**Twenty Cars that Defined the 20th Century** James Morrison, 2024-02-02 On the 29 June 1914 Archduke Franz Ferdinand was assassinated in Sarajevo triggering events leading to the outbreak of the First World War Less well known is that the car he was in was a borrowed Graf Stift Double Phaeton that the route was published in advance and the decision to lower the hood was only taken at the last minute As with the other events in this book the car played a central role yet its history is largely unknown These cars not only had their own stories in terms of design ownership and the role they played but they are also a way of telling the story of the events themselves they are literally a vehicle for history In this book James Morrison takes 20 cars involved in twenty key 20th century world events and examines their involvement and history to provide a new angle and fascinating insights *Road and Track* ,1985
