The Oxford Handbook of Anglican Studies Mark David Chapman, Sathianathan Clarke, Martyn Percy, 2016 The Anglican Communion is the third largest Christian denomination and claims a membership of some 80 million members in about 164 countries Given that there are only around two hundred countries in the world this makes the

churches of the Anglican Communion the most geographically widespread denomination after Roman Catholicism The 44 essays in this volume embrace a wide range of academic disciplines theological historical demography and geography and different aspects of culture and ethics They are united in their discussion of what is effectively a new inter disciplinary subject which we have termed Anglican Studies At the core of this volume is the phenomenon of Anglicanism as this is expressed in different places and in a variety of ways across the world This Handbook covers a far broader set of topics from a wider range of perspectives than has been hitherto attempted in Anglican Studies At the same time it doesn't impose a particular theological or historical agenda The contributions are drawn from across the spectrum of theological views and opinions It shows that the unsettled nature of the polity is part of its own rich history and many will see this as a somewhat lustrous tradition In its comprehensive coverage this volume is a valuable contribution to Anglican Studies and helps formulate a discipline that might perhaps promote dialogue and discussion across the Anglican world Anglican Women on Church and Mission Judith Berling, 2013-04 In the past several decades the issues of women's ordination and of homosexuality have unleashed intense debates on the nature and mission of the Church authority and the future of the Anglican Communion Amid such momentous debates theological voices of women in the Anglican Communion have not been clearly heard until now This book invites the reader to reconsider the theological basis of the Church and its call to mission in the 21st century paying special attention to the colonial legacy of the Anglican Church and the shift of Christian demographics to the Global South In addition to essays by the volume editors this 12 essay collection includes contributions by Jane Shaw Ellen Wondra and Beverley Haddad among others **Indaba!** Paula D. Nesbitt, 2017-02-01 Indaba depicts the adventures and challenges of participants who explored mutual listening and understanding across the worldwide Anglican Communion through the innovative Continuing Indaba project Indaba is an African Zulu cultural process for engaging differences of view on a shared concern Introduced to the Anglican Communion for the 2008 Lambeth Conference it has been adapted and used as a transformative resource for church interfaith and civic organizations to use alongside other processes of relationship building conflict transformation reconciliation decision making and governance As a groundbreaking book Indaba shares findings from a cross cultural research team who traveled with the participants documenting their observations through interviews and survey research The wisdom and practices of this indigenous cultural tradition offer fresh insights on how to maintain healthy and vital communities that respect differences of culture belief and viewpoint in moving forward together The use of indaba in contemporary global religious and civic life offers a path forward for genuine postcolonial relationships partnerships and mission grounded in deeper understanding and mutual respect Jesus and the Gospel in Africa Kwame Bediako, 2004 Jesus and the Gospel in Africa collects writings by Kwame Bediako and is the best source for his insights into the Christ of present day African history and the Jesus of African faith Bediako shows how intimately bound together are such elements as the message of Jesus and the struggle to give birth to African democracy

Orthodox Anglican Identity Charles Erlandson, 2020-04-28 While the postmodern world we inhabit is highly fragmented contested and conflicted we all have one thing in common we are experiencing identity crises Religious traditions are not immune to these crises and orthodox Anglicans have been experiencing their own issues with identity since the 2003 consecration of an openly homosexual man Orthodox Anglicans want to say who they are as both orthodox and Anglican but they are also finding it difficult to articulate a clear and coherent identity especially an Anglican one This orthodox Anglican pursuit of a renewed sense of self in a complex and fragmented world is a microcosm of our postmodern context and an examination of their quest holds enticing clues to our own urgent searches for meaning and identity Think of this book as a kind of story the story of a worldwide church who when its identity was threatened took counsel together to renew and revitalize its sense of self In the process it not only faced many dangers and difficulties but also learned much about who it was and who it wanted to be
