**Subways in History, Myth,
Art, Technology, & War**

"An extraordinarily comprehensive survey of the first order,
full of history, unusual details and new perceptions.
Fresh and significant." —*Louisa Mumford*

Labyrinths Of Iron Subways In History Myth Art Technology And War

Lorraine B. Diehl

Labyrinths Of Iron Subways In History Myth Art Technology And War:

Labyrinths of Iron Benson Bobrick,1994-03-01 Traces the history and development of subways focusing on the systems in London Paris and New York *Art and the Subway* Tracy Fitzpatrick,2009 Explores artistic production surrounding the world s most famous public transportation system from just before its opening in 1904 onwards Using images this work offers perspectives on ways in which the subway has been used as a subject about which to make art as a site within which to make art and as a canvas upon which to make art Subways Lorraine B. Diehl,2004 In *Subways* her highly anticipated follow up to *The Automat* Diehl sets off on another sentimental journey recounting the true story of a city transformed by underground passageways *The Race Underground* Doug Most,2014-02-04 In the late nineteenth century as cities like Boston and New York grew more congested the streets became clogged with plodding horse drawn carts When the great blizzard of 1888 crippled the entire northeast a solution had to be found Two brothers from one of the nation s great families Henry Melville Whitney of Boston and William Collins Whitney of New York pursued the dream of his city digging America s first subway and the great race was on The competition between Boston and New York played out in an era not unlike our own one of economic upheaval life changing innovations class warfare bitter political tensions and the question of America s place in the world *The Race Underground* is peopled with the famous like Boss Tweed Grover Cleveland and Thomas Edison and the not so famous from brilliant engineers to the countless sandhogs who shoveled hoisted and blasted their way into the earth s crust sometimes losing their lives in the construction of the tunnels Doug Most chronicles the science of the subway looks at the centuries of fears people overcame about traveling underground and tells a story as exciting as any ever ripped from the pages of U S history *The Race Underground* is a great American saga of two rival American cities their rich powerful and sometimes corrupt interests and an invention that changed the lives of millions *Transnational Railway Cultures* Benjamin Fraser,Steven D. Spalding,2021-10-15 Since the advent of train travel railways have compressed space and crossed national boundaries to become transnational icons evoking hope dread progress or obsolescence in different cultural domains Spanning five continents and a diverse range of contexts this collection offers an unprecedentedly broad survey of global representations of trains From experimental novels to Hollywood blockbusters the works studied here chart fascinating routes across a remarkably varied cultural landscape Subway John E. Morris,2020-10-06 This dynamic visual history of the world s largest transit system in all its intriguing colorful and even seedy glory is packed with fascinating facts and hundreds of compelling photographs When the first New York subway line opened in 1904 it was the most advanced in the world and a source of enormous civic pride Today it is an essential function to the lives of New Yorkers and a perennial cultural touchstone To be a New Yorker is to take the train To celebrate it or grumble about it *Subway The History Curiosities and Secrets of the New York City Transit System* by John E Morris is both a vivid history of this great transportation system and an exploration of its impact on the city and popular culture The book covers every remarkable

moment from the technical obstacles and corruption that impeded plans for an underground rail line in the 1800s to the current state of the system and plans for the future profiles of the colorful forgotten characters who built and restored the subway graphics and imagery showing the evolution of subway cars and the way fares are collected how subway etiquette rules have evolved with society great subway chase scenes and songs about the subway a look at abandoned stations and half built tunnels and more In this visually stunning work packed with original research journalist and bestselling author John Morris brings life to this one time engineering marvel that has united and expanded the city for the last 116 years **Wide As the Waters** Benson Bobrick, 2011-07-19 This gripping and accessible work of history religion and literary criticism chronicles the first English translation of the King James version of the bible through the tumultuous reigns of Henry VIII Edward VI Mary Tudor and Elizabeth I a time of fierce contest between Catholics and Protestants in England which took centuries to complete Next to the Bible itself the English Bible was and is the most influential book ever published The most famous of all English Bibles the King James Version was the culmination of centuries of work by various translators from John Wycliffe the fourteenth century catalyst of English Bible translation to the committee of scholars who collaborated on the King James translation Wide as the Waters examines the life and work of Wycliffe and recounts the tribulations of his successors including William Tyndale who was martyred Miles Coverdale and others who came to bitter ends as the struggle to establish a vernacular Bible was fought among competing factions In the course of that struggle Sir Thomas More later made a Catholic saint helped orchestrate the assault on the English Bible only to find his own true faith the plaything of his king In 1604 a committee of fifty four scholars the flower of Oxford and Cambridge collaborated on the new translation for King James Their collective expertise in biblical languages and related fields has probably never been matched and the translation they produced substantially based on the earlier work of Wycliffe Tyndale and others would shape English literature and speech for centuries As the great English historian Macaulay wrote of their version If everything else in our language should perish it alone would suffice to show the extent of its beauty and power To this day its common expressions such as labor of love lick the dust a thorn in the flesh the root of all evil the fat of the land the sweat of thy brow to cast pearls before swine and the shadow of death are heard in everyday speech The impact of the English Bible on law and society was profound It gave every literate person access to the sacred text which helped to foster the spirit of inquiry through reading and reflection This in turn accelerated the growth of commercial printing and the proliferation of books Once people were free to interpret the word of God according to the light of their own understanding they began to question the authority of their inherited institutions both religious and secular This led to reformation within the Church and to the rise of constitutional government in England and the end of the divine right of kings England fought a Civil War in the light and shadow of such concepts and by them confirmed the Glorious Revolution of 1688 In time the new world of ideas that the English Bible helped inspire spread across the Atlantic to America and eventually like Wycliffe s sea borne scattered ashes all

