**Ladder To The Moon** Allegra Taylor, 2011-08-31 In many parts of the world there is a gathering groundswell of women seeking to reclaim their own direct experience of spiritual vision The Goddess has become one of the most potent images of our time Women are personally and collectively recovering their voices Ladder to the Moon is a journey of discovery meetings with women like the author herself who are asking What happened to the feminine aspect of the Divine Was it ever there If it was can we reclaim it and come in from the cold How can a woman discouraged by the misogyny of most religions begin to find a meaningful path The book is warmly personal and anecdotal an Everywoman's search Reinvented Lives Charles Handy, Elizabeth Handy, 2011-03-31 Twenty eight women ranging from Anita Roddick and Prue Leith to less well known names write their own personal stories which are accompanied by Elizabeth Handy's black and white photographs and an introductory essay by Charles Handy This generation of women is entering the sixties more healthy more educated and more energetic than most of their mothers The subjects in this book provide the models for what has become for the first time a new age for many women Released from most of the cares and responsibilities that accompany midlife for women they are free to reinvent themselves to give more time to their career or calling or to luxuriate in the serenity and friendships that few had time for in the past Some enter new relationships some start new careers or go back to study some find that their work is only now reaching its peak Many have survived traumas and tragedies but the past is just the prologue as one of them explains *Ladder to the Moon* Allegra Taylor, 1999-01 The British National Bibliography Arthur James Wells, 2002

In Search of Mary Sally Cunneen, 2010-12-15 Mary relic of the religious past or beacon of the future Mary is more alive today than she was in the early Christian church surfacing in art and worship in almost every culture on earth Her appeal bridges the gap between the devotional and the secular the uneducated and the sophisticated But who is Mary and what exactly does she symbolize How did a humble Jewish girl become the most honored woman in human history Why is there so little about Mary in the Bible and so much about her in the art and history of Christianity East and West And why in an age dominated by science and technology does devotion to Mary persist In Search of Mary is Sally Cunneen's provocative response to these questions As Cunneen eloquently points out in order to see Mary whole it is important to look at all the different visions and versions of her revisiting history through the eyes of a present day searcher Including the latest findings by historians anthropologists and psychologists as well as art historians and religious scholars In Search of Mary reveals what we know about the life of Mary follows the history and development of her image over the last two thousand years and explores the different ways that Mary has transformed the lives of people today As we struggle for greater unity in a divided world In Search of Mary shows us a woman who can touch all people regardless of their backgrounds She is a profound reminder of the presence of the holy in ordinary life Living In The Lap of Goddess Cynthia Eller, 1995-12-20 A fascinating introduction to one of the fastest growing religious movements in the United States today Through interviews participant
