Laments For An Insane World:

THE SMUGGLERS LAMENT Doug Chesler,2021-02-09 Ever since he was a young man he would write long letters to his family and friends Many people liked them and even saved them Some said that he would be a great writer someday Growing up in the wild days of the late 60s gave him plenty to write about Living through the hippie daze of sex and drugs and rock and roll put him on the search for that cosmic consciousness if there was really such a thing Getting drafted really changed all that What started as a bunch of guys chipping in to cop some grass in the Village ended up on speed boats and planes Then the United States Air Force became the biggest smugglers in the world Nothing was what it seemed to be deception ruled Join Doug on a wild ride through the California coast and America SE Asia Europe Africa and behind the Iron Curtain After all of that it was time to switch the tables and go after sex trafficking and the human smugglers But the biggest journey was finding love and then finding God

Aporia: Lament of an Ambazonian Revolutionary Wuteh Vakunta,2021-03-16 Aporia is a long prose poem that makes a case for the Ambazonian Revolution It is my conviction that the task of the genuine intellectual is to speak up when no one dares to speak When we draw a blank and cannot make sense of the events that have deeply perturbed our lives we have recourse to the plume in a bid to externalize pent up emotions The impetus to write Aporia stemmed from the ongoing genocide in Cameroon a civil war viewed by domestic and international observers as a by product of the linguistic genocide dysfunctional governance lethal tribalism brazen kleptomania and the deleterious governmental ineptitude that epitomize the body politic of the Republic of Cameroon Each verse in the poem is an expression of the poet's frustration and anger in face of injustice that Anglophone Cameroonians have been the bullseye for decades

The Laments George Hagen,2005-07-12 Meet the Laments the affably dysfunctional globetrotting family at the center of George Hagen's exuberant debut novel Howard is an engineer who dreams of irrigating the Sahara and lives by the motto Laments move His wife Julia is a fiery spirit who must balance her husband's oddly peripatetic nature with unexpected aspirations of her own And Will is the waif with a paper thin heart who is given to Howard and Julia in return for their own child who has been lost in a bizarre maternity ward mishap As Will makes his way from infancy to manhood in a family that careens from continent to continent one wonders where the Laments will ever belong In Bahrain Howard takes a job with an oil company and young

Will makes his first friend But in short order he is wrenched off to another land his mother s complicated friendship with the American siren Trixie Howitzer causing the family to bolt In Northern Rhodesia during its last days as a white colony the twin enfants terribles Marcus and Julius are born and Will falls for the gardener s daughter a girl so vain that she admires her image in the lid of a biscuit tin But soon the family s life is upturned again this time by their neighbor Major Buck Quinn with his suburban tirades against black self rule Envisioning a more civilized life on the sceptered isle the Laments board an ocean liner bound for England Alas poor Will is greeted by the tribal ferocity of his schoolmates and a society fixated on the Blitz No sooner has he succumbed to British pop culture in the guise of mop top Sally Byrd and her stacks of 45s than the Laments uproot themselves once again and it s off to New Jersey where life deals crisis and opportunity in equal measure Undeniably eccentric the Laments are also universal Every family moves on in life Children grow up things are left behind there is always something to lament Through the Lament s restlessness responses to adversity and especially their unwieldy love for one another George Hagen gives us a portrait of every family that is funny tragic and improbably true **A**
