in France was at its lowest ebb. At the same time, the perceived power of the writer to influence public events reached a high water mark with Voltaire's triumphant return to Paris in 1778. In the course of the next century, French poetry enjoyed an extraordinary renaissance and flowering, perhaps its greatest. But what of the poet's public influence? In 1881, the people of Paris processed for six hours past the home of Victor Hugo on the occasion of his 79th birthday, and in 1885, an estimated two million people witnessed his state funeral. But who or what were they acknowledging? Poetry or republicanism? Or perhaps their own power? For with each Revolution that passed (1789, 1830, 1848), French poets themselves felt increasingly marginalised. This study addresses the first part of this story and focuses on the role and function of the poet during the so-called Romantic Period. Beginning with an account of the literary climate in pre-revolutionary France, it then maps the changes in that climate wrought by the events of the 1789 Revolution. It describes the new politico-literary agendas set by Chateaubriand and others on the monarchist Right, and by Staël and others on the liberal Left. Against this background, it then analyses in detail the poetic output and public exploits of the three major French poets of the period: Lamartine, Hugo, and Vigny. The Romantic figure of the poet as prophet and magus is habitually dismissed as a cliché. But by focusing on the role of the poet as lawgiver, this book reveals the rich and complex

terms in which the public function of poetry was debated in post revolutionary France and how amidst the centenary celebrations of 1889 as Romanticism gave way to Symbolism the poet as lawgiver continued to play a central part in that debate *Revolution, Romanticism, and the Afro-Creole Protest Tradition in Louisiana, 1718-1868* Caryn Cossé Bell, 1997-02-01 With the Federal occupation of New Orleans in 1862 Afro Creole leaders in that city along with their white allies seized upon the ideals of the American and French Revolutions and images of revolutionary events in the French Caribbean and demanded Libert Egalit Fraternit Their republican idealism produced the postwar South s most progressive vision of the future Caryn Coss Bell in her impressive sweeping study traces the eighteenth century origins of this Afro Creole political and intellectual heritage its evolution in antebellum New Orleans and its impact on the Civil War and Reconstruction **The Romantic Movement** Aubrey Christian Elkins, Lorne J.