the world over as wide as the waters be

Wide as the Waters is a story about a crucial epoch in the history of Christianity about the English language and society and about a book that changed the course of human events **Angel in the Whirlwind** Benson Bobrick, 2011-01-11 Angel in the Whirlwind is the epic tale of the American Revolution from its roots among tax weary colonists to the triumphant Declaration of Independence and eventual victory and liberty recounted by Benson Bobrick lauded by The New York Times as perhaps the most interesting historian writing in America today Overwhelmed with debt following its victory in the French and Indian Wars England began imposing harsh new tariffs and taxes on its colonists in the 1760s Rebellion against these measures soon erupted into war Bobrick thrillingly describes all the major battles from Lexington and Concord to the dramatic siege of Yorktown when the British flag was finally lowered before patriot guns At the same time he weaves together social and political history along with the military history bringing to life not only the charismatic leaders of the independence movement but also their lesser known compatriots both patriot and loyalist English and American whose voices vividly convey the urgency of war Illuminated by fresh insight Angel in the Whirlwind is a dramatic narrative of our nation's birth in all its passion and glory Lifelines of Our Society Dirk Van Laak, 2023-08-01 A comprehensive history and examination of global infrastructures and the outsized role they play in our lives Infrastructure is essential to defining how the public functions yet there is little public knowledge regarding why and how it became today's strongest global force over government and individual lives Who should build and maintain infrastructures How are they to be protected And why are they all in such bad shape In Lifelines of Our Society Dirk van Laak offers broad audiences a history of global infrastructures focused on Western societies over the past two hundred years that considers all their many paradoxes He illustrates three aspects of infrastructure their development their influence on nation building and colonialism and finally how individuals internalize infrastructure and increasingly become not only its user but regulator Beginning with public works infrastructure in the nineteenth century carried the hope that it would facilitate world peace Van Laak shows how instead it transformed to promote consumerism's individual freedoms and our notions of work leisure and fulfillment Lifelines of Our Society reveals how today's infrastructure is both a source and a reflection of concentrated power and economic growth which takes the form of cities under permanent construction Symbols of power van Laak describes come with vulnerability and this book illustrates the dual nature of infrastructure's potential to hold nostalgia and inspire fear to ease movement and govern ideas and to bring independence to the nuclear family and control governments of the Global South **The Challenges of Ivan Illich** Lee Hoinacki, Carl Mitcham, 2012-02-01 This unique collection examines the man Utne Reader has called the greatest social critic of the twentieth century The essays all by people Illich has influenced personally discuss how his life and thought have affected conceptualization study and practice of psychotherapy notions about education ideas concerning the historical development of the text perceptions of technology as well as other topics All of Illich's books are discussed and his ideas on education theology technology anarchism and society

are examined in relationship to those of Ren Girard Karl Polanyi Emmanuel Levinas and Jacques Ellul Illich s previously unpublished paper offering a new view of conspiracy in European history is included Milton on Film Eric C.

