## **Land That Isn't There Inscribed:**

**The Inscription of Queen Katimala at Semna** John Coleman Darnell, 2006-12-31 This is the first complete translation and commentary on the important tableau and inscription of Queen Katimala Karimala at Semna. Proper understanding of the paleography, grammar, and content reveals Katimala to have been a Nubian ruler at the time of the Twenty First to Twenty Second Dynasties of Ancient Egypt. She emerges as a political and military leader who took control of at least Lower Nubia in the wake of failed military activities on the part of a male predecessor. Katimala's inscription is not illegible as has often been stated but is a well composed Lower Nubian example of a politico religious manifesto applying many of the conventions of early Egyptian literary and historical compositions.

*The Economic History of India*, 2023-07-30 The economic history of early India is a rich and diverse area of study covering agricultural developments, trade, markets, occupation, and professional groups, urbanization, and the institutions that govern the economy. Recent research has expanded our understanding of the processes of transformation of the economy in different temporal contexts within the Indian sub continent. They have particularly led us to explore connected histories given the trans continental trading networks and movements of people from very early times. This volume seeks to draw attention to this vast and unexplored terrain in the economic history of early India by bringing together essays on a new and rich historiography. Essays in the volume cover neglected regions, economic processes, and structures. Scholars have looked at questions of settlements, crops that were cultivated, and market orientation. Essays cover material culture and provide insights into how early Indians lived, what kinds of activities they were engaged in, and how they organized their production activities within and outside domestic spaces. Further, the volume brings new insights on hierarchy of settlement types, nature of exchange, and the significance of a nodal site in exchange networks. Maritime history as well as the understanding of trade in its varied forms and manifestations are covered in several essays.

*Elihu Root Collection of United States Documents Relating to the Philippine Islands*, 1906 *Indian Antiquary*, 1887 At a time when each Society had its own medium of propagation of its researches in the form of Transactions, Proceedings, Journals, etc, a need was strongly felt for bringing out a journal devoted exclusively to the study and advancement of Indian culture in all its aspects. This encouraged Jas Burgess to launch the Indian antiquary in 1872. The scope was in his own words as wide as possible, incorporating manners and customs, arts, mythology, feasts, festivals, and rites, antiquities, and the history of India. Another laudable aim was to present the readers abstracts of the most recent researches of scholars in India and the West. Indian antiquary also dealt with local legends, folklore, proverbs, etc. In short, Indian antiquary was entirely devoted to the study of MAN, the Indian in all spheres.

**Jesus—The Portrait and Inscription of God** George Paki, If we want to understand what God was telling John about the future, we need to first understand what John understood. Professor Jon Paulien, Loma Linda University, USA. In *Jesus: The Portrait and Inscription of God*, the author pours his years of research into addressing the issue that Jon Paulien highlights. Paki builds an intriguing case

for a dual focused method of interpreting Revelation He uses this method to show i that Revelation was written primarily to John and his initial audience ii that the same prophecies also speak to us with clarity and force iii Then he wonders if God intentionally used the same material to speak to an audience then and now When this method is applied to Revelation 1 3 the text does come alive Deep theological truths and nuggets extracted are way too many to recount in a single book In fact this fresh approach minimizes most of our interpretive issues and enhances our understanding and appreciation of the apocalyptic Christ Some of our leading scholars agree It is well written well laid out and has good solid biblical insights Good solid evidence for Revelation s high Christology Dr Kayle de Waal Avondale College Australia I found it thoughtful helpful and interesting to read The style of presentation is also very attractive Professor Jon Paulien Loma Linda University USA You have clearly shown the relationship between Revelation 1 3 with the rest of Revelation Dr Ross Cole Avondale College Australia The method used its interpretations and the theological insights are corroborated by other Johannine books the New Testament the Old Testament and the Spirit of Prophecy This volume will enhance the libraries of academics and laypeople alike

Roberson Journal of the American Research Center in Egypt Vol XL 2005      **Performing Indigenous Identities on the Contemporary Australian Stage** Susanne Thurow, 2019-08-21 Over the past 50 years Indigenous Australian theatre practice has emerged as a dynamic site for the discursive reflection of culture and tradition as well as colonial legacies leveraging the power of storytelling to create and advocate contemporary fluid conceptions of Indigeneity Performing Indigenous Identities on the Contemporary Australian Stage offers a window into the history and diversity of this vigorous practice It introduces the reader to cornerstones of Indigenous Australian cultural frameworks and on this backdrop discusses a wealth of plays in light of their responses to contemporary Australian identity politics The in depth readings of two landmark theatre productions Scott Rankin's *Namatjira* 2010 and Wesley Enoch Anita Heiss *I Am Eora* 2012 trace the artists engagement with questions of community consolidation and national reconciliation carefully considering the implications of their propositions for identity work arising from the translation of traditional ontologies into contemporary orientations The analyses of the dramatic texts are incrementally enriched by a dense reflection of the production and reception contexts of the plays providing an expanded framework for the critical consideration of contemporary postcolonial theatre practice that allows for a well founded appreciation of the strengths yet also pointing to the limitations of current representative approaches on the Australian mainstage This study will be of great interest to students and scholars of Postcolonial Literary Performance and Theatre Studies      The Australasian Pastoralists' Review, 1900      *Land of Sikyon* Yannis A.
