Land Policy In Palestine:

Land Policy in Palestine Abraham Granott,1976 **Land Ownership** Annie Murray Hannay,1953 *Our Fund* ,1929

Land Law and Policy in Israel Haim Sandberg,2022-07-05 As one of the smallest and most densely populated countries in the world the State of Israel faces serious land policy challenges and has a national identity laced with enormous internal contradictions In Land Law and Policy in Israel Haim Sandberg contends that if you really want to know the identity of a state learn its land law and land policies Sandberg argues that Israel s identity can best be understood by deciphering the code that lies in the Hebrew secret of Israeli dry land law According to Sandberg by examining the complex facets of property law and land policy one finds a unique prism for comprehending Israel s most pronounced identity problems Land Law and Policy in Israel explores how Israel s modern land system tries to bridge the gaps between past heritage and present needs nationalization and privatization bureaucracy and innovation Jewish majority and non Jewish minority legislative creativity and judicial activism The regulation of property and the determination of land usage have been the consequences of explicit choices made in the context of competing and evolving concepts of national identity Land Law and Policy in Israel will prove to be a must read not only for anyone interested in Israel but also for anyone who wants to understand the importance of land law in a nation s life **The Maccabean** ,1919 Bibliographical Bulletin United States. Department of Agriculture,1952 **Land, Labor and the Origins of the Israeli-Palestinian Conflict, 1882-1914** Gershon Shafir,1996-08-19 A groundbreaking analysis of the dynamics of Jewish Arab relations Roger Owen author of The Middle East in the World Economy 1800 1914 Very rarely does a scholar set out to do or accomplish as much as has Gershon Shafir in this splendid book about the origins of the Yishuv Ian Lustick President of the Israel Studies Association *The Nation* ,1920 Indigenous Land Rights in Israel Morad Elsana,2020-11-29 Introducing the Negev Bedouin land issue from the international indigenous land rights perspective this comparative study suggests options for the recognition of their land The book demonstrates that the Bedouin land dispossession like many indigenous peoples progressed through several phases that included eviction and displacement legislation and judicial decisions that support acts of dispossession and deny the Bedouin s traditional land rights Examining the Mawat legal doctrine on which the State and the Court rely on to deny Bedouin land rights this volume introduces the relevant international law protecting indigenous land rights and shows how the limitations of this law prevent any meaningful protection of Bedouin land rights In the second part of the work the Aborigines land in Australia is introduced as an example of indigenous peoples successful struggle for their traditional land rights The final chapter analyzes the basic elements of judicial recognition of the land and shows that the basic elements needed for Bedouin land recognition exist in the Israeli legal system Proposing practical recommendations for the recognition of Bedouin land this volume is a key resource to scholars and students interested in land rights international law comparative studies and the Middle East **Land Rights, Ethno-nationality and Sovereignty in History** Stanley Engerman,Jacob Metzger,2004-08-02

The complex relationships between ethno nationality rights to land and territorial sovereignty have long fed disputes over territorial control and landed rights between different nations ethnicities and religions These disputes raise a number of interesting issues related to the nature of land regimes and to their economic and political implications The studies drawn together in this key volume explore these and related issues for a broad variety of countries and times They illuminate the diverse causes of ethno national land disputes and the different forms of adjustment and accommodation to the power differences between the contesting groups This is done within a framework outlined by the editors in their analytical overview which offers contours for comparative examinations of such disputes past and present Providing conceptual and factual analyses of comparative nature and wealth of empirical material both historical and contemporary this book will appeal to economic historians economists political scientists sociologists anthropologists and all scholars interested in issues concerning ethno nationality and land rights in historical perspective

Handling, Transportation, Storage, and Marketing of Peaches Mark Hughlin Haller, 1952 **Bibliographical Bulletin**, 1953 **The Maccabæan**, 1915 *Land Policy in Palestine* Abraham Granovsky, 1976 **Emptied Lands** Alexandre Kedar, Ahmad Amara, Oren Yiftachel, 2018-02-27