Brown,2015-04-13 In January 2012 shooting was set to begin in Sydney Australia on the Hollywood backed production of Milton s Paradise Lost with Oscar nominee Bradley Cooper cast as Satan Yet just two weeks before the start of production Legendary Pictures delayed the project reportedly due to budgetary concerns and soon the company had suspended the film indefinitely Milton scholar Eric C Brown who was then serving as a script consultant for the studio sees his experience with that project as part of a long and perplexing story of Milton on film Indeed as Brown details in this comprehensive study Milton s place in the popular imagination and his extensive influence upon the cinema in particular has been both pervasive and persistent **Metropolis on the Styx** David L. Pike,2018-07-05 In Metropolis on the Styx David L Pike considers how

underground spaces and their many myths have organized ways of seeing thinking about and living in the modern city Expanding on the cultural history of underground construction in his acclaimed previous book Subterranean Cities Pike details the emergence of a vertical city in the imagination of nineteenth century Paris and London a city overseen by hosts of devils and undermined by subterranean villains a city whose ground level was replete with passages between above and below Metropolis on the Styx brings together a rich variety of visual and written sources ranging from pulp mysteries and movie serials to the poetry of Charles Baudelaire and the novels of Marcel Proust F Scott Fitzgerald and Elinor Glyn to the broadsheets and ephemera of everyday urban life From these materials Pike conjures a working theory of modern underground space that explains why our notions about urban environments remain essentially nineteenth century in character even though cities themselves have since changed almost beyond recognition Highly original in subject matter methodology and conclusions Metropolis on the Styx synthesizes a number of critical approaches periods of study and disciplines in the analysis of a single category of space the underground Pike studies the built environments and the textual and visual ephemera including little known or unknown archival material of Paris London and other cities in conjunction with canonical modern literature and art This book integrates a rich visual component photographs movie stills prints engravings paintings cartoons maps and drawings of actual and imagined subterranean spaces into the fabric of the argument

Subterranean Cities David L. Pike,2018-07-05 The underground has been a dominant image of modern life since the late eighteenth century A site of crisis fascination and hidden truth the underground is a space at once more immediate and more threatening than the ordinary world above In Subterranean Cities David L Pike explores the representation of underground space in the nineteenth and early twentieth centuries a period during which technology and heavy industry transformed urban life The metropolis had long been considered a moral underworld of iniquity and dissolution As the complex drainage systems underground railways utility tunnels and storage vaults of the modern cityscape superseded the countryside of caverns and mines as the principal location of actual subterranean spaces ancient and modern converged in a mythic space

that was nevertheless rooted in the everyday life of the contemporary city Writers and artists from Felix Nadar and Charles Baudelaire to Charles Dickens and Alice Meynell Gustave Doré and Victor Hugo George Gissing and Emile Zola and Jules Verne and H G Wells integrated images of the urban underworld into their portrayals of the anatomy of modern society Illustrated with photographs movie stills prints engravings paintings cartoons maps and drawings of actual and imagined urban spaces *Subterranean Cities* documents the emergence of a novel space in the subterranean obsessions and anxieties within nineteenth century urban culture Chapters on the subways sewers and cemeteries of Paris and London provide a detailed analysis of these competing centers of urban modernity A concluding chapter considers the enduring influence of these spaces on urban culture at the turn of the twenty first century **The Caliph's Splendor** Benson Bobrick, 2012-08-14 Traces the story of the celebrated late eighth and early ninth century caliph from The Thousand and One Nights against a backdrop of Baghdad's cosmopolitan culture and its complex influence on the Byzantine Empire and Frankish kingdom of Charlemagne *Master of War* Benson Bobrick, 2009-02-10 In this revelatory dynamic biography one of our finest historians Benson Bobrick profiles George H Thomas arguing that he was the greatest and most successful general of the Civil War Because Thomas didn't live to write his memoirs his reputation has been largely shaped by others most notably Ulysses S Grant and William Tecumseh Sherman two generals with whom Thomas served and who Bobrick says diminished his successes in their favor in their own memoirs Born in Virginia Thomas survived Nat Turner's rebellion as a boy then studied at West Point where Sherman was a classmate Thomas distinguished himself in the Mexican War and then returned to West Point as an instructor When the Civil War broke out Thomas remained loyal to the Union unlike fellow Virginia born officer Robert E Lee among others He compiled an outstanding record as an officer in battles at Mill Springs Perryville and Stones River At the Battle of Chickamauga Thomas at the time a corps commander held the center of the Union line under a ferocious assault then rallied the troops on Horseshoe Ridge to prevent a Confederate rout of the Union army His extraordinary performance there earned him the nickname The Rock of Chickamauga Promoted to command of the Army of the Cumberland he led his army in a stunning Union victory at the Battle of Chattanooga Thomas supported Sherman on his march through Georgia in the spring of 1864 winning an important victory at the Battle of Peachtree Creek As Sherman continued on his March to the Sea Thomas returned to Tennessee and in the battle of Nashville destroyed the army of Confederate General John Bell Hood It was one of the most decisive victories of the war and Thomas won it even as Grant was on his way to remove Thomas from his command When Grant discovered the magnitude of Thomas's victory he quickly changed his mind Thomas died of a stroke in 1870 while still on active duty In the entire Civil War he never lost a battle or a movement Throughout his career Thomas was methodical and careful and always prepared Unlike Grant at Shiloh he was never surprised by an enemy Unlike Sherman he never panicked in battle but always remained calm and focused He was derided by both men as Slow Trot Thomas but as Bobrick shows in this brilliant biography he was quick to analyze every

situation and always knew what to do and when to do it He was not colorful like Grant and Sherman but he was widely admired by his peers and some such as Grant's favorite cavalry commander General James H Wilson thought Thomas the peer of any general in either army He was the only Union commander to destroy two Confederate armies in the field Although historians of the Civil War have always regarded Thomas highly he has never captured the public imagination perhaps because he has lacked an outstanding biographer until now This informed judicious and lucid biography at last gives Thomas his due

Cincinnati Subway & Rail Rapid Transit Compilation Bob Diamond,2016-07-20 Perhaps the time has come to complete a greater Cincinnati rail transit system that's been over a century in the making

The Daily Reader Fred White,2009-10-13 Let Great Reading Fuel Your Writing Great writers read voraciously and across many topics and genres They read to learn to research to study the style of others and to improve their own work They read because they love the written word But becoming well read takes time dedication and patience The thought can be daunting especially when you're eager to get to your own writing Fred White author of The Daily Writer helps you sort through the plethora of reading material available by providing you with 366 engaging excerpts from ancient poetry to modern science on topics from allegory to food to writer's block Each thoughtfully chosen excerpt is followed by a brief reflection and a prompt that allows you to integrate elements from each piece into your own writing The Daily Reader makes broad reading accessible invigorates your thirst for the written word and equips you to put the power of the pros behind your writing

Greater Gotham Mike Wallace,2017-09-04 In this utterly immersive volume Mike Wallace captures the swings of prosperity and downturn from the 1898 skyscraper driven boom to the Bankers Panic of 1907 the labor upheaval and violent repression during and after the First World War Here is New York on a whole new scale moving from national to global prominence an urban dynamo driven by restless ambition boundless energy immigrant dreams and Wall Street greed Within the first two decades of the twentieth century a newly consolidated New York grew exponentially The city exploded into the air with skyscrapers jostling for prominence and dove deep into the bedrock where massive underground networks of subways water pipes and electrical conduits sprawled beneath the city to serve a surging population of New Yorkers from all walks of life New York was transformed in these two decades as the world's second largest city and now its financial capital thriving and sustained by the city's seemingly unlimited potential Wallace's new book matches its predecessor in pure page turning appeal and takes America's greatest city to new heights

Straphanger Taras Grescoe,2012-04-24 Taras Grescoe rides the rails all over the world and makes an elegant and impassioned case for the imminent end of car culture and the coming transportation revolution I am proud to call myself a straphanger writes Taras Grescoe The perception of public transportation in America is often unflattering a squalid last resort for those with one too many drunk driving charges too poor to afford insurance or too decrepit to get behind the wheel of a car Indeed a century of auto centric culture and city planning has left most of the country with public transportation that is underfunded ill maintained and ill conceived But as

the demand for petroleum is fast outpacing the world's supply a revolution in transportation is under way Grescoe explores the ascendance of the straphangers the growing number of people who rely on public transportation to go about the business of their daily lives On a journey that takes him around the world from New York to Moscow Paris Copenhagen Tokyo Bogot Phoenix Portland Vancouver and Philadelphia Grescoe profiles public transportation here and abroad highlighting the people and ideas that may help undo the damage that car centric planning has done to our cities and create convenient affordable and sustainable urban transportation and better city living for all **The Fated Sky** Benson Bobrick, 2006-11-14 The Fated Sky looks at famous figures and important historical events that were influenced by astrology

Labyrinths Of Iron Subways In History Myth Art Technology And War Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Labyrinths Of Iron Subways In History Myth Art Technology And War free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Labyrinths Of Iron Subways In History Myth Art Technology And War free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While

downloading Labyrinths Of Iron Subways In History Myth Art Technology And War free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Labyrinths Of Iron Subways In History Myth Art Technology And War. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Labyrinths Of Iron Subways In History Myth Art Technology And War any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Labyrinths Of Iron Subways In History Myth Art Technology And War Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks.