Emptied Lands investigates the protracted legal planning and territorial conflict between the settler Israeli state and indigenous Bedouin citizens over traditional lands in southern Israel Palestine The authors place this dispute in historical legal geographical and international comparative perspectives providing the first legal geographic analysis of the dead Negev doctrine used by Israel to dispossess and forcefully displace Bedouin inhabitants in order to Judaize the region The authors reveal that through manipulative use of Ottoman British and Israeli laws the state has constructed its own version of terra nullius Yet the indigenous property and settlement system still functions creating an ongoing resistance to the Jewish state Emptied Lands critically examines several key land claims court rulings planning policies and development strategies offering alternative local regional and international routes for justice

Handling, Transportation, Storage, and Marketing of Peaches Lewis Paul McCann, Mark Hughlin Haller, William Adams Dayton, 1952 *The Palestinian Peasant Economy Under the Mandate* Amos Nadan, 2006

Challenging the claim that Palestine's peasant economy progressed during the 1920s and 1930s Amos Nadan skillfully integrates a wide variety of sources to demonstrate that the period was actually one of deterioration on both the macro per capita and micro levels The economy would have most likely continued its downward spiral during the 1940s had it not been for the temporary prosperity that resulted from World War II Nadan argues that this deterioration continued despite the British authorities channeling of funds from the Jewish sector and the wealthier Arab sectors into projects for the Arab rural economy The British were hoping that Palestine's peasants would not rebel if their economic conditions improved These programs were on the whole defective because the British chose programs based on an assumption that the peasants were too ignorant to manage their farms wisely instead of working with the peasants and their own institutions

The Routledge Handbook of the History of Settler Colonialism Edward Cavanagh, Lorenzo

Veracini, 2016-08-12 The Routledge Handbook of the History of Settler Colonialism examines the global history of settler colonialism as a distinct mode of domination from ancient times to the present day It explores the ways in which new polities were established in freshly discovered New Worlds and covers the history of many countries including Australia New Zealand Israel Japan South Africa Liberia Algeria Canada and the USA Chronologically as well as geographically wide reaching this volume focuses on an extensive array of topics and regions ranging from settler colonialism in the Neo Assyrian and Roman empires to relationships between indigenes and newcomers in New Spain and the early Mexican republic to the settler dominated polities of Africa during the twentieth century Its twenty nine inter disciplinary chapters focus on single colonies or on regional developments that straddle the borders of present day states on successful settlements that would go on to become powerful settler nations on failed settler colonies and on the historiographies of these experiences Taking a fundamentally international approach to the topic this book analyses the varied experiences of settler colonialism in countries around the world With a synthesizing yet original introduction this is a landmark contribution to the emerging field of settler colonial studies and will be a valuable resource for anyone interested in the global history of imperialism and colonialism

Land Expropriation in Israel Yifat Holzman-Gazit, 2016-04-22 Historically Israel's Supreme Court has failed to limit the state's powers of expropriation and to protect private property This book argues that the Court's land expropriation jurisprudence can only be understood against the political cultural and institutional context in which it was shaped Security and economic pressures the precarious status of the Court in the early years the pervading ethos of collectivism the cultural symbolism of public land ownership and the perceived strategic and demographic risks posed by the Israeli Arab population all contributed to the creation of a harsh and arguably undemocratic land expropriation legal philosophy This philosophy the book argues was applied by the Supreme Court to Arabs and Jews alike from the creation of the state in 1948 and until the 1980s The book concludes with an analysis of the constitutional change of 1992 and its impact on the legal treatment of property rights under Israeli law

State, Society and Land in Jordan Michael Fischbach, 2000-09-12 This work examines how state and society conceptualized land ownership in Transjordan Jordan from the late Ottoman era through the 1950s and how the resulting interaction between them shaped the socio economic and political contours of modern Jordan Based on archival and governmental records in Jordan Israel Britain and the United States the study links land tenure in Jordan with the successful political viability of that country The book details Ottoman British and Jordanian land and taxation policies and explains the varying degrees of cooperation with these exhibited by landowners It notes the impact of the policies upon land tenure and upon popular conceptualizations of what property and even Jordan meant It also studies the political consequences of Jordanian land policy for both Zionists and Palestinians
